PART I.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 7th July 1914.

READ AGAIN—

Para 5 of Government Order No. R. 8644-53—L. R. 430-13-4, dated the 4th May 1914, placing a lumpsum of Rs. 5,000 at the disposal of Deputy Commissioners to enable them to sanction temporary establishments to cope with the work connected with the Village Improvement Scheme.

No. R. 184-94—L. R. 10-14-3, DATED BANGALORE, 7TH JULY 1914.

ORDER THEREON.—The question whether any additional establishment was necessary to enable the Amildars, the Revenue Sub-Division Officers and the Deputy Commissioners to carry on the work devolving upon them under the Village Improvement Scheme, was discussed at a Conference of Deputy Commissioners at the last Birthday. They were all of opinion that owing to increase of work that has resulted from the activities of the Economic Conference and the introduction of the Village Improvement Scheme, the existing establishment has proved inadequate to cope with the work and that the appointment of an additional clerk to attend to such extra work was necessary.

2. Government have carefully considered the proposal for the additional establishment asked for and are pleased to sanction for a period of one year the services of a clerk on Rs. 15 for each of the taluk offices to help the Amildars in Village Improvement and Economic Conference work. An additional clerk is not required for a Sub-Taluk. These clerks will be entertained only from the date from which the temporary establishment sanctioned in the Government Order referred to in the preamble is dispensed with. The cost of this additional establishment will be Rs. 12,240 which will be charged in equal proportions to Mis. 26 (4) "contributions, grant-in-aid to village improvements" and the Economic Conference.

3. Government do not consider it necessary to sanction additional establishment for the Offices of the Deputy Commissioner and the Sub-Divisional Officers.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Comptroller, Mysore Government, through Branch II.
The Secretary, Mysore Economic Conference.

Exd.—C. R.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 1st July 1914.

READ AGAIN—

Paragraph 6 of Government Order No. R. 6058-6107—L. R. 430-13-1, dated the 6th February 1914, laying down instructions as to the manner in which Village Committees may be constituted.

No. R. 8-17—L. R 10-14-1, DATED BANGALORE, 1ST JULY 1914.

ORDER THEREON.—When the Village Improvement Scheme was discussed at a meeting of Deputy Commissioners during the Birthday week at Mysore, the following difficulties were brought to notice in connection with the appointment of Committees:—

(1) As the Committees already appointed have not been in existence for more than six months, it would lead to considerable inconvenience if new Committees are to be again appointed during the year 1914-15.

(2) According to the Government Order read above, Village Committees can be formed only in villages or groups of villages containing not less than 300 inhabitants, but that it is not possible to adhere to these limits in the Malnad where there are few villages having 300 inhabitants or more and the villages are usually too small and situated too far apart to be easily grouped together.

2. Government have no objection to Deputy Commissioners exercising their discretion and continuing the existing Committees for another year. Each Deputy Commissioner is requested to satisfy himself that only such members as are likely to render useful service are retained on the Committees.

3. As regards the appointment of separate Committees for villages containing less than 300 inhabitants, Deputy Commissioners may exercise their discretion and sanction such Committees for 1914-15 wherever they are likely to be useful. A list of such cases may be reported to Government for information with reasons for deviating from the original order.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Comptroller, Mysore Government

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 18th July 1914.

READ AGAIN—

Government Order No. R. 747-57—L. R. 44-98-4, dated 18th July 1905, prescribing certain supplementary accounts to the village account Form No. 3 for noting detailed information regarding the total irrigable area and the area actually irrigated under each source of irrigation.

READ ALSO—

The summary of discussion in Subject No. 149 of the Representative Assembly proceedings of 1911, stating that the preparation of the new accounts annually throws unnecessary work on the village officers, and that only the entries therein may be revised whenever changes occur either in the sources of irrigation or the area irrigated.

2. Letter No. 408, dated 12th July 1911, from the Revenue Commissioner in Mysore, stating that 3 out of the 4 accounts in question, *viz.*, 3 C, 3 D, and 3 E are such that they have to be renewed every year as the areas under cultivation and irrigation vary from year to year.

3. Letter No. 3743, dated 30th August 1913, from the same Officer furnishing further information on the subject.

No. R. 422-31—L. R. 530-11-5, DATED BANGALORE, 18TH JULY 1914.

ORDER THEREON.—Government agree with the Revenue Commissioner that it is not necessary to alter the existing practice as regards the accounts Nos. 3 C, 3 D, and 3 E. They may continue to be prepared every year as they deal with the actual area under irrigation which varies from year to year. With regard to account No. 3 B, it would be sufficient if it is written up once in five years, all changes occurring in the interval being noted therein, as they occur, as in the case of changes in the entries in the Khetwar register.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Superintendent, Revenue Survey in Mysore.
The Deputy Commissioners of Districts.

Exd.—C. R.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 14462, dated the 3rd June 1914, from the Revenue Commissioner in Mysore, submitting for orders of Government copy of letter No. 1043, dated 19th May 1914, from the Deputy Commissioner, Mysore District, soliciting instructions as to the form in which the village statistics collected under Government Order No. 6058-6107—L. R. 430-13-1, dated the 6th February 1914, should be compiled.

No. R. 371-80—L. R. 10-14-7, DATED BANGALORE, 13TH JULY 1914.

ORDER THEREON.—Under the Government Order dated the 6th February 1914, referred to in the preamble, the responsibility for the final compilation of the statistics rests with the Revenue Commissioner, and it would have been well if that Officer had himself proposed in time a suitable form for adoption for preparing the consolidated return. As the returns have to be compiled before the end of July in the taluks, Government are pleased to direct that the form appended to this order may be adopted during the current year. The Revenue Commissioner is requested to consult the Deputy Commissioners and submit proposals for its revision, if necessary, before the next year's returns have to be compiled. The same form may be adopted for the hobli, the taluk and the district.

2. The Superintendent, Government Press, will print and supply copies of the form as indicated in the annexed list.

3. As copies of the form will be sent to the taluks direct from the Press, the Amildars and other officers concerned will be expected to adhere to the dates prescribed for the preparation and submission of the return.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 27th July 1914.

READ—

Government Order No. R. 6058-6107—L. R. 430-13-1, dated the 6th February 1914, laying down outlines of the Village Improvement Scheme

---

No. R. 661-72—L. R. 10-14-13, DATED BANGALORE, THE 27TH JULY 1914.

ORDER THEREON.—With reference to paragraph 7 of the Government Order read above, a booklet in *Kannada* containing a few simple rules relating to Village Prosperity and Sanitation is forwarded to the Deputy Commissioners of Districts.

2. The rules were prepared after discussion with several officers and leading non-official gentlemen. The Deputy Commissioners are requested to supply Village Committees with copies with a view to their being read at the weekly meetings. Government hope that in course of time the suggestions made in the Rules will come to be adopted in daily practice by the masses of the population.

3. The Inspector-General of Education is requested to send copies of the booklet to all schools in rural areas and issue instructions to the village school masters to persuade the boys of the village schools to follow the principles therein inculcated as far as possible.

4. The Inspector-General of Education and the Deputy Commissioners are informed that the booklet can be had from the Superintendent, Government Press, who will have a sufficient number of copies printed and kept ready for distribution.

5. The cost of the compilation will be debited to "26. Miscellaneous, (4) Contribution, Grant-in-aid for Village Improvements" in the current year's budget.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore, with 6 copies of the compilation.

The Deputy Commissioners of Districts, with copies as per statement annexed.

The Inspector-General of Education in Mysore, with 6 copies.

The Secretary to the Economic Conference, with 5 copies.

The Superintendent, Government Press, with a request that he may arrange to print at once 5,000 copies of the booklet in English and 20,000 in Kannada.

Exd.—C. R.

	Deputy Commissioner		Revenue Sub-Division Officers at the rate of 3 copies each		Amildars and Deputy Amildars at the rate of 3 copies each		Each Hobli Shekdar at the rate of 2 copies	Total number of copies sent to each Deputy Commissioner

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ AGAIN—

Government Notification No. R. 5203—L. R. 254-04-4, dated the 13th February 1904, ordering the reconstitution of hoblis in the Chitaldrug District.

READ—

(1) Letter No. 7557, dated the 10th December 1913, from the Revenue Commissioner in Mysore, recommending for sanction the proposal of the Deputy Commissioner, Chitaldrug District, for the transfer of the marginally noted eleven villages from the Bilchode Hobli of the Jagalur Taluk, to the Sokke Hobli of the same taluk, to equalize the work of the Shekdars of the two hoblis.

1. Gurusiddapura
2. Magodi
3. Agasanahalli
4. Basavankote
5. Jadunkatte
6. Siddaiyanakote
7. Varavenahalli
8. Rangaiyanadurga
9. Ujjappavaderahalli
10. Chelkatte
11. Guddanaikanhalli

(2) Un-official Note No. 42, dated the 24th February 1914, from the Superintendent of Revenue Survey and Settlement, suggesting that besides the transfers proposed by the Deputy Commissioner, the Kankuppe Firka consisting of *seven villages and of ten villages as noted in the margin may be transferred from the Jagalur Hobli to the Sokke and Bilchode Hoblis, respectively, as the work of the Shekdars of the three hoblis will be equalized thereby, although the hobli headquarters of the two firkas will be removed farther away than that of the hobli to which they are now attached.

*(1) Kankuppe, (2) Kelagote, (3) Kenchenahalli, (4) Papadevanahalli, (5) Chikkammanahalli, (6) Giddanakatte and (7) Bhairanaikanhalli.

Rastemachikere Firka consisting

(1) Rastemachikere, (2) Mallammanahalli, (3) Bullahalli, (4) Chamapura, (5) Thotadagadde, (6) Aiyanahalli, (7) Huchapapanahalli, (8) Mushtigarahalli, (9) Bagganahalli and (10) Linganamanahalli.

3. Letter No. 14654, dated the 8th June 1914, from the Revenue Commissioner in Mysore, concurring with the views of the Deputy Commissioner, that the Survey Superintendent's proposals may also be sanctioned except the change of headquarters of the hoblis.

No. R. 687-8—L. R. 375-13-4, DATED BANGALORE, 28TH JULY 1914.

ORDER THEREON.—The Jaglur Taluk consists of three hoblis as noted below:—

Name of hobli	No. of villages	Area in square miles	Revenue
			Rs.
1. Jagalur	75	172	42,856
2. Bilchode	61	132	30,718
3. Sokke	32	66	9,560

As Sokke Hobli is the smallest of the three hoblis, both in extent and revenue, and as Jagalur Hobli admits of reduction as proposed by the Survey Superintendent, Government agree with the Heads of the Revenue and the Survey Departments that it is desirable to equalize the work of the Shekdars of the three hoblis by the proposed transfers of villages. They are accordingly pleased to approve of the redistribution of the villages as indicated in the appended notification.

2. These changes will not in any way affect the headquarters of the hoblis.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore (returning the enclosures).
The Superintendent of Revenue Survey and Settlement in Mysore.

Exd.—C. R.

Land Revenue, dated 28th July 1914.

Notification No.R. 689—L. R. 375-13-5, dated Bangalore, the 28th July 1914.

The Government of His Highness the Maharaja are pleased to order the following redistribution of villages among the hoblis of the Jaglur Taluk, Chitaldrug District, in modification of that ordered in Government Notification No. R. 5203—L. R. 254-04-4, dated the 13th February 1904, in regard to the Jaglur Taluk.

(i) *Villages to be transferred from the Jagalur to the Bilchode Hobli.*

1. Rastemachikere.
2. Mallammanahalli
3. Bullahalli
4. Chennapura
5. Totadagadde
6. Aiyanahalli
7. Huchapapanahalli
8. Mushtigarahalli
9. Bagganahalli
10. Lingammanahalli.

(ii) *Villages to be transferred from the Jagalur to the Sokke Hobli.*

1. Kankuppe
2. Kelagote
3. Kenchenahalli
4. Papadevanahalli
5. Chikkammanahalli
6. Giddankatte
7. Bhairanaikanhalli.

(iii) *Villages to be transferred from the Bilchode to the Sokke Hobli.*

1. Gurusiddapura
2. Magodi
3. Agasanahalli
4. Basavanakote
5. Jadanakatte
6. Siddaiyanakote
7. Varavenhalli
8. Rangaiyanadurga
9. Ujjappavaderahalli
10. Chelkatte
11. Guddanaikanhalli

2. With the changes ordered above, the number of villages in the three hoblis of Jagalur, Bilchode and Sokke will be as noted below :—

Jagalur	...	...	58 villages.
Bilchode	...	...	57 „
Sokke	...	...	49 „

By Order,
D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 29th July 1914.

READ—

Letter No. 10204, dated the 12th February 1914, from the Revenue Commissioner in Mysore, stating that, under Government Order No. 8408, dated the 29th March 1903, he sanctioned the splitting up of the Shanbhogi Firkas of Ejur and Bekre in the Hunsur Taluk into three charges with the result that under the Potgi Rules the aggregate potgi amount had to be increased by Rs. 13-4-0 and that the Comptroller has taken objection to the payment of the increased potgi without the special sanction of Government thereto, and requesting clear instructions as to whether he is not competent to split up shanbhogi firkas without obtaining Government sanction when the splitting up results in an increase of the aggregate amount of the potgi.

No. R. 753-63—L. R. 441-13-2, DATED BANGALORE, 29TH JULY 1914.

ORDER THEREON.—Under Section 6 of the Village Offices Regulation, the power to order the regrouping of villages comprised in shanbhogi firkas is vested in Government. There is no provision in the Regulation for the delegation of this power to the Revenue Commissioner. The Revenue Commissioner's order directing the regrouping of the Firkas in question was passed on the 29th March 1913, *i.e.*, long after the Regulation came into force. The Government Order of 1903, on which the Revenue Commissioner's order is apparently based, being inconsistent with the provisions of the Regulation must be deemed inoperative. All such cases must, therefore, be submitted for the orders of Government.

2. In the present case, the Revenue Commissioner's order referred to above, is confirmed.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore, with the records.
The Superintendent, Revenue Survey and Settlement.
The Comptroller, Mysore Government.
The Deputy Commissioners of Districts.

Exd.—C. R.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 15327, dated 24th June 1914, from the Revenue Commissioner in Mysore, forwarding a copy of his official memo No. 15319-26, dated 24th June 1914, reviewing and consolidating the District budget estimates under the irrigation cess fund for the year 1914-15. (Printed as accompaniment No. 1.)

2. Memorandum No. 6273, dated 30th June 1914, from the Chief Engineer of Mysore, forwarding a copy of his notes on the above. (Printed as accompaniment No. 2.)

3. Letter No. 14—19, dated 2nd July 1914, from the Revenue Commissioner in Mysore, forwarding the District budget estimates and a * statement received from the Comptroller showing the probable opening balance of the fund on 1st July 1914. (Printed as accompaniment No. 3.)

* (Printed as enclosure to the above.)

No. R. 847-57—L. R. 602-13-5, DATED BANGALORE, 31ST JULY 1914.

ORDER THEREON.—The estimated receipts for the several districts are as follow:—

ipts.

	Rs.		Rs.
Bangalore ...	... 27,454	Hassan ...	... 29,346
Kolar ...	... 39,477	Shimoga ...	... 50,302
Tumkur ...	... 39,723	Kadur ...	... 18,849
Mysore ...	... 45,294	Chitaldrug ...	... 14,633
		Grand Total	... 2,65,078

Compared with the figures for 1913-14, the receipts for Tumkur and Chitaldrug show an increase of Rs. 3,827 and Rs. 716, respectively, and those for Shimoga a decrease of Rs. 1,628. The other districts present no appreciable variation. After omitting receipts from a few minor works in the Tumkur District, the Revenue Commissioner estimates the total receipts for the State at Rs. 2,62,000. As the opening balance on 1st July 1914 as estimated by the Comptroller was Rs. 2,05,372, the probable total assets for the year amount to Rs. 4,67,372 or Rs. 4,67,000 in round numbers as against Rs. 3,86,600 for 1913-14. The estimates are accepted.

iture. 2. The modifications of the grants suggested by the Chief Engineer and agreed to by the Revenue Commissioner are sanctioned. The allotment of Rs. 12,000 for the annual maintenance of the Marikanive dam and channels proposed by the Chief Engineer is also approved. The proposed total grant of Rs. 2,17,000 (in even thousands) for the year as against Rs. 2,14,000 for 1913-14 is hereby sanctioned, and the amount will be distributed among the districts as follows:—

Districts	Incomplete works	Fresh works	River channels	Total
	Rs.	Rs.	Rs.	Rs.
Bangalore	5,000	3,000	...	8,000
Kolar	5,000	15,000	...	20,000
Tumkur	2,653	25,347	...	28,000
Mysore	8,067	10,392	52,541	71,000
Hassan	2,500	8,677	16,823	28,000
Shimoga	7,978	12,022	...	20,000
Kadur	736	9,264	...	10,000
Chitaldrug	5,000	15,000	...	20,000
Marikanive	...	...	12,000	12,000
Total ...	36,934	98,702	81,364	2,17,000

Establishment charges at 17½ per cent	...	37,960
Tools and plant charges at ½ per cent	...	1,040
Total	...	39,000
Grand Total	...	2,56,000

Proceedings of the Government of His Highness the Maharaja of Mysore,

3. The question of distributing expenditure on the basis of receipts from each district is under the consideration of Government, and orders will separately issue.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To —The Revenue Commissioner in Mysore, returning District budget estimates.
The Chief Engineer of Mysore.
The Comptroller, Mysore Government.
The Deputy Commissioners of Districts.

Exd.—C. R.

Land Revenue, dated 31st July 1914.

ACCOMPANIMENT No. 1.

Official Memorandum No. 15319-26, dated 24th June 1914, from the Revenue Commissioner in Mysore.

The marginally noted communications from the several Deputy Commissioners and Presidents of District Boards submitting the budget estimates of receipts and expenditure under the irrigation cess fund for the year 1914-15.

No. 812, dated 18th April 1914, Bangalore.
No. 1281, dated 26—30th March 1914, Kolar.
No. 579, dated 3—15th March 1914, Tumkur.
No. 1006, dated 6th May 1914, Mysore.
No. 352, dated 2nd March 1914, Hassan.
No. 504, dated 19th February 1914, Kadur.
No. 936, dated 1st June 1914, Shimoga.
No. 631, dated 29th May 1914, Chitaldrug.

I. Receipts.—The estimated receipts for the several districts are as follows:—

	Rs.		Rs.
Bangalore ...	... 27,454	Hassan ...	... 29,316
Kolar ...	... 39,477	Shimoga ...	... 50,302
Tumkur ...	... 39,723	Kadur ...	... 18,819
Mysore ...	... 45,294	Chitaldrug ...	... 14,633
		Total	...2,65,078

The estimate of the Tumkur District for the ensuing year is somewhat higher than that furnished for the current year. Even after making allowance for a possible increase in the receipts due to revision settlement, the estimate may be slightly reduced and the total estimate of receipts to the fund for the year 1914-15 fixed at Rs. 2,62,000 as for the current year.

II. Expenditure.—The amounts required for expenditure in the several districts are as shown below:—

Districts	Incomplete works	Fresh works		Reserve lumpsum provision for unforeseen works	Total
		Tanks	River channels		
	Rs.	Rs.	Rs.	Rs.	Rs.
Bangalore	...	3,221	...	...	3,221
Kolar	5,000	15,000	...	...	20,000
Tumkur	2,653	50,547	...	...	53,200
Mysore	8,067	...	52,541	16,392	77,000
Hassan	2,500	9,710	16,823	...	29,033
Shimoga	7,978	12,522	...	...	20,500
Kadur	736	11,044	...	...	11,780
Chitaldrug	...	31,382	...	...	31,382
Total ...	26,934	1,33,426	69,364	16,392	2,46,116

The proportionate cost of establishment, tools and plant would be Rs. 44,301 and the total expenditure as per estimate under consideration would amount to Rs. 2,90,417. This does not include the cost of incomplete works in the Bangalore and Chitaldrug Districts nor the cost of repairs to the Marikanive channels. It seems probable however that the estimate of Rs. 2,90,417 will be more than sufficient even if these items be taken into account, for it is larger than the highest sum spent during the last four years which was Rs. 2,40,601, the expenditure incurred during 1911-12. The estimates appear to have been drawn up as usual on no definite plan and include works, the cost of which may not be debitable to the irrigation Cess Fund.

The estimates of the Tumkur, Mysore, Hassan and Chitaldrug Districts for tank repairs call for some curtailment. If this is done, a lumpsum provision may be made for incomplete works in the Bangalore and Chitaldrug Districts. The Deputy Commissioner and President of the District Board of Shimoga has drawn special attention to the fact that in proportion to the amount of cess realized in the district the expenditure incurred is very small and states that a very large number of tanks throughout the district stand in need of repairs. He has therefore applied for an allotment of Rs. 25,000 to cover all expenditure debitable to this fund during the ensuing year. The Deputy Commissioner of the Chitaldrug District

states that a contribution from the Irrigation Cess Fund budget will have to be made next year to the three Tank Panchayet Committees that are about to be formed. No separate provision seems to be necessary for this purpose for when the Panchayets come into existence the necessary contribution which will only be in respect of a few tanks can easily be made from the ordinary provision made for works in the Irrigation Cess Fund budget or from the balance of the fund that may be available after making provision in the budget for the ordinary requirements of the year.

Allowing therefore the estimate for the Shimoga District to stand as proposed by the President of the District Board, the remaining estimates may be revised in the following manner:—

Districts	Incomplete works	Fresh works		Reserve lumpsum provision for unforeseen works	Total
		Tanks	River channels		
	Rs.	Rs.	Rs.	Rs.	Rs.
Bangalore	...	3,000	...	9,000	12,000
Kolar	5,000	15,000	...	...	20,000
Tumkur	2,653	30,347	...	...	33,000
Mysore	8,067	...	52,541	10,392	71,000
Hassan	2,500	8,677	16,823	...	28,000
Shimoga	7,978	522	...	13,500	22,000
Kadur	736	10,264	...	...	11,000
Chitaldrug	...	15,000	...	5,000	20,000
Total ...	26,934	82,810	69,364	37,892	2,17,000

		Rs.
1.	Total cost of works	217,000
2.	Establishment charges at 17½ per cent on cost of works ..	37,975
3.	Cost of tools, plant, etc., at ½ per cent on cost of works ...	1,085
	Total ...	2,56,060 or 2,56,000 in round numbers

It only remains to observe that the estimates of the Mysore, Chitaldrug and Shimoga Districts were received long after they fell due and the submission of the consolidated estimates to Government has therefore been delayed. The Deputy Commissioners and Presidents of District Boards are requested to be so good as to arrange for the submission of their estimates in future before the prescribed date, namely, 1st March.

ACCOMPANIMENT NO. 2.

Office Note by the Chief Engineer on Irrigation Cess Fund Budget Estimate for 1914-15.

Reference.—Revenue Commissioner's official memorandum No. 15319-26, dated the 24th June 1914, reviewing and consolidating the budget estimates under "Irrigation Cess Fund" for the year 1914-15.

The total expenditure under this head, as estimated by the Presidents of the several District Boards excluding establishment and tools and plant charges, amounts to Rs. 2,49,666 against Rs. 2,46,116 as given in the official memo. The difference, *viz.*, Rs. 3,550, is due to wrong totals entered under "fresh works" in the Kolar, Hassan and Shimoga Districts. The correct figures should be Rs. 15,050, Rs. 8,710 and Rs. 17,022 against Rs. 15,000, Rs. 9,710 and Rs. 12,522 respectively adopted by the Revenue Commissioner. The total amount that would be required as per detailed budgets submitted by the Presidents of the Districts Boards will come to Rs. 2,94,606 including establishment and tools and plant charges, but the Revenue Commissioner proposes to reduce it to Rs. 2,56,000.

2. *Bangalore District.*—From the budget estimate it is seen that in this district no provision is made for "Incomplete works" but some provision is necessary as there ought to be some works remaining incomplete at the end of the year. About Rs. 5,000 may be provided for this class and the sum of Rs. 9,000 applied for under "Reserve" may be reduced to this figure.

Land Revenue, dated 31st July 1914.

Revenue and register number of tanks not given.

Kolar District.—The amount required for fresh works is Rs. 15,050 and not Rs. 15,000 as stated by the Revenue Commissioner.

Tumkur District.—From the revenue derived, the following tank works appear to be minor works and they may be omitted.

	Rs.
(i) Repairing Vallur Oorumundinakere, Pavagada Taluk ...	500
(ii) Repairing Kadarasakatte Akkammankere (Pavagada Taluk) ...	300
(iii) Repairing Baragur tank, Chiknayakanhalli Taluk ...	2,270
(iv) Repairing the masonry works of Kallakere, Gubbi Taluk ...	500
(v) Repairing Nademanipur channel, Kunigal Taluk	500
Total ...	4,070

Moreover all the new works entered in the budget are not likely to be undertaken during the year. The grant for fresh works may therefore be reduced by Rs. 25,200.

Chitaldrug District.—Works which aggregate Rs. 13,182 and which are entered under "Fresh Works" as noted in the margin, appear to be of the nature of "original works" and are not therefore strictly classified under "Irrigation Cess Fund." No provision is made for incomplete works. About Rs. 5,000 may be provided for this class of works. The grant for the district may be fixed at Rs. 20,000.

	Rs.
Improving Mahadevapur tank	1,500
Restoring Kappanayakanhalli tank	6,000
Restoring Kaggalakatte ...	1,000
Restoring Arasangatte Chikkere	1,682
Restoring Sudarhalli Hirekere	1,000
Restoring Honnur tank ...	2,000
Total	13,182

Revenue of the tanks not given.

Mysore District.—No provision is made for fresh works. The sum of Rs. 16,392 provided for unforeseen works may be reduced by Rs. 6,000 and the balance of Rs. 10,392 may be utilised for fresh works.

Hassan District.—Revenue in the case of some of the tanks not given. The grant required for fresh works is Rs. 8,710 and not Rs. 9,710 as given by the Revenue Commissioner.

Shimoga District.—The Deputy Commissioner wants a sum of Rs. 25,000 being provided for expenditure during the year. Deducting the sum of Rs. 7,978 required for incomplete works, the grant for fresh works may be fixed at Rs. 12,022.

Kadur District.—The grant for fresh works may be fixed at Rs. 9,264.

Marikanive.—The grant required for the annual maintenance of the Marikanive dam and channels has not been included. Rs. 12,000 may be provided.

As per modifications indicated in the above, the total grant required for expenditure during 1914-15 will stand at Rs. 2,17,000 in even thousands as detailed below.

Districts	Incomplete works	Fresh works	River channels	Total
	Rs.	Rs.	Rs.	Rs.
Bangalore	5,000	3,000	...	8,000
Kolar	5,000	15,000	...	20,000
Tumkur	2,653	25,347	...	28,000
Chitaldrug	5,000	15,000	...	20,000
Mysore	8,067	10,392	52,541	71,000
Hassan	2,500	8,677	16,823	28,000
Shimoga	7,978	12,022	...	20,000
Kadur	736	9,264	...	10,000
Marikanive	...	...	12,000	12,000
Total ...	36,934	98,702	81,364	2,17,000

Establishment charges at 17½ per cent	37,960
Tools and plant charges at ½ per cent	1,040
Total ...	39,000
Grand Total ...	2,56,000

Proceedings of the Government of His Highness the Maharaja of Mysore.

ACCOMPANIMENT No. 3.

Letter No. 14—19, dated 2nd July 1914, from K. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.

In continuation of this office letter No. 15328, dated 24th June 1914, forwarding the budget estimates under the Irrigation Cess Fund for the year 1914-15, I have the honor to forward herewith the copies of letter No. 6272, dated 1st instant, from the Chief Engineer and of his memorandum received therewith.

2. A copy of the statement showing the probable balance under the Fund on 1st July 1914, received with the Comptroller's letter No. 8310—B. and R. 1307, dated 22nd June 1914, is also forwarded herewith together with the district estimates of receipts and expenditure in original.

ENCLOSURE TO ACCOMPANIMENT No. 3.

	Rs.
Balance on 1st July 1913	207,850

2. Letter No. 12875, dated the 15th June 1914, from the Conservator of Forests in Mysore.

No. R. 707-17 - L. R. 171-13-14, DATED BANGALORE, 28TH JULY 1914.

ORDER THEREON.—The appended statement A shows that the total estimated Jamabandi for the several districts for the year 1913-14, is Rs. 2,08,42,961 as against the actual demand of Rs. 2,10,46,363 for 1912-13. The decrease of Rs. 2,03,402 is explained by the following items.

Heads of Revenue.	Increase or decrease as compared with the actual demand for 1912-13. Rs.
Land Revenue	— 40,338
Forest	— 3,05,565
Abkari	+ 1,46,085
Mohatarfa	— 1,880
Salt	— 557
Miscellaneous	— 1,147

2. *Land Revenue.*—A decrease under this head is noticeable in all the districts, except Shimoga, where there is an increase of Rs. 9,196 due to the revision of survey and settlement in the Shimoga Taluk. The decrease in the Mysore District amounts to nearly Rs. 25,000 and it is due to the fact that in the previous year a large sum was realized by the sale of Navalkodi kaval lands in the Hunsur Taluk, which were newly made available for cultivation.

3. *Forest.*—The Conservator states that nearly Rs. 1,20,000 out of the decrease of Rs. 3,05,565 under this head is due to sandalwood for which a lower price has been calculated as it may not fetch the same high rate as in the previous year. The total estimated revenue of Rs. 31,15,274 under Forest as shown in the statement is, however, above the budget provision of Rs. 22,00,000 for the year 1913-14.

4. *Abkari.*—Under this head there is an increase of Rs. 1,46,085 due to higher bids in Excise sales.

5. *Mohatarfa.*—There is a small decrease of Rs. 1,880 under this head owing to the formation of certain villages into Unions in the Mysore District.

6. *Salt.*—The small decrease of Rs. 557 under this head is confined to the Districts of Tumkur, Hassan and Kadur. In the other districts the revenue remains stationary, except in Chitaldrug, where there is an increase of Rs. 117 over the previous year's actual demand owing to larger number of applications having been received for salt pans.

7. *Miscellaneous.*—The decrease of Rs. 1,147 under this head is distributed over Tumkur, Shimoga and Kadur Districts.

8. The annexed statement B gives the particulars for taluks with reasons for important fluctuations.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Revenue Commissioner in Mysore.
The Conservator of Forests in Mysore.
The Deputy Commissioners of Districts.
The Comptroller, Mysore Government.

Exd.—C. R.

KADUR DISTRICT

B—Statement showing the taluk-wise estimated Jumabandi under the several heads of revenue in the Kadur District for the year 1913-14 as compared with the actuals of the previous year.

Items	Estimated Jumabandi for the year 1913-14	Actual Jumabandi for the year 1912-13	Difference		Remarks
			Increase	Decrease	
	Rs	Rs	Rs	Rs	
Land Revenue	2,13,700	2,11,666	834		Due to waste lands having been taken up for cultivation during the current year
Forest					The revenue under this item is included under the head "District"
Abkari	1 10 000	1 16,247	3,753		Due to favorable bids for toddy and arrack during the current year
Mohatarfa	2,500	2,197	3		Based on the actuals of the previous year
Salt					
Miscellaneous	30,000	30 153	47		Based on the actuals of the previous year
Total	3,80 500	3 80,863	1 617		
Local cess	15 500	15, 1o1	219		*Vide* remarks against (1) Land Revenue
Irrigation cess	790	790			Based on the actuals of the previous year
District Funds	2 500	2 191	6		Do
Municipal Funds	30 000	29 902	8		Do
Total	48 790	18,627	267		
Grand Total	1 34,290	1 29, 190	1,900		
Land Revenue	1,80 000	1,85,181		5 181	The decrease is chiefly due to the large amount realized in mulki sales of the previous year having been deducted from the current year's account
Forest	14,000	11 667	2 333		Due to favorable bids for tangadi barks during the current year
Abkari	65 000	65 736		736	
Mohatarfa	5 000	5[illegible]63		63	Based on the actuals of the previous year
Salt	60	60			Do
Miscellaneous	19,000	19,118		118	Do
Total	2 83,060	2,87,125	2 333	6,398	
Local cess	11 000	13,920	80		
Irrigation cess	175	179			Based on the actuals of the previous year
District Funds	2,800	2,757	43		Do
Municipal Funds	10 300	10,306		6	Do
Total	26,275	26,158	123	6	
Grand Total	3 09,335	3,13,283	2,456	6,404	The net decrease is Rs 3,948

Land Revenue, dated 28th July 1914.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Government Order No. 1675-83—R. 635, dated 12th August 1894, laying down rules for conducting crop experiments for the preparation of quinquennial returns showing the average yield per acre of certain principal crops in Mysore.

2. Letter No. 354, dated 16th January 1914, from the First Assistant to the Resident in Mysore, requesting to be furnished with the views of the Durbar on the suggestions made by the Government of India in their circular letter * No. 31-282-2, dated 15th December 1913, in the matter of transferring the conduct of crop experiments to the Agricultural Department.

3. Correspondence ending with letter * No. 2751, dated 10th April 1914, from the Director of Agriculture in Mysore, submitting his proposals in the matter in consultation with the Revenue Commissioner.

4. This office letter No. Pol. 934, dated 21st May 1914, to the First Assistant to the Hon'ble the Resident in Mysore, stating that the Durbar believe that the system proposed by the Government of India will tend to effect a great improvement in the accuracy of figures in the quinquennial return and that it is however desirable to give effect to the change from the close of the present quinquennium, *viz.*, 1916-17.

No. R. 223-34—AGRI. 94-13-7, DATED BANGALORE, 8TH JULY 1914.

ORDER THEREON.—In view of the recent development of the Agricultural Department in the State, Government consider that the work of conducting crop experiments and of preparing the quinquennial return of the yield of crops may be transferred from the Revenue to the Agricultural Department from 1916-17.

2. Pending such complete transfer of the work, Government direct that the results of crop experiments conducted by the Revenue Department be sent for scrutiny and compilation to the Director of Agriculture instead of to the Revenue Commissioner and that in addition to these experiments a further series of independent experiments be conducted by the Agricultural Department as proposed by the Director of Agriculture. The annual returns now received in the Revenue Commissioner's office will also be sent to the Director.

3. The Director of Agriculture is requested to submit not later than 20th June 1917 a consolidated statement for the quinquennium prepared in accordance with the instructions given in the Government Order of the 12th August 1894, read above, together with a report on the comparative merits of the two sets of experiments.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Secretary to Government, Education and Agriculture.
The Revenue Commissioner in Mysore.
The Director of Agriculture in Mysore.
The Secretary, Economic Conference.
The Deputy Commissioners of Districts.

File No. 28 of 1913. Serial No.

AGRICULTURE.

FROM

The Hon'ble Sir E. D. Maclagan, K.C.I.E., C.S.I., I.C.S.,
Secretary to the Government of India,
Department of Revenue and Agriculture.

To

The Secretary to the Government of Madras, Revenue Department.
The Secretary to the Government of Bengal, Revenue Department.
The Secretary to the Government of Bihar and Orissa, Revenue Department.
The Chief Secretary to the Government of the United Provinces.
The Secretary to the Government of the Punjab, Revenue Department.
The Revenue Secretary to the Government of Burma.
The Hon'ble the Chief Commissioner of the Central Provinces.
The Hon'ble the Chief Commissioner of Assam.
The Chief Commissioner of Coorg.
The Chief Commissioner of Ajmer.
The Hon'ble the Chief Commissioner and Agent to the Governor-General, in the North-West Frontier Province.

Simla, the 15th December 1913.

SIR,

I am directed to invite a reference to this Department's Circular No. 37-26, dated the 27th June 1893, in which certain instructions were issued for the preparation of a Quinquennial Return showing the average yield per acre of the principal crops in India. It was recognized in paragraph 3 of that Circular that the rules adopted in the various Provinces for the conduct of crop-cutting experiments indicated a considerable variety of treatment especially as regards the area to be experimented on and the grades of officers selected to superintend the experiments. The Government of India were not, however, prepared at that time to press for strict uniformity in such matters and it was accordingly left to Local Governments and Administrations to carry out the existing or proposed arrangements with such modifications in detail as they might consider advisable.

2. The Government of India are not in possession of complete information as to the agency by which crop-cutting experiments are now conducted in the different Provinces but the General Notes to Appendix A of the Agricultural Statistics of India show that the figures of average yield per acre of the principal crops in each Province are not at present entirely satisfactory. The Government of India are disposed to think that in view of the recent development of the Agricultural Department in most Provinces, the adoption of a system under which a series of carefully-planned investigations was carried out by officers of the Agricultural Department under the supervision of Deputy Directors of Agriculture at Government agricultural stations and elsewhere would now be possible and that if it were adopted it would tend to effect a great improvement in the accuracy of the figures.

Revenue (Agriculture), dated 8th July 1914.

The investigation in question could perhaps best be carried out by Deputy Directors of Agriculture at the different Agricultural stations, as is at present the practice in the Bombay Presidency, *vide* the correspondence noted in the margin, copies of which are forwarded for information, but it is not desired that the Agricultural Departments should be the sole agencies employed or that other reliable agencies, such for example, as Settlement Officers who, it is understood, at present undertake the experiments in some Provinces, should be excluded.

From the Government of Bombay, No. 11433, dated 10th November 1908, and enclosure.
To the Government of Bombay, No. 566, dated 26th May 1909.
From the Government of Bombay, No. 7407, dated 30th July 1909.
To the Government of Bombay, No. 863, dated 11th August 1909.

3. I am accordingly to request that the Government of India may be furnished with information as to the agency by which crop-cutting experiments are at present conducted in the Bengal Presidency, etc., and whether the Governor in Council / Lieutenant-Governor in Council / Lieutenant-Governor / You would be prepared to accept the system referred to in paragraph 2 of this Circular, and if so, in what manner the Local Government / Local Administration would propose to carry it out. I am to request that if possible a reply to this Circular may be despatched so as to reach the Government of India by the 15th February next.

3. * The Government of India observe from paragraph 48 of the Administration Report of Madras Agricultural Department for 1912-13, that the conduct of crop-cutting experiments in Madras has recently been transferred to the Agricultural Department. They would be glad to be furnished with information as to the manner in which the experiments are carried out by the Agricultural Department and generally with the views of the Madras Government on the whole question. I am to request that if possible a reply to this Circular may be despatched so as to reach the Government of India by the 15th of February next.

* To the Government of Madras only.

I have the honour to be

SIR,

Your most obedient servant,

E. D. MACLAGAN,

Secretary to the Government of India.

No. 31-285-2.

...y forwarded to the Government of Bombay, for information, with reference to the ...ndence ending with this Department's letter No. 863, dated 11th August 1909.

By order,
F. NOYCE,
Under Secretary to the Govt. of India.

No. 31-285-2.

Copy forwarded to the Director-General of Commercial Intelligence / Agricultural Adviser to the Government of India for information.

By order,

F. NOYCE,

Under Secretary to the Govt. of India.

Proceedings of the Government of His Highness the Maharaja of Mysore,

No. 11433, dated Bombay Castle, the 10th November 1908.

From—The Hon'ble Mr. R. A. Lamb, C.I.E., I.C.S., Chief Secretary to the Government of Bombay.

To—The Secretary to the Government of India, Department of Revenue and Agriculture.

I am directed to refer to the letter from the Government of India, No. 625, dated 15th July 1872, and to paragraph 3 of their letter No. 37—26, dated 27th June 1893, which concern the conduct of crop experiments in selected villages by Assistant and Deputy Collectors. The making of these experiments has now been proceeding for about a quarter of a century, and since the formation of the Agricultural Department has become a portion of the regular duties of the Sub-Divisional officer. The Governor in Council has recently had the matter under careful consideration and is strongly of opinion that it is desirable to discontinue these operations, and to substitute for them a more scientific series of investigations, to be carried out by officers of the Agricultural Department. I am to forward a copy of the report on crop experiments for the year 1905-06, which contains the remarks of the Director of Agriculture on the subject, together with a copy of a joint report by the Divisional Commissioners and the Settlement Commissioner and Director of Land Records.

2. The objects of crop experiments are, firstly, to test the incidence of the survey assessments by an independent calculation of outturn, and secondly, to verify the correctness of the yield formulæ on which crop forecasts are based. I am to point out that the present system, while it entails an excessive amount of labour, fails satisfactorily to attain either of these objects. At its best, it postulates the checking of the work of experiments by means of a number of miscellaneous results obtained by amateurs; and the value of such a test is reduced to a minimum by the possibilities of irregularities and errors in the conduct of the experiments. Their utility as means of verifying the yield formulæ is often entirely discounted by the very doubtful accuracy of the anna valuations made by the officers experimenting. In actual practice, when the reported outturn differs from the yield deduced from the formulæ, it is found necessary to check the experiment by the formulæ rather than the formulæ by the experiment. Similar considerations detract from the value of the test of the incidence of assessments afforded by the experiments, which would, in any case, require to be far more numerous than at present, in order to supply satisfactory data for a revision of the rates of assessment of the soil to the land revenue. Moreover, the completion of the record-of-rights, with its full details of the selling and letting values of land, has provided an independent test of the value of land and the incidence of the assessment, which is far more trustworthy and renders the maintenance of the present system superfluous.

3. The tabulation of the results of crop experiments involves a very considerable amount of labour in the office of the Director of Agriculture. A careful analysis of results has to be made, which is frequently preceded by prolonged correspondence with Revenue Officers, designed to clear up points of uncertainty. The Assistant or Deputy Collector himself can ill afford the time occupied in making experiments. Since the inception of the system, the extension of Tagai operations and the introduction of the record-of-rights have more than doubled his out-door work; and the Governor in Council considers that in view of the altered circumstances it is necessary that he should now be relieved of a task which produces practical results so little commensurate with the labour involved. The value of the experiments in their educative influence on the officers making them will, it is true, be lost if the experiments are discontinued; but Assistant Collectors are now required to go through a short course of instruction in Agriculture before they are recognised as fully qualified for sub-divisional charges; and the Assistant Collector has in the course of his regular duties of village inspection ample opportunities for familiarising himself with agricultural conditions. I am to urge upon the Government of India the desirability of abolishing the present system of crop experiments, and instituting, in its place a series of carefully planned investigations by officers of the Department of Agriculture. These will be conducted on Government Agricultural stations and elsewhere, and will be designed to demonstrate the gross and net profits derived from the cultivation of standard crops and for rotations of crops in the different varieties of soil. The result will afford trustworthy material for checking the yield formulæ, and, in the unlikely event of need arsing, for calculating the incidence of assessment on gross and net profits for any locality in which its suitability may be in doubt.

4. I am to express the hope that the Government of India will be able to accept these recommendations.

Revenue (Agriculture), dated 8th July 1914.

No. 1710-R., dated Poona, the 5th August 1908.

From—W. T. MORISON, Esq., I.C.S., Commissioner, Central Division;
J. DE C. ATKINS, Esq., I.C.S., Acting Commissioner, Northern Division;
M. C. GIBB, Esq., I.C.S., Acting Commissioner, Southern Division;
G. S. CURTIS, Esq., I.C.S., Settlement Commissioner and Director of Land Records.

To—The Chief Secretary to the Government of Bombay.

Crop experiments by Sub-divisional officers.

We have considered in conference the proposal made by the Director of Agriculture in his No. A.—2666 of the 9th May 1908, that crop experiments by Assistant and Deputy Collectors should be discontinued.

2. The object for which crop experiments were originally ordered to be made was thus stated in the letter to the Government of India printed with Government Resolution No. 3859* of the 6th August 1872:—"It is very desirable in preparation for the revision of assessments under the revision survey, of which the existing guarantee for 30 years will now be lapsing every year in one district or another in this Presidency, to have a series of practical experiments made of the actual produce of land under different crops." It was then directed that the Survey Commissioners should arrange for experiments in selected places. For some years after this crop experiments were apparently conducted in selected places by the orders of the Survey Commissioners both by Survey Officers and by Assistant and Deputy Collectors and Mamlatdars. It was no part of the then policy that experiments should be conducted as a matter of course by each Sub-divisional officer. After the formation of the Agricultural Department though experiments continued to be conducted by Survey Officers and by the Director of Agriculture, the present policy that the making of crop experiments should form one of the regular duties of the Sub-divisional officers appears to have been inaugurated, and in Government Resolution No. 69 of the 7th January 1885, paragraph 3, Government approved of the view expressed by the Commissioner of Survey that the experiments "are rightly entrusted to operators other than the officers of the Survey Department and examined by the Director of Agriculture," remarking that the experiments "apply to the assessment of land revenue a criticism of facts which is valuable in preparation as it is independent."

* Bombay Revenue Proceedings, 1872, page 383.

3. Thus experiments have continued to be a part of the regular duty of Assistant and Deputy Collectors mainly in order to get an independent test of the results of the Survey Department. The educative value of the experiments to the officers making them did not form one of the reasons for which they were originally ordered to be made, and the only reference to this educative value that we can find in the early Resolution on the subject is contained in paragraph 3 of Government Resolution No. 4755 of the 3rd July 1886.

4. We now have full details of the rents of land in the record-of-rights and Mr. Mackie's recent report on the second revision settlement in the Karajgi Taluka of Dharwar shows that these records of rentals are of infinitely more value for settlement purposes than any crop experiments however numerous and however well conducted could possibly be, and as a matter of fact crop experiments by Assistant or Deputy Collectors, being experiments not made by experts, must, to be of any real value even for the purpose of ascertaining proportion which assessment bears to gross produce, be much more numerous than they are. However careful may be the officer making the experiment, he is, if not an agricultural expert, liable to make a mistake in the anna valuation of the crop experimented on, and such a mistake makes the result obtained of no value.

5. When these experiments by Sub-divisional officers were first initiated, the Assistant or Deputy Collector's chief out-door routine duties consisted in examining receipt books and boundary marks and in visiting schools. The additional work given by Tagai and record-of-rights is much more than all the out-door work put together which he had to do in former days, and it is very desirable that he should not have obligatory work which does not produce valuable results.

6. There is a consensus of opinion among Collectors consulted that the only valuable result of a crop experiment performed by the Assistant or Deputy Collector is the educative value to the officer himself. Considering the great importance and onerous nature of his duties which do produce important results, it seems to us undesirable to maintain an obligation the only value of which is value to the officer himself. A strong additional argument for abolishing the duty in question consists in the considerable amount of work put on the Director and other officers. We need not labour this point which is well put by Mr. Keatinge.

7. For the above reasons we propose that crop experiments by Assistant and Deputy Collectors should be discontinued.

No. 566, dated Simla, the 26th May 1909.

From—C. A. INNES, Esq., I.C.S., Under-Secretary to the Government of India.

To—The Chief Secretary to the Government of Bombay.

I am directed to acknowledge the receipt of your letter No. 11433, dated the 15th November 1908, regarding the crop experiments which are at present conducted in selected villages of the Bombay Presidency by Assistant and Deputy Collectors. It is represented that after careful consideration the Government of Bombay are of opinion that it is desirable to discontinue these experiments and to substitute for them a more scientific series of investigations to be carried out by officers of the Agricultural Department.

2. In reply, I am to say that, so far as the matters referred to in paragraph 2 of your letter are concerned, the Government of India accept the opinion of the Governor-in-Council. They agree that the record-of-rights which has recently been completed provides a more trustworthy test of the incidence of the assessment, and they have no objection to the proposal that the yield formulæ used in crop forecasts should in future be revised with reference to the proposed investigations by the Agricultural Department. I am, however, to point out that in accordance with the request of His Majesty's Secretary of State for India in his Despatch No. 102 (Revenue), dated the 18th December 1890, all Local Governments and Administrations are required to prepare, every five years, a report on the crop-cutting experiments conducted during that period. The general return of the average yield per acre of the principal crops in India is revised with reference to these reports and is then submitted with a critical memorandum for the information of the Secretary of State. Before sanctioning finally these proposals, therefore, the Government of India would be glad to know whether the investigations by the Agricultural Department which is now proposed to introduce in place of the crop-cutting experiments will allow sufficient material for the revision of this general return above so far as it relates to Bombay.

3. I am to express the regret of the Government of India for the delay which has occurred in replying to your letter.

No. 7407, dated Bombay Castle, the 30th July 1909.

From—The HON'BLE MR. R. A. LAMB, C.S.I., C.I.E., I.C.S., Chief Secretary to the Government of Bombay.

To—The Secretary to the Government of India, Department of Revenue and Agriculture. (Agriculture.)

I am directed to acknowlege the receipt of the letter from the Government of India, No. 566-263-2, dated the 26th May 1909, regarding the discontinuance of crop experiments conducted by Assistant and Deputy Collectors, in selected villages of this Presidency, and, with reference to the enquiry made in the last sentence of paragraph 2 of the letter, to state that the quinquennial returns of the outturn of crops submitted in the past have not been based on the results of crop experiments which must be necessarily misleading. The figures of the first return submitted in 1893, were based on the formulæ figures compiled in 1884, and the second return, submitted in 1897, was prepared by the Director of Land Records and Agriculture in consultation with Survey Officers, and the figures were considerably revised on the suggestions of Mr. Mollison, then Deputy Director of Agriculture in this Presidency. Since then the figures have not been altered for want of any trustworthy data. The Governor-in-Council is of opinion that a careful series of experiments conducted by the Agricultural Department and checked against the figures of the control plots which are maintained on the Government farms would give decidedly more trustworthy data for the revision of the figures in the return in question than the so-called crop experiments which it is desired to discontinue.

No. 863, dated Simla, the 11th August 1909.

From—C. A. INNES, Esq., I.C.S., Under-Secretary to the Government of India, Department of Revenue and Agriculture.

To—The Chief Secretary to the Government of Bombay.

I am directed to acknowledge the receipt of your letter No. 7407, dated the 30th July 1909, and in reply to say that in the circumstances now explained the Government of India have no objection to the proposals made in your letter No. 11433, dated the 10th November 1908, regarding the discontinuance of the crop experiments conducted by Assistant and

Revenue (Agriculture), dated 8th July 1914.

Deputy Collectors in selected villages of the Bombay Presidency and the substitution for them of a series of carefully-planned investigations by officers of the Agricultural Department on the Government Agricultural stations, and elsewhere.

Letter No. 2751, dated 10th—11th April 1914, from LESLIE C. COLEMAN, Esq., M.A., Ph.D., Director of Agriculture in Mysore, Bangalore, to the Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments, Bangalore.

With reference to your letter No. R. 7776—Agri. 94-13-4 of the 31st March, I have the honour to state that the Revenue Commissioner in Mysore and I met in consultation yesterday and we came to the following conclusions:—

1. As the present quinquennium is about half over and as data from crop cutting experiments by the Revenue authorities are available for the past two years it would be advisable to continue these experiments up to the end of the quinquennium, *i.e.*, till 1916-17. The results of these experiments however instead of being sent to the Revenue Commissioner for scrutiny and compilation should be sent to the Director of Agriculture.

2. In addition to these crop cutting experiments a further series should be conducted by the Agricultural Department. As in Madras Presidency these should consist of three experiments each year for each of the crops at present being experimented upon in every district where the crop is an important one. It was thought by the Revenue Commissioner as well as myself that these two sets of experiments might form a useful check on each other. Those conducted by the Revenue authorities will be much more numerous but on the other hand will be probably less accurate. Those conducted directly by the Agricultural Department while few in number will be carried out as accurately as possible. A comparison of figures obtained from the two sources should enable us to decide whether it will be advisable to discontinue one or the other at the end of the quinquennium.

I need hardly point out that the results of both series of experiments will be checked by the regular reports of inspection and enquiry made by touring officers of the Agricultural Department so that fairly accurate data with regard to crop production should be available by the end of the quinquennium.

To—The Revenue Commissioner in Mysore.
The Conservator of Forests in Mysore.
The Other Heads of Departments.
The Deputy Commissioners of Districts.

Exd.—C. R.

APPENDIX VII.

(Supplement to section 46 of the Mysore Famine Code.)

As soon as a fodder famine appears to be imminent, the provisions of section 46 of the Mysore Famine Code should be complied with. An essential point to be discussed at the meeting ordered therein to be convened should be the special railway arrangements, *c. g.*, the provision of temporary sidings for loading grass, etc., which may be called for by the special circumstances of the time.

2. An officer on special duty, preferably a senior Forest officer should be appointed at the earliest opportunity to direct and superintend all arrangements connected with the purchase, collection, transport and delivery of fodder to the affected areas. His first duty should be to ascertain (*a*) where, and to what extent, private stocks of fodder are available for purchase, (*b*) the amount of grass which is available in forest and revenue waste lands in the State for cutting and baling and (*c*) what supplies can be obtained to supplement these, from similar areas outside the State, if the local supply is insufficient.

3. Simultaneously with these enquiries the officer on special duty should ascertain from the Deputy Commissioner of each affected district the probable amount of fodder which will have to be imported; and the places at which the imported grass will have to be laid down.

4. When a fodder famine is threatened, all sales of grass from forests and revenue waste lands should be deferred or postponed until the officer on special duty has determined whether he will require the grass in particular areas or not. The departmental cutting of grass in the areas selected for the supply of fodder should commence as early as possible and in view of the experience gained of the extreme difficulty of obtaining labour for cutting grass, the revenue officers should employ their influence fully in order to induce the people to go on the grass cutting work in sufficient numbers. Steam-baling should be resorted to in preference to hand-baling wherever the quantity of grass, which can be collected in a pressing centre, is sufficient to justify it. The railway should give preference to pressed over unpressed fodder in all cases where the latter may be offered for despatch.

5. To carry on until the new grass crop is available, the officer on special duty should proceed at once to purchase grass from old stocks in the most convenient places, even though by a change in the situation the grass thus bought should subsequently have to be resold at a loss. The maximum amount of grass to be purchased in this manner should be limited to fifty lakhs of pounds for each affected district. This grass will be available for removal by the railways as soon as it is indented for by Deputy Commissioners. It should be noted that the railway authorities are particularly anxious that the transport of grass should commence at the earliest possible date in order to avoid congestion of traffic.

6. In a severe famine the total quantity of the grass that can be collected by Government agency will generally fall short of the amount needed for the affected districts, and it will be the duty of the officer on special duty to consider the best way of supplying the deficiency by purchase through contractors. In order to effect this economically and to prevent, by simultaneous purchases in different places, the raising of prices by dealers, the officer on special duty should be given temporarily the services of a sufficient number of responsible officers whom he will depute to visit the localities in which he has reason to believe grass is procurable. These officers will enter into contracts for the supply to Government of a fixed quantity of grass on the best terms obtainable and the contracts will be arranged in such manner as to enable each district to be supplied from the purchasing centre which is nearest to it.

7. When the purchases have been effected, the officer on special duty will inform the railway authorities of the quantities of grass which will require to be carried from each purchasing centre situated on their respective system, the stations of delivery, and the date from which operations may be expected to commence.

ACCOMPANIMENT I.

Letter No. 4-73-3, dated the 11th January 1913, from the Under-Secretary to the Government of India, Department of Revenue and Agriculture, to Local Governments and Administrations.

I am directed to forward for your information a copy of a Resolution No. 11161, dated the 5th December 1912, passed by the Government of Bombay on the Report of the Conference held at Ahmadabad in August last, to consider the measures to be adopted for the better handling of fodder operations in future famines in the Bombay Presidency.

2. I am to draw attention to the importance which may attach to the relief of cattle in future famines and to suggest for consideration the desirability of amending the Famine Relief Code on the lines adopted by the Government of Bombay. I am to request that, in the event of this suggestion being followed the Government of India may be informed of the action taken.

Mysore Resident's Office, No. 566, dated Bangalore, the 25th January 1913.

A copy of the foregoing letter, with its enclosure, is forwarded herewith to the Government of His Highness the Maharaja of Mysore for information.

Revenue (Agriculture), dated 11th July 1914.

REVENUE DEPARTMENT.

Bombay Castle, 5th December 1912.

Letter* from the Agent, B. B. & C. I. Railway, dated 16th May 1912.
Government memorandum* to the Conservator of Forests, C. C., and the Commissioner, N. D., No. 4772, dated 20th May 1912.
Letter† from the Conservator of Forests, C. C., No. 818, dated 4th June 1912.
Letter* from the Conservator of Forests, C. C., No. 2231, dated 23rd August 1912.
Letter† from the Government of India, Department of Revenue and Agriculture (Famine), No. 929, dated 3rd October 1912.
Letter† from the Quartermaster-General in India, No. 12399—1, dated 3rd October 1912.

RESOLUTION.—The suggestions contained in the summary of proceedings of the Conference are approved and should be embodied in the Famine Relief Code as Appendix X. The Superintendent, Government Central Press, should be requested to print the necessary correction slip to the Code.

2. As regards paragraph 9 of the summary, if a permanent Charitable Relief Fund Committee is constituted, the Special Officer should place himself in communication with it.

3. The questions of the employment of jail labour on grass cutting and the liability of the Baroda Durbar for the amount paid on account of the concession for the carriage of fodder to that State are under separate consideration.

4. A copy of this Resolution should be furnished to the Government of India and to the Quartermaster-General in India. Copies should also be supplied to the Committee of Enquiry appointed under Government Resolution No. 10013, dated 28th October 1912.

5. Copies of the Resolution should be placed on the Editors' Tables and supplied to the Editors of Newspapers. The Resolution should be published in the *Bombay Government Gazette*.

ACCOMPANIMENTS TO GOVERNMENT RESOLUTION, REVENUE DEPARTMENT, NO. 11161, DATED 5TH DECEMBER 1912.

Letter dated 16th May 1912, from the Agent, B. B. & C. I. Railway.

I send you, for your information, an interesting note by our General Traffic Manager on the carriage of fodder. I think it shows clearly that matters would have been made much easier for every one if the Collectors had consulted the Railway authorities in the first instance. With the experience of this fodder famine, would it be possible to draw up some general rules for the guidance of Collectors in case we are faced with another famine which, I hope, won't occur for many years to come. The first thing that would occur to every one is that purchase of grass should be made as near as possible to the district where the famine is likely to be serious. I think then that Collectors should advise the Railway immediately of every purchase of grass they have made. We should be told the names of the contractors who will despatch the grass, the station or stations from which it will be booked the quantity to be sent, the dates during which delivery should be given and if possible the names of receiving stations and the quantity to be booked to each station. We should then be able to work out a scheme in advance to try and meet the wishes of the various Collectors.

The cross-booking through Amalner and Rutlam is due to traders and that pointed out through Wadhwan must be Government grass I think. If we had been given the information I have asked for above, we should have noticed the cross-booking and pointed it out for adjustment before we began to carry the grass.

Copy of note, dated 14th May 1912, from the General Traffic Manager, B. B. & C. I. Railway, Bombay, to the Agent, B. B. & C. I. Railway, Bombay.

Carriage of fodder.

I wish to draw attention to the attached cutting* from yesterday's *Times of India*, which gives some particulars regarding the fodder operations in the two districts of Pálanpur and the Panch Mahals. The reports are, I think, instructive and clearly show that the officers who made their arrangements well in advance and who obtained their supplies entirely from stations on this Railway and kept in constant touch with the Railway officials have been the most successful in their relief operations. A similar case to Pálanpur is that of the Jhalavad District in Kathiawar. The Political Agent, who was in Bombay recently, informed me that not two per cent of the cattle in the district have died. Contrast these favourable reports with the wail from the Panch Mahals District (*vide* cutting from the *Times of India*), and note the fact that the two first mentioned districts are far removed from the sources of fodder supply, while in the case of the Panch Mahals there is a superabundance of fodder quite close at hand, *i.e.*, within 40 miles of Dohad, yet from the Collector's report it would appear that he depends largely for his supplies on places far remote in Central India. As you know the Government concession in railway freights resulted in a considerable amount of speculation in grass and we have always been careful to give preference in the supply of wagons to Government despatchers including the Political Agents and to charitable organisations. Had the Collector of the Panch Mahals confined his purchases to places close at hand and made arrangements with the Railway for carriage as soon as the grass was harvested, we should have been able to give him a very liberal supply of wagons. The first complaint we had from him was through the Commissioner, N. D., late in January when he stated that "grass purchased at Ujjain and Rutlam by the Godhra merchants may be looked upon as necessary to supplement the Government supply." In reply we advised the Commissioner that precedence was being given to all Government contractors in the matter of the supply of wagons and that there were many merchants at many stations besides Godhar, who were making the same or larger demands on us for wagons. We next heard from the Collector on the 12th April when he wired us as follows:—

> "Cattle dying want fodder; supply of wagons to this district inadequate. Kindly instruct subordinates Bamania, Amargarh, Bajrangarh stations; supply more trucks and specials. Shall be obliged if you could supply figures as to number of trucks supplied last month to Ahmedabad, Kaira and this district, respectively."

To this we replied stating that we could give him one special a week *plus* 20 wagons a week (total 80 wagons) at any stations he named and in confirming this by letter we wrote as follows:—

> "I would have made better arrangements for you before, had I known exactly what your *bundobast* was. We have endeavoured to supply Government requirements first and let private dealers take their chance. It will be easy for us to arrange to give you what you want, now you are setting the seal of your approval on the persons to whom your grass is to be supplied."

I have though it necessary to enter into this explanation in view of the report of the Collector, Panch Mahals, which has been published in the local newspapers.

I had occasion to draw attention yesterday to the waste of transport owing to the want of discrimination on the part of consumers in fixing on the source of their supplies. You sent me a complaint from the Administrator, Junagadh State, addressed to His Excellency the Governor, stating that we refused to send empty wagons to Junagadh to bring grass from that place into Gujarat. About the same time the Agent to the Governor had been pressing me to supply wagons

Revenue (Agriculture), dated 11th July 1914.

at Bilimora to convey grass through Gujarat into Kathiawar and the Police Superintendent, Kathiawar Agency, wanted to bring fodder for the Agency Police horses all the way from Central India, although, supplies were apparently available at hand in Junagadh We have also been asked by the Forest Department to supply wagons for grass at stations on the Tapti Valley Railway for despatch to G I. P. stations though grass was actually moving in the opposite direction from stations on the G. I P. Railway, *viâ* the Tapti Valley for Gujarat— grass was also being booked from Rajputana-Malwa Railway stations to the B. B & C I. Railway *viâ* Ratlam and at the same time grass was going to stations on the Rajputana-Malwa Railway from B. B. & C. I. Railway Stations, I need hardly say that this "cross" booking was at once stopped

REVENUE DEPARTMENT.

No. 4772, dated 20th May 1912.

Forwarded to the Conservator of Forests, C. C., Commissioner, N. D., with a request that the suggestions made by the Agent may be considered in consultation if necessary with the Collectors and the Agents of G I. P. and B. B & C. I. Railways The Hon'ble Mr Millett is requested to report to Government the result of the consideration.

2. Attention is invited to Sections 32 and 33 of the Famine Relief Code.

R. D BELL,
Under Secretary to Government

No 2231, dated 23rd August 1912.

To—The Chief Secretary to Government, Revenue Department.

Sir,

I have the honour to refer to Government Memorandum No. 4772, dated 20th May 1912, forwarding copy of a letter dated 16th idem, from the Agent, B. B. & C I. Railway, with accompaniment, and to my letter No 818, dated 4th June, on the subject, and to state that as directed by Government a conference was convened by the Commissioner, N D., and held at Ahmadabad on August 15th and 16th when the following officers and gentlemen were present:—

Mr. Barlow, Commissioner, N. D.
„ Woollcombe, Agent, B B. & C I Railway.
„ Rumbold, General Traffic Manager, G I. P Railway
„ Hanson, General Traffic Manager, B. B & C. I. Railway
„ Purshotamdás Thákurdás
„ Chuckerbutty, Collector of Kaira.
„ Painter, Collector of Ahmadabad.
„ Ghosal, Collector of the Panch Mahâls.
„ Tupper, Tâlukdâri Settlement Officer.
Major Wood, Political Agent, Jhâvâlâd Phânt.
The Hon. Mr. Millett, Senior Conservator of Forests.

2 The suggestions made by the Agent, B. B & C I. Railway, in his letter under reference were then considered and the question of the best arrangements to be made for the collection, purchase and transport of grass in the event of the occurrence of a fodder famine in any future year were fully discussed. The result of the discussions and deliberations of the conference have been summarized and as requested by Government I beg to submit my report with the summary of proceedings as follows.

Summary of Proceedings of the Conference.

1. Under the arrangements which existed in this past fodder famine of 1911-12, when each Collector and Political Agent was working for himself, cross-booking on railways was more or less inevitable, each officer in making purchases of grass sought the cheapest market and gave little consideration to any comparison of transport facilities. The chief complaints made by the Railway authorities are that they were called upon to carry fodder from long distances when it might have been made available nearer, and that their working was hampered by the collection of fodder for the use of the affected districts being in the hands of a number of officers and agents, who were working independently of each other and without any attempt at co-ordination. We are of opinion that all ground for complaints of this nature might be removed by the adoption of the scheme now to be outlined.

2. As soon as a fodder famine appears to be imminent, the provisions of section 33 of the Famine Relief Code should be complied with, one point to be discussed at the meeting ordered therein to be convened being the special railway arrangements as, *e.g*, the provision of temporary sidings for loading grass, etc, which may be called for by the special circumstances of the time.

3. An officer on special duty, preferably the Senior Conservator, should be appointed at the earliest opportunity to direct and superintend all arrangements connected with the purchase, collection transport and delivery of fodder to the affected areas. His first duty should be to ascertain (*a*) where, and to what extent, private stocks of fodder are available for purchase, (*b*) the amount of grass

which is available in forest and revenue waste lands in the Presidency for cutting and baling and (*c*) what supplies can be obtained to supplement these, from similar areas outside the Presidency, if the local supply is insufficient.

4. Simultaneously with these enquiries the officer on special duty should ascertain from the Collector of each affected district the amount of fodder which it is expected will have to be imported, and the places at which the imported grass will have to be laid down.

5. When a fodder famine is threatened all sales of grass from forests and revenue waste lands should be deferred or postponed until the officer on special duty has determined whether he will require the grass in particular areas or not. The departmental cutting of grass in the areas selected for the supply of fodder should commence as early as possible and in view of the experience gained this year of the extreme difficulty of obtaining labour for cutting grass, the revenue officers should employ their influence fully in order to induce the people to go on the grass-cutting work in sufficient numbers. We are also of opinion that small prison gangs might, with advantage, be employed on this work. It has to be noted that the experience gained at Khandhara this year shows that the use of steam baling plant is both practical and economical, and it has enabled double the quantity of grass to be carried in a truck as compared with handpressed bales. Steam-baling should therefore be resorted to in preference to hand-baling wherever the quantity of grass which can be collected in a pressing centre is sufficient to justify it. The railways should give preference to pressed over unpressed fodder, in all cases where the latter may be offered for despatch.

6. To carry on until the new grass crop is available, the officer on special duty should proceed at once to purchase grass from old stocks in the most convenient places, even though by a change in the situation the grass thus bought should subsequently have to be resold at a loss. We suggest for consideration that the maximum amount of grass to be purchased in this manner should be limited to fifty lakhs of pounds for each affected district. This grass will be available for removal by the railways as soon as it is indented for by Collectors or Political Agents. It may be noted that the Railway authorities are particularly anxious that the transport of grass should commence at the earliest possible date in order to avoid congestion of traffic.

7. In a severe famine the total quantity of the grass that can be collected by Government agency will generally fall short of the amount needed for the affected districts, and it will be the duty of the officer on special duty to consider the best way of supplying the deficiency by purchase through contractors. In order to effect this economically and to prevent, by simultaneous purchases in different places, the raising of prices by dealers, the officer on special duty should be given temporarily the services of a sufficient number of responsible officers whom he will depute to visit the localities in which he has reason to believe grass is procurable. These officers will enter into contracts for the supply to Government of a fixed quantity of grass on the best terms obtainable, and the contracts will be arranged in such manner as to enable each district to be supplied from the purchasing centre which is nearest to it.

8. When the purchases have been effected, the officer on special duty will inform the Railway authorities of the quantities of grass which will require to be carried from each purchasing centre situated on their respective systems, the stations of delivery, and the date from which operations may be expected to commence.

9. When a charitable relief society has been started—part of whose operations are to be directed towards the distribution of fodder—the officers of the society should before undertaking any operations place themselves in communication with the officer on special duty. They should inform him of the localities in which they propose to purchase grass, the funds at their disposal, and approximately the quantities which they hope to purchase and should continue to do this as more funds become available. This will enable the officer on special duty to arrange that unnecessary competition between the agents of the charitable relief society and his own agents *i.e.*, the (officers mentioned in paragraph 7 above) shall be avoided. The officer on special duty and his agents will generally be in a position to render assistance to the society in the despatch of the society's grass to the affected areas to which they wish it to be consigned, and the officer on special duty will communicate to the authorities of the Railways concerned the fact that the fodder, which is to be despatched, is being sent with the knowledge and approval of Government and that wagons may be supplied.

10. We have considered the effect of the grant of concession rates for the carriage of fodder during times of scarcity and are of opinion that it has during the last year been granted with unnecessary liberality. In the case of tagavi grass and grass carried for charitable purposes there is of course nothing to be said against the grant of the concession; but there is no reason why it should be used to increase the profits of speculators or to relieve a wealthy Native State like Baroda of any portion of the famine expenditure which should rightly fall upon it; and we suggest that a refund of the amount paid by Government this year on importations into Baroda might equitably be demanded from the State. On the other hand the effect of the concession on the price of grass imported by private traders to supply the demand of the people must be considered. Two questions arise (*a*) whether if the concession had not been granted this year the price of grass in the affected areas would have been appreciably higher and (*b*) whether without the concession grass would have been imported as freely by private traders. As to (*a*) we are in considerable doubt and in fact it is impossible to obtain any certainty; but we have to admit that it is possible that the price of grass would have been generally higher in Ahmedabad and other affected areas had the concession not been granted.

11. With regard to (*b*), it is clear that this year, when the concession has been granted, the distant markets where grass was cheap have been resorted to freely, with the result that prices have

been kept down within the affected areas. It is probable that even without the reduction of the railway rates and the subsequent grant of the concession rates it would have paid merchants to import this long distance grass, but it can scarcely be doubted that the concession, which induced the prospect of very large profits, stimulated the trade enormously. On a consideration of the *pros* and *cons* we are unable to recommend that the concession rate should be withdrawn, but we consider that some discrimination is called for in its application. Some of our members are in favour of a graduated scale of the concession rate which would lower the value of the concession in the case of distant markets which are resorted to only because grass is obtainable cheaply, but the majority are of opinion that the concession rate should be uniform whether the market is distant or near. The purchase of grass cheaply at places far distant from the affected parts is limited necessarily by the difficulty of obtaining sufficient transport since the wagons used for the haulage are able to make fewer trips than in the case of short distance grass. The General Traffic Manager of the B. B. and C. I. Railway pointed out that, if the railway had made greater efforts to clear the long distance markets, it could not possibly have cleared the near markets as it has done this year.

12. We would urge that in times of stress such as famine, departmental regulations such as the customs restrictions imposed at Viramgam which are likely to hamper the free movement of railway wagons should be relaxed as far as may be practicable.

13. We have considered a suggestion that Government should maintain a permanent stock of grass to meet the possibility of a fodder famine occurring from time to time. We are not in favour of this being done since we consider that the loss which would probably have to be incurred would be far heavier than the cost of special operations undertaken only when a fodder famine actually occurs.

I have, etc.,

G. P. MILLETT,

Conservator of Forests, C. C.

APPENDIX X.

(Referred to in section 33 of the Famine Relief Code.)

As soon as a fodder famine appears to be imminent, the provisions of section 33 of the Famine Relief Code should be complied with. An essential point to be discussed at the meeting ordered therein to be convened should be the special railway arrangements, *e.g.*, the provision of temporary sidings for loading grass, etc., which may be called for by the special circumstances of the time.

2. An officer on special duty, preferably the Senior Conservator, should be appointed at the earliest opportunity to direct and superintend all arrangements connected with the purchase, collection, transport and delivery of fodder to the affected areas. His first duty should be to ascertain (*a*) where, and to what extent, private stocks of fodder are available for purchase, (*b*) the amount of grass which is available in forest and revenue waste lands in the Presidency for cutting and baling and (*c*) what supplies can be obtained to supplement these, from similar areas outside the Presidency, if the local supply is insufficient.

3. Simultaneously with these enquiries the officer on special duty should ascertain from the Collector of each affected district the probable amount of fodder which will have to be imported; and the places at which the imported grass will have to be laid down.

4. When a fodder famine is threatened, all sales of grass from forests and revenue waste lands should be deferred or postponed until the officer on special duty has determined whether he will require the grass in particular areas or not. The departmental cutting of grass in the areas selected for the supply of fodder should commence as early as possible and in view of the experience gained of the extreme difficulty of obtaining labour for cutting grass, the revenue officers should employ their influence fully in order to induce the people to go on the grass-cutting work in sufficient numbers. Steam-baling should be resorted to in preference to hand-baling wherever the quantity of grass, which can be collected in a pressing centre is sufficient to justify it. The railway should give preference to pressed over unpressed fodder in all cases where the latter may be offered for despatch.

5. To carry on until the new grass crop is available, the officer on special duty should proceed at once to purchase grass from old stocks in the most convenient places, even though by a change in the situation the grass thus bought should subsequently have to be re-sold at a loss. The maximum amount of grass to be purchased in this manner should be limited to fifty lakhs of pounds for each affected district. This grass will be available for removal by the Railways as soon as it is indented for by Collectors or Political Agents. It should be noted that the Railway authorities are particularly anxious that the transport of grass should commence at the earliest possible date in order to avoid congestion of traffic.

6. In a severe famine the total quantity of the grass that can be collected by Government agency will generally fall short of the amount needed for the affected districts, and it will be the duty of the officer on special duty to consider the best way of supplying the deficiency by purchase through contractors. In order to effect this economically and to prevent, by simultaneous purchases in different places, the raising of prices by dealers, the officer on special duty should be given temporarily the services of a sufficient number of responsible officers whom he will depute to visit the localities in which he has reason to believe grass is procurable. These officers will enter into contracts for the supply to Government of a fixed quantity of grass on the best terms obtainable and the contracts will be arranged in such manner as to enable each district to be supplied from the purchasing centre which is nearest to it.

7. When the purchases have been effected, the officer on special duty will inform the Railway authorities of the quantities of grass which will require to be carried from each purchasing centre situated on their respective system, the stations of delivery, and the date from which operations may be expected to commence.

8. When a charitable relief society has been started—part of whose operations are to be directed towards the distribution of fodder—the officer on special duty should place himself in communication with the officers of such society and ascertain the localities in which they proposed to purchase grass, the funds at their disposal, and approximately the quantities which they hope to purchase. This will enable the officer on special duty to arrange that unnecessary competition between the agents of the charitable relief society and his own agents (*i. e.*, the officers mentioned in paragraph 6 above) shall be avoided. The officer on special duty and his agents will generally be in a position to render assistance to the society in the despatch of the society's grass to the affected areas to which they wish it to be consigned; and the officer on special duty will communicate to the authorities of the Railways concerned the fact that the fodder which is to be despatched is being sent with the knowledge and approval of Government and that wagons may be supplied.

9. In times of stress such as famine, departmental regulations such as the customs restrictions imposed at Viramgam, which are likely to hamper the free movement of railway wagons, should be relaxed as far as may be practicable.

ACCOMPANIMENT II.

Letter No. 1283—1, dated Bangalore, 1st August 1913, from K. Doraswami Iyer, Esq., Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.

With reference to your letter No. R. 5232—Agri. 64-12-3 of 26th March 1913, forwarding a copy of Bombay Government Resolution No. 11161, dated 5th December 1912, wherein certain modifications to the Bombay Famine Code were ordered and requesting me to report in consultation with the Conservator of Forests, if similar modifications may not with advantage be made in the Mysore Famine Code also I have the honor to state as under.

2. The Conservator of Forests who was consulted in the matter has sent a memo of suggestions which is herewith enclosed in original for your information.

3. He says nothing about para 1 of Appendix X, Bombay Code, but it may be adopted. He proposes to substitute the words "Conservator of Forests" for the words "Officer on special duty" occurring in para 2. The special duty officer in Bombay is ordinarily the Senior Conservator, but if for any reason he is not available, Government can appoint some other officer for the purpose. It is desirable that this latitude should be possessed by the Government of this Province also, and I would threfore retain the words "special duty officer" and lay down that he should preferably be the Conservator of Forests. Para 2 may, therefore, be adopted with necessary verbal changes.

I agree with the Conservator of Forests in recommending the adoption of paras 3 and 4; but I am not in favor of omitting the first sentence of the latter paragraph as suggested by him.

The Conservator thinks that paras 5 and 6 are unnecessary as the stock in State Forests is not likely to fall short of the demand. This may be so, but there is no harm in making provision for such a contingency. So paras 5 and 6 may remain.

Para 7 may also remain.

Paras 8 and 9 may be omitted as proposed by the Conservator.

4. My recommendation therefore is that para 1 to 7 of the appendix should be adopted with necessary verbal changes.

5. As regards the form in which the proposed rules are to be introduced, the Conservator suggests their incorporation in Section 251 of the Code. The better course in my opinion would be to print them as an additional appendix under Section 46 as has been done in Bombay.

ENCLOSURE.

Proposed Modifications.

For para 251 (*b*), substitute the following:—

The Conservator of Forests shall, on being apprised by the Deputy Commissioner of the probable demand, make all arrangements connected with the purchase, collection, transport and delivery of fodder to the affected tracts. He will ascertain (*a*) where and to what extent private stocks of fodder are available for purchase and (*b*) the amount of grass which is available in State Forests and unreserved lands for cutting and baling.

Adopt paras 3, Appendix X of the Bombay Code, substituting the words "Conservator of Forests" for "Officer on special duty" and "Deputy Commissioner" for "Collector".

Adopt para 4 omitting the first sentence.

Paras 5 and 6 do not seem necessary as the stock in State Forests is not likely to fall short of the demand.

Adopt para 7 substituting the word "Collections" for "purchases" and the words "Conservator of Forests" for "Officer on special duty".

Paras 8 and 9 may be omitted.

Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue (Agriculture), dated 3rd July 1914.

No. R. 53-62—Agri. 35-13-63, dated Bangalore, the 3rd July 1914.

Order.—The Comptroller is requested to place at the disposal of the Revenue Commissioner a sum of one lakh of rupees for grant of loans for land improvement and takavi advances. The allotments made by the Revenue Commissioner according to the needs of each district should be communicated to Government through the Comptroller. If additional funds are required, the Revenue Commissioner is requested to intimate at an early date the total amount required for the purpose at the same time specifying the sums needed for each class of loan.

D. M. NARASINGA RAO,
Officiating Secretary to Government,
General and Revenue Departments

To—The Revenue Commissioner in Mysore.
The Comptroller, Mysore Government.
The Deputy Commissioners of Districts.

Exd.—C. R.

Proceedings of the Government of His Highness the Maharaja of Mysore. Revenue (Agriculture), dated 21st July 1914.

READ—

Government Order No. R. 53-62—Agri. 35-13-63, dated 3rd July 1914, sanctioning an allotment of one lakh of rupees for the grant of land improvement and takavi loans in the several districts during the current official year.

2. Letter No. 321, dated 7th July 1914, from the Revenue Commissioner in Mysore, stating that the above allotment has been distributed among the several districts, as noted in the margin and requesting that, as the Deputy Commissioners have applied for nearly four lakhs of rupees for the grant of the abovementioned loans, a further allotment of one lakh of rupees may be sanctioned for the present.

Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue (Agriculture), dated 24th July 1914.

READ—

Special season report for the week ending 11th July 1914, submitted by the Deputy Commissioners of Districts.

No. R. 577-88—AGRI. 1-14-3, DATED BANGALORE, 24TH JULY 1914.

ORDER THEREON.—With the exception of the malnad parts of the State, the seasonal conditions at present are not altogether free from anxiety. Inadequacy of supplies of fodder and water in some parts of the State is the main difficulty experienced at present. In order to meet the situation, Government are pleased to sanction the following measures.

2. The Conservator of Forests is requested to make immediate arrangements for the collection of compressed hay in the Mysore, Kadur and Shimoga Districts. The hay collected in the Mysore District may be supplied to the taluks of that district where a deficiency of fodder exists; and the supply to the Bangalore, Kolar, Tumkur and Chitaldrug Districts may be made from the hay collected in the Kadur and Shimoga Districts. A trial consignment of about 3 tons of hay may be immediately sent by the Conservator to each of these districts, and the Deputy Commissioners of the Districts referred to should place themselves in communication with the Conservator of Forests for the supply of the quantities required from time to time. A sum of Rs. 3,000 is placed at the disposal of the Conservator of Forests for initial expenses in connection with these arrangements.

3. The Deputy Commissioners of Districts concerned should select three convenient places in their respective districts to serve as centres for the distribution of the compressed hay, supplied by the Conservator, to the taluks requiring such assistance. The actual distribution should be made through contractors under suitable terms and conditions which may be settled by the Deputy Commissioners and reported for the information of Government.

4. In addition to this arrangement, the Revenue Commissioner is authorized to sanction advances to the Deputy Commissioners of Districts for purchasing fodder for distribution wherever necessary. Depots should be opened in two or three convenient centres in each district for the present and fodder sold therein at sanctioned prices. The Comptroller is requested to place a sum of Rs. 10,000 at the disposal of the Revenue Commissioner for the purpose.

5. The Deputy Commissioners of Districts may also take action wherever necessary under Rule 16 of the Land Revenue Rules for granting beds of tanks for temporary cultivation, especially of fodder crops.

6. Government are also pleased to sanction a sum of Rs. 40,000 from Local Funds General for sinking temporary drinking water wells in the beds of tanks and *nullas* in the districts of Bangalore, Kolar, Tumkur and Chitaldrug. The Revenue Commissioner is requested to make allotments as required up to Rs. 10,000 for each of these districts out of this amount. Government may be kept informed of such allotments.

7. The Deputy Commissioners of Districts are requested to examine the Programme of Village works and have works ready to meet emergencies.

8. The Chief Engineer, Public Works Department, and the Engineer-in-Chief for Railways are requested to communicate to Deputy Commissioners names of places where suitable works are available for employment of labour. Copies of these lists of places and works should also be forwarded for the information of Government.

D. M. NARASINGA RAO,
Officiating Secretary to Government, General and Revenue Departments.

To—The Revenue Commissioner in Mysore.
The Comptroller, Mysore Government.
The Chief Engineer of Mysore.
The Engineer-in-Chief for Railways.
The Conservator of Forests in Mysore.
The Deputy Commissioners of Districts.

Government Proceedings No. R. 6695-743—Agri. 107-12-13, dated 24th February 1914, sanctioning the reorganization of the Department of Agriculture in Mysore.

2. Letters Nos. 2453, 2454 and 2455, dated 14th March 1914, from the Director of Agriculture in Mysore, submitting his recommendations in regard to appointments to the superior posts of the Department, in accordance with the revised scale.

No. R. 546-7 —AGRI. 115-13-13, DATED BANGALORE, 23RD JULY 1914.

ORDER THEREON.— Government are pleased to sanction the following appointments, with effect from the 1st March 1914 :—

No.	Name and present designation	Present pay	Post to which appointed	Pay of that post	Remarks
		Rs.		Rs.	
1	E. S. Ramaswami Iyer, Head Clerk	75	Manager	100—5—150	
2	R. Narayana Rao, clerk ...	50	Head Clerk	50—5—75	Will be given starting pay of Rs. 60
3	D. G. Ramachandra Rao, Farm Manager	120	Assistant Director	150—20—350	
4	K. Ramayya, Assistant Farm Manager	50	Farm Manager	70—10—150	
5	B. Narasimha Iyengar, Assistant Chemist	120	Senior Assistant Chemist ..	150—20—350	
6	M. K. Venkata Rao, Assistant Mycologist	150	Senior Assistant Mycologist ...	150—20—350	With a starting pay of Rs. 170
7	Kunhi Kannan, Assistant Entomologist	150	Senior Assistant Entomologist ...	150—20—350	
8	M. Ranganaikalu Naidu, Artist ...	75	Artist	75—5—100	Starting pay of Rs. 80
9	K. Bhima Rao, Assistant Chemist.	70	Junior Assistant Chemist ...	70—10—150	
10	M. J. Narasimhan, Assistant Mycologist	70	Junior Assistant Mycologist ...	70—10—150	On probation for one year, from the date of the order.
11	Venkata Rao Badami, Assistant Botanist	70	Junior Assistant Botanist ...	70—10—150	On probation for one year, from the date of the order.
12	T. V. Subramaniya Iyer, Agricultural Inspector	50	Junior Assistant Entomologist ...	70—10—150	

2. The rate of pay of Farm Managers fixed in the Government Order of 24th February 1914, at Rs. 70—5—100—10—150 is changed to Rs. 70—10—150.

3. The qualifications and claims of N. Sampath Iyengar, and B. C. Shantappa to the posts for which they were recommended by the Director in his letter No. 2453, dated 14th March 1914, should be reported in detail for the orders of Government.

C. S. BALASUNDARAM AIYAR,
Secy. to Govt., Depts. of Edn. and Agri.

To—The Director of Agriculture in Mysore.
The Comptroller, Mysore Government, through Branch II.

Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue (Agriculture), dated 29th July 1914.

READ—

Letter No. 465, dated 21st April 1914 from the Meteorological Reporter to Government, submitting the Report on Rainfall Registration in Mysore for the calendar year 1913.

No. R. 743-52—AGRI. 5-13-4, DATED BANGALORE, 29TH JULY 1914.

ORDER THEREON.—Recorded.

2. The average rainfall during the year 1913 fell appreciably short both of that of 1912 and the average for the previous 43 years, as shown below:—

			inches
1913	...	...	33·54
1912	...	...	45·73
Average from—			
1870-1912	...	...	37·34

3. Out of the 223 raingauge stations in the State, 193 or 87 per cent were inspected during the year as against 85 per cent in the previous year. In the Chitaldrug District, however, only 48 per cent of the stations were inspected, which cannot be regarded as satisfactory; and Government expect that greater attention will be paid to these inspections in future.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Meteorological Reporter to Government of Mysore.
The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.

Proceedings of the Government of His Highness the Maharaja of Mysore, Revenue (Agriculture), dated 31st July 1914.

READ—

Letter No. 953, dated the 21st July 1914, from the Revenue Commissioner in Mysore, requesting sanction to the grant of an allowance of one rupee to Government servants whose pay is less than Rs. 10 and of Rs. 2 to those whose pay is less than Rs. 20 in the Bangalore District for a period of three months from 1st July 1914 owing to the rise in the price of ragi.

No. R. 803-46—AGRI. 5-14-3, DATED BANGALORE, 31ST JULY 1914.

ORDER THEREON.—As ragi, the common staple food grain of the people, has been selling at less than 12 seers per rupee in parts of the Bangalore, Kolar and Mysore Districts, the Government are pleased to sanction for the month of July 1914 an extra allowance at the following rates in the taluks mentioned in the appended list to all wholetime officials and menials on Civil establishments whose pay does not exceed Rs. 20 per mensem:—

(i) to those drawing a pay exceeding Rs. 16 but not exceeding Rs. 20 per mensem	Rs. 2 per mensem.
(ii) to those drawing a pay not exceeding Rs. 16 per mensem.	Re. 1 do

2. When the pay is less than Rs. 5 per mensem the extra allowance will be increased so as to bring the aggregate pay and allowance to Rs. 6 per mensem.

3. The allowance is admissible to men who are officiating or in temporary employment and also to piece workers in the Government Press, provided that they are drawing rates of salary which have been fixed with reference to normal circumstances; but the allowance is not admissible to men absent on leave or under suspension or to part-time servants who are only engaged by Government for specific duties which do not prevent their earning money in other ways. In the case of men drawing overtime allowances, such allowances should be taken into account in determining their pay for the purposes of this order.

4. The Comptroller to Government is requested to intimate the amount of expenditure involved in the grant of these allowances. The source from which the cost should be met will be pointed out later on.

5. Orders will be passed every month regarding the continuance or otherwise of these allowances on the basis of the prevailing prices.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

Proceedings of the Government of His Highness the Maharaja of Mysore,

NOTIFICATION.

No. R. 257—Ft. 86-13-5, dated Bangalore, 9th July 1914.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that, from the 1st August 1914, the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a "State Forest" subject to the exercise of rights specified at foot thereof:—

SCHEDULE.

District	Taluk, hobli and village	Approximate area	Name of the block	
Shimoga	1. Sagar Taluk, Kasaba hobli, Marur, Bilishri, Halavagode and Jambani villages. 2. Shikarpur Taluk, Belandur hobli, Malla and Mulkere villages. 3. Sorab Taluk, Chittur hobli, Maisavi village.	4·62 square miles	Maisavi	*Situation.*—The block is situated between Sagar and Shikarpur Taluks. *Boundaries.* *North.*—Starting from the north-east corner of resurvey No. 59 (original survey No. 30) of the Marur village (Sagar Taluk) the line runs north-east along the south side of survey No. 76 of Kaisode (Sorab Taluk) for about 35 chains till it meets the trijunction bandhs of the said village, Maisavi and Marur; then south-east through resurvey No. 45 (original survey No. 38) of the Maisavi village for about 25 chains to the south-west corner of resurvey No. 42 (original survey No. 32) of the same village; thence east through resurvey No. 45 (original survey No. 38) of the Maisavi village for about 71 chains to the south-east corner of resurvey No. 27 (original survey No. 18) of the said village; then north-east of resurvey No. 25 (original survey No. 16) of the Maisavi village for about 58 chains to the south-west corner of resurvey No. 19 (original survey No. 13) of the said village; then south-east along the south side of the same survey number to its south-east corner; then north-east through resurvey No. 25 (original survey No. 16) of the same village for about 34 chains to a point about 13 chains east from the south-east corner of resurvey No. 24 (original survey No. 15) of the Maisavi village; thence east along the north side of resurvey No. 25 (original survey No. 16) of the same village and through survey No. 18 of Mulkere for about 23 chains to the southernmost corner of survey No. 8 (tank) of Mulkere village of the Shikarpur Taluk; then south-east through survey No. 18 of the same village for about 63 chains to the south-west corner of survey No. 17 of the said village; thence in the same direction for about 36 chains through survey No. 18 of Mulkere to its south-east corner. *East.*—Then west along the northern boundary of Jambani village for about 28 chains; then south-west for about 29 chains through resurvey No. 80 (original survey No. 68) of the Jambani village of the Sagar Taluk, to the north-west corner of resurvey No. 82 (original survey No. 70) of the same village; thence in the same direction for about 11 chains along its west side; then north-west through resurvey No. 80 (original survey No. 68) and resurvey No. 13 (original survey No. 12) of the said village for about 35 chains to a point about 22 chains north from the northernmost corner of resurvey No. 10 (original survey No. 9) of Jambani village; then south-west through resurvey No. 13 (original survey No. 12) for about 60 chains in a straight line to a point about 5 chains west from the south-west corner of resurvey No. 12 (original survey No. 11) of the said village; then east through resurvey No. 13 (original survey No. 12) for about 5 chains to the south-west corner of resurvey No. 12 (original survey No. 11) of the said village; then south-east in a straight line through resurvey No. 13 (original survey No. 12) of the same village for about 24 chains to the south-west corner of resurvey No. 14 (original survey No. 13) of the said village; then along its south side to its south-east corner; thence south-east through resurvey No. 22 (original survey No. 21) of Jambani for about 55 chains to the south-west corner of resurvey No. 43 (original survey No. 32) of the same village; then along its south side to its south-east corner; then south-west, south-east and south along the western boundary of Lavagere village (Sagar Taluk) to the north-east corner of survey No. 39 of Malla.

Revenue (Forest), dated 9th July 1914.

South —Then along the north side of survey No 39 of Malla for about 30 chains to a point on the right bank of Humchahalla, 5 chains east from the south-east corner of survey No 88 of Malla, thence along the right bank of the said halla for about 70 chains till it meets the south-east corner of resurvey No 14 (original survey No 11) of the Halavagode village, then north through resurvey No. 13 (original Survey No 12) of the same village for about 2 chains to its easternmost corner, then north-west for about 14 chains through the same survey number to its north east corner, thence along its north side to its north-west corner, thence along its west side till it meets the right bank of the Hunchahalla: then along the right bank of the said halla for a distance of about 62 chains to a point about 6 chains south-east from the southernmost corner of resurvey No 17 (original survey No 8) of Halavagode, then north-east in a straight line through resurvey No 12 (original survey No 7) of the same village for about 54 chains to a point about 1 chain south-east from the south-east corner of resurvey No 7 (original survey No 3), then north in a straight line through resurvey No 12 (original survey No 7) and resurvey No 11 (original survey No 6) for about 53 chains to a point abutting on the tank about 18 chain, north-east from the northernmost corner of resurvey No 10 (original survey No 4) of the Halavagode village, thence north-west along the aforesaid tank for about 10 chains, then in the same direction for about 52 chains through resurvey No 11 (original survey No 6) resurvey No 20 (original No 5) of the Halavagode village and resurvey No 65 (original survey No 68) of the Bilishuri village to the north-east corner of the Mankodukere in the said survey number of the Bilishuri village, thence for about 35 chains through resurvey No 65 (original survey No 68) and resurvey No 63 (original survey No 64) of the same village along the old cart-track leading from Mankodukere till it meets the cart-track leading to Maisavi from Maruri, then west for about 3 chains along the southern boundary of Maisavi to the trijunction bandhs of Maruri, Bilishuri and Maisavi villages, then south-west along the western boundary of Bilishuri for about 67 chains to the north-west corner of resurvey No 62 (original survey No 57) of the Bilishuri village, then along to its west side to its south-west corner, thence south-west through resurvey No 72 (original survey No 34) of Maruri for about 21 chains to a point on the right bank of the Humchahalla about 2 chains north from the north-west corner of resurvey No 73 (original survey No 35) of the same village

West.—Thence north along the right bank after the said halla for about 12 chains to the south-west corner of resurvey No 63 (original survey No 33) of Maruri, then along its south side to its south-east corner, thence east through resurvey No 72 (original survey No. 34) of the same village for about 4 chains then north in a straight line through the same survey number for about 57 chains where it cuts the cart-track leading from Venkatapuri to Maisavi, *i.e.*, to a point about 10 chains north-east from the northernmost corner of resurvey No 71 (original survey No 31) of Maruri, then west along the said cart-track for 10 chains to a point 3 chains north-west from the northernmost corner of resurvey No 71 (original survey No 31) of Maruri, then north-west along the east side of resurvey No 59 (original survey No 30) of the same village to the starting point

Remarks —The following rights of way are admitted within the block —

(i) Cart-track from Maruri to Maisavi, 15 feet wide and about 11 chains long, open for men, cattle and carts all the year round It enters the forest in the southern boundary at a point about 5 chains south-west from the north-west corner of the resurvey No 61 (original survey No 57) of Maruri village, runs north east through resurvey No 72 (original survey No 34) and quits the forest in the southern boundary at the north-west corner of resurvey No 62 (original survey No. 57) of Bilishuri, then again it enters the forest in the southern boundary at the north-west corner of Muduvallikere, goes north-east through resurvey No 63 (original survey No 64) of Bilishuri for about 16 chains and resurvey No 45 (original survey No 38) and resurvey No 44 (original survey No 35) of Maisavi and quits the forest in the northern boundary at a point 7 chains south from the south-east corner of resurvey No 40 (original survey No 30) of the same village

(ii) Cart-track from Venkatapura to Maisavi, 15 feet wide and about 49 chains long, open for men, cattle and carts all the year round It enters the forest in the western boundary at a point about 10 chains north-east from the northernmost corner of resurvey No 71 (original survey No 31) of Maruri, goes north-east through resurvey No 45 (original No 34) of Maruri and resurvey No 45 (original survey No 38) of Maisavi and joins cart-track No 1, *supra*

(iii) Foot-path from Maruri to Maisavi, 6 feet wide and about 75 chains long, open for men, cattle only, all the year round It enters the forest in the western boundary at a point 5 chains east from the north east corner of resurvey No 64 (original survey No 33) of Maruri, runs north-east through resurvey No 72 (original survey No 31) of the same village and resurvey No 45 (original survey No 38) of Maisavi and joins cart-track No 1 *supra*

(iv) Foot-path from Kaisodi to Halavagode, 6 feet wide and about 67 chains long, open for men and cattle only, all the year round. It enters the forest in the northern boundary at the trijunction bhands of the Marur, Kaisode and Maisavi villages, goes south-east through survey No. 45 (original survey No. 38) of Maisavi, and quits the forest in the southern boundary at the south-west corner of resurvey No. 45 of Maisavi.

(v) Foot-path from Bilishiri to Maisavi, 6 feet wide and about 52 chains long, open for men and cattle all the year round. It enters the forest in the southern boundary at the north-west corner of Mankudukere, goes north-east and north through resurvey No. 65 (original survey No. 68) of Bilishiri, resurvey No. 11 (original survey No. 6 of Halavagode resurvey No. 45 (original survey No. 38) of Maisavi and quits the forest at the south-east corner of resurvey No. 27 (original Survey No. 18) of Maisavi.

(vi) Cart-track from Jambani to Maisavi, 15 feet wide and about 104 chains long, open for men, cattle and carts throughout the year. It enters the eastern boundary at a point about 9 chains south-west from the north-west corner of resurvey No. 10 (original survey No. 9) of Jambani, runs north-west through resurvey No. 13 (original survey No. 12) of the same village, and resurvey No. 25 (original Survey No. 16) of Maisavi and quits the forest at a point about 3 chains east from the south-west corner of resurvey No. 19 (original survey No. 13 of the same village).

(vii) Foot-path from Halavagode to Maisavi, 6 feet wide and about 64 chains long, open for men and cattle throughout the year. It enters the forest at the southern boundary at a point about 18 chains north-west from the northernmost corner of resurvey No. 10 (original survey No. 4) of Halavagode, runs north-east through resurvey No. 11 (original survey No. 6) of the same village and resurvey No. 13 (original survey No. 12) of Jambani and joins cart-track No. (vi) *supra.*

(viii) Foot-path from Heggathi to Maisavi, 6 feet wide, about 156 chains long open for men and cattle all the year round. It enters the forest in the southern boundary on the Hunchahalla at a point about 5 chains west from the westernmost corner of resurvey No. 14 (original Survey No. 11) of Halavagode, runs north-east through resurvey No. 13 (original survey No. 12) of the same village and resurvey No. 13 (original survey No. 12) of Jambani and joins cart-track No. (vi) *supra.*

(ix) Cart-track from Heggathi to Jambani, 15 feet wide and about 130 chains long, open for men, cattle and carts all the year round. It enters the forest in the southern boundary on the right bank of Hunchahalla at a point about 5 chains east from the southernmost corner of resurvey No. 17 (original survey No. 8) and goes north-east and south-east through resurvey No. 12 (original survey No. 7) of Halavagode and east and north-east through resurvey No. 22 (original survey No. 21) of Jambani and quits the forest in the eastern boundary at a point about 10 chains east from the south-east corner of resurvey No. 14 (original survey No. 13) of Jambani.

(x) Foot-path from Halavagode to Jambani, 6 feet wide and about 51 chains long, open for men and cattle only, throughout the year. It enters the forest in the southern boundary near the south-east corner of Halavagode tank, runs east and south-east through resurvey No. 11 (original survey No. 6) of the same village and resurvey No. 13 (original survey No. 12) of Jamani and quits the forest in the eastern boundary at a point about 10 chains north-west from the north-west corner of resurvey No. 12 (original survey No. 11) of Jambani.

(xi) Foot-path from Halavagode to Thagerthi, 6 feet wide and about 98 chains long, open for men and cattle only throughout the year. It enters the forest in the southern boundary at a point about 8 chains south-east from the south-east corner of resurvey No. 6 (original survey No. 3) of Halavagode, runs south-east and east through resurvey No. 12 (original survey No. 7) of the same village and resurvey No. 22 (original survey No. 21) of Jambani and quits the forest in the eastern boundary at a point about 46 chains south-west from the south-east corner of resurvey No. 43 (original survey No. 32) of Jambani.

(xii) Foot-path from Totaguni to Jambani, 6 feet wide and about 39 chains long, open for men and cattle only, throughout the year. It enters the forest in the eastern boundary at northernmost corner of survey No. 89 of Malla, goes north-east through resurvey No. 22 (original survey No. 21), resurvey No. 23 (original survey No. 72) resurvey No. 25 (original survey No. 71)and again resurvey No. 22 (original survey No. 21) of the Jambani village and joins cart-track No. (ix) *supra.*

(xiii) Foot-path from Jambani to Mulkere, 6 feet wide and about 20 chains long, open for men and cattle only all the year round. It enters the forest in the eastern boundary and a point about 8 chains north from the northern-most corner of resurvey No. 81 (original survey No. 69) of Jambani, runs north-west through survey No. 18 of Mulkere and quits the forest in the northern boundary at the south-west corner of resurvey No. 17 of the same village.

Revenue (Forest), dated 9th July 1914

B The following concessions are admitted within the block —

(i) Resurvey No 44 (original survey No 65) of Maisavi is treated as an enclosure within the block, access to it being along the cart-track leading from Marur to Maisave

(ii) The raiyats of Mulkere are entitled (*a*) to graze free their cattle (104) in the reserve during the prescribed period of the year and (*b*) to remove from the reserve, fuel from the unreserved and unclassified trees at the rate of 12 cart loads per annum, for each family for home consumption and in the case of raiyats who raise sugar-cane 25 cart loads, per annum, in addition, for making jaggery for each acre of sugar cane garden, and materials from the unreserved and unclassified trees for agricultural implements as detailed in the B Register

By Order
D M NARASINGA RAO,
Offg Secy to Govt, Gen. & Rev Depts.

ACCOMPANIMENT No I

Letter No 6990-8, dated Bangalore, 14th November 1913, from K Doraswami Iyer, Esq, Revenue Commissioner in Mysore, to the Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments

I have the honour to forward herewith for the orders of Government the marginally noted papers relating to the conclusion of the settlement of the Maisavi Block in the Shimoga District received from the Forest Settlement Officer with his letter No 225 dated 28th January 1913

*(1 Letter No 105, dated 26th September 1912 from the Forest Settlement Officer
(2) Draft boundary notification
(3) B Register
(4) C Register
(5) Tope tracing
(6) Map
(7) One appeal record
(8) Letter No 228, dated 28th January 1913 from the Forest Settlement Officer

2 The block under reference is situated between the taluks of Sagar and Shikarpur, and covers, as settled, an area of 2,958 acres 20 guntas or 4·62 square miles It consists of assessed waste, Kharab and gomal lands as detailed in the margin and they belong to seven villages

	A	G
(1) Assessed waste	29	8
(2) Kharab	270	0
(3) Gomal	2659	18
Total	2958	26

3 Fourteen claims were preferred before the Forest Settlement Officer during the course of the settlement and all but three were admitted by him In one of the cases which related to the exclusion from the reserve of certain lands of the Bilisiri village, there was an appeal to the Deputy Commissioner against the decision of the Forest Settlement Officer, and the records connected therewith together with the order of the Deputy Commissioner are enclosed for reference and return when no longer required

4. The Deputy Commissioner who is agreeable generally to the reservation in question remarks that more liberal provision is necessary as regards the supply of fuel for domestic consumption and timber for agricultural implements and that the demarcation line is close to assessed lands in some places The reasonable needs of the villagers should be met and the line shifted so that there might be the prescribed margin of five chains everywhere

5 With these observations, I agree to the issue of the final notification

---

ENCLOSURE I

Letter No 105, dated Bangalore, 26th September 1912, from C Venkata Rao, Esq, B A, Forest Settlement Officer in Mysore, to K S Doraswami Iyer, Esq, Revenue Commissioner in Mysore, through the Deputy Commissioner, Shimoga District

I have the honor to report on the conclusion of the settlement of the Maisavi Block in the Sagar, Sorab and Shikarpur Taluks of the Shimoga District

2 The initial notification under Section 4 of the Mysore Forest Regulation, proposing to constitute the area into a State Forest was published on pages 95 and 96, Part I, of the

English issue of the *Mysore Gazette*, dated the 11th March 1909, and the proclamation under Section 5 of the said Regulation was issued by my predecessor, Mr. M. Shama Rao, M. A., and the same appeared on pages 252, 253 and 254, Part II of the Kanarese issue of the *Mysore Gazette*, dated the 22nd April 1909.

3. The proclamatory notices were got served on the villagers concerned through the Amildars of the Shikarpur, Sagar and Sorab Taluks, respectively.

4. I inspected and perambulated the tract in question in company with the Forest Sub-Division Officer and the Amildars of Sorab and Sagar Taluks on the 27th and 28th March 1911.

5. The following 14 claims were preferred to me during the enquiry.

(i) Six claims for rights of way and (ii) Eight claims for miscellaneous rights.

All the claims in (i) were admitted. Out of the eight claims in (ii) five were admitted and three rejected.

6. The result of the appeal communicated to me in the Deputy Commissioner's letter No. 922, dated the 16th September 1912, has been noted in the prescribed column of the "B" Register, and the necessary corrections have been made in the "C" Rigister, the boundary notification and the sketch map which were received back therewith.

7. The following records are herewith submitted.

(i) 'B' Register.
(ii) 'C' Register.
(iii) Sketch map.
(iv) Boundary notification.
and (v) Topo-tracing.

8. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Maisavi State Forest.

o.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
	2	3	4	5	6	7	8	9
	Mari Basappa, patel of Marur, on behalf of the raiyats.	26th Mar. 1911.	States that he has no objection to the formation of a State Forest, if the following concessions are granted. (i) Right of free grazing and (ii) Right to remove fuel and dry leaves or leaf mould from the survey numbers included in the reserve.	.....	As can be seen from the village statistics more than three times the area required for free grazing has been left out for the enjoyment of the villagers. No concession of any description need be granted,	After deducting the area proposed to be included within the reserve, there will still remain for communal purposes of the raiyats of Marur 1,208 acres and 7 guntas. The village has 54 houses with a population of 209 persons and 224 head of livestock; and this area is more than enough for them. I therefore reject the prayer of the patel. C. VENKATA RAO, Forest Settlement Officer. 28th March 1911.	.....	
	Do ...	Do ...	As the preliminary demarcation line touches the cultivated lands it should be shifted to a distance of 200 yards further away.	.....	Nil	As the preliminary demarcation line runs close to cultivated lands bearing survey numbers beginning with 33 and ending with 30, it will be shifted to a distance of 5 chains so as to join the cart-track leading to Shiralkoppa, then along the said cart-track so as to cut the eastern boundary line of original survey No. 30 (re-survey No. 59) with this modification the line within the limits of this village is confirmed. C. VENKATA RAO, Forest Settlement Officer. 28th March 1911.	.....	
	Patel of Murur ...	Do ...	Claims right of way over the following paths :— (i) Cart-track from Venkatapura to Maisavi.	.....	.....	(i) Right of way to the cart-track from Venkatapura to Maisavi passing through Marur limits, is admitted for men, cattle and carts all the year round. Width to be 15 feet. C. VENKATA RAO, Forest Settlement Officer. 28th March 1911.	.....	
	Patel of Marur ...	26th Mar. 1911	(ii) Cart-track from Marur to Maisavi	.....	.....	(ii) Right of way to the cart-track from Marur to Maisavi passing through Bilshiri is admitted for men, cattle and carts throughout the year. Width to be 15 feet. C. VENKATA RAO, Forest Settlement Officer. 28th March 1911.	.....	

B.—Register of claims to lands, rights to forest produce or easements in the proposed Maisavi State Forest—*contd.*

Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
2	3	4	5	6	7	8	9
Patel of Marur ...	26th Mar. 1911	(iii) Foot-path from Marur to Maisavi ...	.....	Nil	(iii) Right of way to the foot-path from Marur to Maisavi is admitted for men and cattle only all the year round. Width to be six feet. C. VENKATA RAO, Forest Settlement Officer. 28th March 1911.	....	
Halappagowda, patel of Bilishiri.	Do ...	Claims right of way over the foot-path from Bilishiri to Halavagode.	.....	Nil	Right of way to the foot-path leading from Bilishiri to Maisavi is admitted for men and cattle only, throughout the year. Width to be six feet. C. VENKATA RAO, Forest Settlement Officer. 28th March 1911.	.....	
Do ...	Do ...	Claims right of way over the foot-path from Bilishiri to Maisavi.	... ..	Nil	Right of way to the foot-path leading from Bilishiri to Maisavi is admitted for men and cattle only, throughout the year. Width to be six feet. C. VENKATA RAO, Forest Settlement Officer. 28th March 1911.	.....	
Halappagowda, patel of Bilishiri, on behalf of the villagers.	Do ..	Represents that as the villagers of Moodavalli (Dakle of his village) will be virtually shut up within the reserve, in the rainy season, as the halla known as Hunchaballa will be in floods the line may be shifted farther	.....	The opinion given for Marur village holds good in this case also About 96 acres of the proposed	The extent of land remaining for the Bilishiri village after deducting the area proposed for the reserve in question is 1,525 acres, 32 guntas. But it is ascertained that a major portion of this extent is not favorable for the growth of grass and that the plot of	(Claims 5 and 9) The Amildar and the District Forest Officer expressed their opinion that the demands of the petitioner could be	

Revenue (Forest), dated 9th July 1914.

away, that the raiyats' cattle may be allowed to graze on payment of nominal hudduni; and that the right to remove from the reserve, dry leaves, sompu for manure, fuel and thorns for domestic purposes as well as for preparing jaggery may be admitted.	area have been excluded and hence the villagers have no ground to complain of any thing. No rights of any description should be admitted.	land measuring about of 160 acres adjoining the cultivated fields is the one on which the villagers depend for pasture for their cattle. I accordingly direct that this extent of 160 acres be excluded and the line modified accordingly. The case calls for no further concessions.	met by making the demarcation line to the west of Bilisiri village run along the western boundary of the village in a north easterly direction till it meets the trijunction bandhs at the southern corner of Misavi village, and continuing it in an easterly direction so as to meet the cart-track leading to Mankodu tank and pass along the cart-track till it meets the said tank and thence on to meet the northern edge of the tank in Halavagode village, enclosing the triangular area between the demarcation line to the east of Bilisiri village as shown in the map and the enclosure in the Halavagode village shown therein. This additional area comprises 3 blocks one to the west of Bilisiri village, measuring 16 acres and 21 guntas, one to the north of it measuring 28 acres and 14 guntas and one to the east measuring 211 acres and 24 guntas, *i.e.*, total extent of 259 acres and 19 guntas. The last named block includes an extent of 18 acres out of survey No. 20 of Halavagode village which is a District Forest and suffices to meet the agricultural and domestic requirements of the raiyats

B.—Register of claims to lands, rights to forest produce or easements in the proposed Maisavi State Forest—*contd.*

Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks

						of the majre villages of Muduvalli and Jambekoppa affected by the reservation. The demarcation line will therefore be shifted in accordance with the above. (Sd.) K. Srinivasa Rao, Deputy Commissioner. Shimoga District. 11th September 1912.	
Forest Settlement Officer in Mysore, on behalf of the raiyats of Bilishiri.	26th Mar. 1911	States that right to the cart-track from Mankodikere to Mudavallikere may be admitted.	.....	Nil	As it is ascertained that there is a cart-track from Mankodikere to Mudavallikere, the villagers are allowed the right of way along the demarcation line connecting the 2 tanks. C. VENKATA RAO, Forest Settlement Officer. 28th March 1911.	.....	
Halappa Gowda, patel of Jambani on behalf of raiyats.	.....	States that the re-survey No. 23 and a portion of survey No. 13 up to the common hotte bandhs of Jambani and Halavagode may be excluded and that if the area cannot be excluded the raiyats may be given the privilege of grazing cattle free and of removing fuel, thorns and soppu from the reserve.	.....	As sufficient area has been excluded in re-survey Nos. 80, 81 and 13 no concessions need be given. The forest is too rich to be burdened with any rights.	For similar reasons set forth in my decision relating to claim No. 3, I would exclude a portion of land in the Jambani village well suited for the growth of grass to an extent of 92 acres adjoining survey No. 82. The line will be deviated at a point 12½ chains to the south of the north-west corner of survey No. 70 (re-survey No. 82) and made to run north-west at right angles cutting the eastern boundary of re-survey No. 13 at a point about 25 chains from the trijunction of Maisavi, Mullakere and Jambani and then westwards for a distance of 5 chains, then southwards for about 60 chains meeting the perpendi-	.....	

					cular set up at a point in the western corner of re-survey No. 19 of the said village about 5 chains from the south-west corner of survey No. 12. As survey No. 81 has since been given out for cultivation, the line running southwards from the trijunction bandhs of Mulkere, Jambani and Teppagode will be deviated at that point and made to run along the northern boundary of the Jambani village, as far as 30 chains and then southwards meeting the north-west corner bandhs of re survey No. 82. C. VENKATA RAO, Forest Settlement Officer. 28th March 1911.

(ii) Right of way to the foot-path leading from Jambani to Mulkere is admitted for men and cattle only all the year round, width to be 6 feet C. VENKATA RAO, Forest Settlement Officer 28th March 1911.	.....
Marilasappa, patel of Halavagode, on behalf of the raiyats	Do ...	Begs to state that the line may be confirmed provided that the raiyats are allowed to graze their cattle free in the reserve, and to remove soppu, fuel and thorns from it	.....	Halavagodi being an abandoned village, there is no necessity of either excluding any area or respecting any privileges. The forest is too rich to be given over to the raiyats and contains many valuable species as Jamba Hunal Beete, etc. A margin of 5 chains around the cultivated area may be left.	Halavagode is a bechirak village The lands remaining after deducting the area proposed for the forest (Maisavi Block) is quite adquate for the requirements of the raiyts of the adjoining villages who cultivate the lands of this village. In view of future expansion of cultivation, I would leave a margin around the cultivated fields I would accordingly decide that an enclosure be formed within the reserve as described below The western boundary of the enclosure will begin at a point 30 chains to the south of the botte bandhs of Bilishuri and Halavagode to the south of the foot-path leading from Bilishuri to Halavagode and run north-east for about 90 chains then east and south almost around the village tank (re-survey No 11) meeting the southern boundary of the enclosure at a distance of about 15 chains. The southern boundary line of the enclosure will begin on the right bank of Hunichihalla about 5 chains from the	(Decision *vide* claim 5)

					1st Pahani stone to the east of the southernmost point of resurvey No. 17 and run in a north-easterly direction for about 55 chains where it meets the eastern boundary of the enclosure at a point about 5 chains from the south-east corner of resurvey No 7. C. VENKATA RAO, Forest Settlement Officer. 28th March 1911.		
Patel of Halavagode ...	26th Mar. 1911	Claims right of way over the following tracks.— (i) Foot-path from Halavagode to Maisavi. (ii) Foot-path from Halavagode to Jambani. (iii) Foot-path from Halavagode to Thagarthi. (iv) Cart-track from Heggathi to Jambani. (v) Foot-path from Heggathi to Maisavi.	... ...	Nil ...	Right to the foot path leading from Halavagode to Maisavi is admitted for men and cattle only, all the year round. Width to be six feet (ii) Right to the foot-path from Halavagode to Jambani is admitted for men and cattle only, throughout the year. Width to be six feet. Right to the foot-path from Halavagode to Thagarthi, is admitted for men and cattle only, throughout the year. Width to be six feet. (iv) Right to the cart-track from Heggathi to Jambani is admitted for men, cattle and carts all the year round. Width to be fifteen feet. (v) Right to the foot-path leading from Heggathi to Maisavi is admitted for men and cattle only, all the year round. Width to be six feet. C. VENKATA RAO. Forest Settlement Officer. 28th March 1911.		

11	Jagadevappa, patel of Maisavi, on behalf of the raiyats.	26th Mar. 1911	Represents that there is no objection to the inclusion of his village lands within the reserve.	.....	The Amildar and the villagers themselves have no objection for the inclusion of the proposed area in the forest. As such, nothing need be given to them.	The line within the limits of Maisavi is confirmed. Original survey No. 35 (re-survey No. 44) shown by mistake as original survey No. 5 in the statement of occupied lands lying within the block will be treated as an enclosure with access to it by means of the cart-track leading from Marur to Maisavi. C. VENKATA RAO, Forest Settlement Officer. 28th March 1911.	
12	Jagadevappa, patel of Maisavi, on behalf of raiyats.	Do ...	Claims right of way over the foot-path leading from Kaisodi to Halavagode.	.....	Nil ...	Right to the foot-path leading from Kaisodi to Halavagode is admitted for men and cattle only, throughout the year, width to be 6 feet. C. VENKATA RAO, Forest Settlement Officer. 28th March 1911.	.....
13	Mari Basappa, a leading raiyat of Mulkere, on behalf of raiyats.	Do ..	Prays that if the line is confirmed the raiyats may be granted the following concessions :— (i) Right of free grazing. (ii) Right to remove from the Reserve (*a*) 10-12 cart-loads of fuel for domestic use and 25 cart-loads for preparing jaggory from sugar-cane standing on one acre of land; (*b*) materials for agricultural implements.	.....	The right of free grazing for 101 cattle may be allowed.	In the village of Mulkere an extent of 311 acres, 21 guntas of gomal lands has been already included within the State Forest of Bellandur. It is now proposed to include 140 acres of this village within the reserve in question. The village is hemmed in on the north and south sides by forest and there is hardly any land remaining for the raiyats for grazing and other communal purposes. I therefore decide that the raiyats of this village be entitled to the following rights and privileges within the block :— (i) Right of free grazing for 101 head of cattle during the prescribed period of the year. (ii) Right to remove fuel from unclassified and unreserved trees at the rate of 12 cart-loads for each house for home consumption and 25 cart-loads per acre in the case of raiyats who have raised sugar-cane for making jaggory per annum. (ii) Right to remove materials for agricultural implements for the use of each raiyat from unreserved and unclassified trees as detailed below :— 2 plough beams. 2 pieces of wood for drill plough (ಬಿತ್ತನೆ) 2 pieces of wood for making (ಕುಂಟೆ ಅಡಿ)	.....

Revenue (Forest), dated 9th July 1914.

ACCOMPANIMENT No. II.

Letter No. 9515, dated Bangalore, 13th March 1914, from Rajakarya Prasakta Rai Bahadur M. Muthanna, Esq., Conservator of Forests in Mysore, Bangalore, to K. R. Srinivasaiengar, Esq., M. A., Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments, Bangalore.

In returning herewith the papers relating to the settlement of the Maisavi Block in the Shimoga District, received with your letter No. R. 3898—Ft. 86-13-2, dated the 25th November 1913, I have the honour to state as follows:—

2. The total area at the disposal of Government in the villages affected by the reservation is 19 square miles, of which only 4·62 square miles have been taken up for the State Forest leaving 12·3 square miles for village use. All the claims urged by the villagers have been granted. In the case of Mulkere village, large concession have been granted in the State Forest. To my mind, the award of the Forest Settlement Officer has erred on the side of extreme generosity, such being the case, I am at a loss to understand the force of the Revenue Commissioner's contention that " more liberal provision is necessary as regards the supply of fuel and timber." The villagers themselves are content with the provisions made and have not asked for more.

3. As regards the last sentence of para 4 of the Revenue Commissioner's letter, I have to state that the line will be shifted 5 chains from the edge of the cultivation as required under para 4 of Government Order No. R. 1294-303—43-1, dated 15th August 1904, when the permanent demarcation line is laid out.

4. The enclosures received with the above are herewith returned.

Proceedings of the Government of His Highness the Maharaja of Mysore, Financial (General Finance), dated 30th July 1914.

No. Fl. 370-419—G. F. 177-13-2, dated Bangalore, 30th July 1914.

Order.—The Government of His Highness the Maharaja of Mysore are pleased to permit all Secretaries to Government, Heads of Departments, Deputy Commissioners of Districts, Superintending and Executive Engineers and Inspectors of Schools to purchase dictionaries for office use from their contingent grants, one copy being given to each office or each section under the separate charge of a gazetted officer, at a cost not exceeding Rs. 2 per copy.

J. S. CHAKRAVARTI,
Financial Secretary to Government.

To—All Heads of Departments.

Exd.—C. R.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 643—Loans 79, dated 23—30th July 1913, submitting for the information of Government the statements of loans and advances below noted for the year 1911-12.—

1. Loan to Encumbered Jaghirdars.
2. Special loans
3. Other loans.
4. Loans to Agricultural Banks.
5. House building advances
6. Loans to Co operative Societies
7. Mysore Weavers' Lines account
8. Advances for relief works made during the famine of 1891 92.
9. Statement of Takavi advances

No. FL. 427-36—G. F. 167-13-3, DATED BANGALORE, 30TH JULY 1914.

ORDER THEREON.—*Loans to Encumbered Jaghirdars.*—At the close of the year 1910-11 there was a balance of Rs. 6,34,224-0-6 remaining unadjusted under this head. In the year under review a sum of Rs. 1,686-5-7 was advanced towards the loan account of the late Mr D. Devaraj Urs. A sum of Rs. 26,282 was recovered during the year, leaving a balance of Rs. 6,09,626-6-1 still to be recovered.

Recoveries under interest amounted to Rs. 34,053-0-3, leaving a balance of Rs. 47,215-15-2 to be yet recovered. Nearly two-thirds of this amount was due from the Nandagudi family alone.

Towards the arrears of instalments of principal there remained a sum of Rs. 61,233-4-8.

It is observed that no credits have been made towards the liquidation of the principal in the case of loans to

(1) the members of the Nandagudi family,
(2) Mr. Siddaraj Urs and Krishnajammani,
(3) the late Mr. D. Devaraj Urs,
(4) Annoo Rama Rao, and
(5) the late Mr. Bakshi Basappaji Urs;

and the recoveries in these cases are not strictly in accordance with the terms of the agreement executed by the debtors.

Instalments of both principal and interest are being regularly credited in the case of the following loans:—

(*a*) Messrs. Agrahar Nanjaraja Urs and Devaraj Urs.
(*b*) The late Mr. B. Gopaliengar.
(*c*) Mr. Sannoo Rao and others of Bakshi Thippiah's family.
(*d*) Mr. Venkata Rao, Gundanahalli.
(*e*) Inamdars under the Hemagiri Anicut.
(*f*) Mr. A. C. Devaraj Urs.

It is satisfactory to note that loans to the family of the late Ragimentdar Lakshman Rao, and Srinivasa Rao and Kesaviah of Bakshi Thippiah's family have been completely discharged. The excess recovery of Rs. 203-2-3 in the case of the latter should be adjusted early and the account closed.

Special loans.—The total outstanding balance at the beginning of the year under review was Rs. 13,73,557-9-6. A sum of Rs. 2,550 was advanced under this head during the year and the total outstanding thereby amounted to Rs. 13,76,107-9-6. Recoveries during the year amounted to Rs. 5,986-13-5, leaving a balance of Rs. 13,70,120-12-1 at the end of the year.

Other loans.— At the beginning of the year under review the balance outstanding was Rs. 4,063-4-11. Rs. 652-5-10 were recovered during the year, leaving Rs. 3,410-15-1 to be yet collected. An additional sum of Rs. 238-3-5 was realised and credited towards the interest on the loans.

Loans to Agricultural Banks.—The balance of loan outstanding on 1st July 1911 was Rs. 7,50,208-4-0 and amount advanced during the year was Rs. 2,596-1-5 the total aggregated to Rs. 7,52,804-5-5. Recoveries during the year amounted to Rs. 1,07,700-7-2, the balance outstanding on 30th June 1912 being Rs. 6,45,103-14-3. Under arrears of interest due on 1st July 1911, exclusive of the figures for the

Coffee Banks, the amount outstanding was Rs. 3,834-2-4; amount due for 1911-12 was Rs. 5,995-7-6; and amount collected was Rs. 5,017 8-5, the balance thereby due on 30th June 1912 being Rs. 4,812-1-5.

House-building advance.—The net outstandings at the beginning of the year was Rs. 1,19,119-13-3 as against Rs. 1,14,635-13-5 in the year previous. The advances granted during the year under review aggregated to Rs. 50,542-8 0. Recoveries in the year amounted to Rs. 69,835-2-9, leaving a balance of Rs. 99,827-2-6 still to be recovered. The amounts outstanding are mostly in the Bangalore and Mysore Districts.

Loans to Co-operative Societies.—The outstanding balance at the beginning of the year 1911-12 was Rs. 616-7-8. No advances were made during the year. Recoveries in the year amounted to Rs. 113-8-4, leaving a balance of Rs. 502-15-4 still to be recovered.

The Mysore Weavers' lines account.—Only a sum of Rs. 18-9-8 is shown as having been recovered during the year and a sum of Rs. 32,255-5-8 is shown as still awaiting adjustment. The latter item has since been ordered to be written off the accounts.

Advances made during the Famine of 1891-92.—There have been no recoveries under this head during the year and Government have already ordered in Government Order No. Fl. 1359-68—G. F. 386-11-2, dated 2nd September 1913, that the Comptroller should in consultation with the Deputy Commissioners concerned see to their early adjustment.

J. S. CHAKRAVARTI,
Financial Secretary to Govt.

To—The Comptroller, Mysore Government.
The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Letter No. 1913, dated 16—17th February 1914, from the Secretary, Insurance Committee, submitting for orders the Report of the Actuary on the finances of the Mysore State Life Insurance Fund, as it stood on the 30th June 1912, together with the resolution of the Insurance Committee.

Extract from the Proceedings of the meeting of the Mysore State Life Insurance Committee, held on Saturday, the 31st January 1914.

Resolution II.

Read the Actuary's report for the quinquennium ending 30th June 1912. The Actuary may be thanked for his interesting report It is resolved that the report be submitted to Government for orders with the following recommendation:—

(*a*) The suggestion made in paragraph 10 of the report cannot be carried out as the policies, the premiums due on which are treated as a debt under Rule 10, cannot be legally cancelled unless the premium due with compound interest equals the bonus assured.

(*b*) The suggestion contained in paragraph II—Distribution of surplus may be sanctioned by the Government, the distribution being made in proportion to the exact number of premiums paid.

(*c*) Further bonus additions to policies which mature during the quinquennium beginning 1st July 1912, referred to in paragraph 14, need not be made in anticipation of the next valuation.

(*d*) The alterations in bonus suggested in paragraph 15 of the report being comparatively small and in the opinion of the Actuary, no strong objection could be made against retaining the present rates, the latter may continue.

(*e*) When a paid up policy and a surrender value is made alternatives, either of which may be taken, the two should be equivalent. At present the surrender value being fixed at 60 per cent, this is not the case. We may say that either a paid up policy or its surrender value calculated as explained in this paragraph 16 will be given

---

No. FL. 221-2—B. 40-13-2, DATED BANGALORE, 20TH JULY 1914.

ORDER THEREON.—On the recommendation of the Insurance Committee, Mr. Thomas Gans Ackland, F.I.A., Honorary F.F.A., Actuarial Adviser to the Board of Trade, England, was appointed to carry out the valuation of the State Life Insurance Fund for the quinquennium ending 30th June 1912.

2. The report submitted by the Actuary is exhaustive and interesting and from the high position Mr. Ackland occupies full confidence may be placed in his report and valuations.

3. After a careful examination conducted on up to date methods, he considers the Fund, sound and well managed, and states that the valuation discloses a surplus of over five lakhs as against one lakh and odd at the end of previous quinquennium.

4. The Actuary further suggests that out of this surplus a reversionary addition of 1 per cent may be made to every policy in force on the 30th June 1912, for every year for which premium has been paid. The Insurance Committee recommend this proposal for sanction and also accept the Actuary's suggestion that the increments may be calculated in proportion to the exact number of premiums paid up to 30th June 1912. This would absorb about four lakhs of the surplus and the balance left provides in the opinion of the Actuary ample security for the future.

Financial (Banking), dated 20th July 1914.

5. Government are pleased to approve of the above recommendations and direct the distribution of the surplus as proposed by the Actuary. His suggestion in respect to the calculation of surrender values on policies accepted by the Committee is also approved.

6. Government desire to place on record their appreciation of the work done by the Actuary and their satisfaction that the fund is financially in a sound condition.

J. S. CHAKRAVARTI,
Financial Secretary to Government.

To—The Secretary, Insurance Committee, returning enclosures.
The Comptroller, Mysore Government.

Exd.—C. K.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Statement received from the Comptroller showing the actual income and expenditure under the Local Funds General for the year 1912-13, and the estimated receipts thereunder for 1914-15.

2. Lists furnished by the Chief Engineer and the Presidents of several District Boards showing the probable cost of the public works proposed to be undertaken out of the Local Funds General during 1913-14.

3. Communication from the Revenue Commissioner furnishing information regarding provision to be made under certain heads in the Local Funds General budget for 1913-14.

No. 373-90—L. B. 211-13-13, DATED BANGALORE, 8TH JULY 1914.

ORDER THEREON.—*Receipts.*—The probable income from all sources is estimated by the Comptroller at Rs. 1,86,320 against an actual income of Rs. 2,27,928 for 1912-13, and the estimate of Rs. 1,90,070 sanctioned for 1913-14.

2. *Mysore Dasara Exhibition.*—In the budget estimates of the Dasara Industrial and Agricultural Exhibition for 1914-15, the income from the Exhibition is accepted at Rs. 4,000. As only one-half of such income is to be credited to Local Funds General a sum of Rs. 2,000 is accepted under this head.

3. *Opening balance.*—The opening balance for 1914-15 is estimated at Rs. 2,72,051 as shown in the margin.

	Rs.
Actual opening balance on 1st July 1913 ...	2,56,901
Estimated receipts for 1913-14	1,90,070
Total ...	4,46,971
Estimated expenditure for 1913-14 ...	1,74,920
Closing balance	2,72,051

4. *Expenditure—A. Public Works.*—The Chief Engineer asked for a grant of Rs. 94,400, as detailed in the margin, inclusive of the usual charges for "Establishment and tools and plant." This provision includes a sum of Rs. 7,500 on account of three bridges proposed to be undertaken on the Tirthahalli-Hulikal road at an aggregate cost of Rs. 58,000. This is retained in the budget as a special case pending sanction of the estimates in the Public Works Department.

	Rs.
1. For projects and original works, now or in progress ...	67,500
2. For special repairs of certain District Fund roads round Bangalore and Mysore—*Vide* G. O. No. (P. W.) 70-5—362-7, dated 15th January 1914	12,500
3. Establishment, tools and plant charges	14,400
Total ...	94,400

5. *Contributions—B. Public Works.*—The Presidents of the marginally noted District Boards have applied for larger grants than the usual allotment of Rs. 1,500. In the cases of Shimoga and Tumkur, the larger grants applied for are on account of more well works. But the proper utilization of grants under the Village Improvement Scheme will obviate the necessity for extra grants from Local Funds General. The increased grant required by the President of Shimoga includes also an amount of Rs. 500 for completing works sanctioned out of the Local Funds General during 1913-14. Since the entire grant from the Local Funds General for 1913-14 has already been credited to the District Funds, Shimoga irrespective of the progress of the works sanctioned out of it, the unspent portion has to be made available during 1914-15 out of the District Funds. The extra grant applied for by the President of the Chitaldrug District Board, is on account of the conversion of a certain cart-track into a road. Government observe that such works ought to be undertaken by the District Boards themselves. The usual allotment of Rs. 1,500 is accordingly provided for each district. The Presidents of Tumkur, Shimoga and Chitaldrug

	Rs.
Shimoga ...	2,500
Tumkur ...	2,600
Chitaldrug ...	2,000

are requested to state for what specific works this allotment will be utilized. In the list of works received from the Kadur District, a sum of Rs. 177 on account of clearing lantana is included. As this is not a usual charge on Local Funds General and as grants under the Malnad Improvement Scheme and the Village Improvement Scheme will be available for this purpose, the same is disallowed. This amount should be utilized only after reporting a work of unobjectionable nature, for the information of Government.

6. *C. Civil charges, industrial and other schools.*—A sum of Rs. 60,000 being the net charges of schools is provided under this head in accordance with Government Order No. 2190-1—Edn. 328-12-4, dated the 22nd August 1913.

7. *Indigenous Hospital at Mysore.*—Last year a sum of Rs. 2,760 only was provided under this head as there was no charge to the Local Funds General on account of Mr. Venkoba Rao, who was placed in charge of the Hospital. But a sum of Rs. 33 per mensem has since been ordered* to be paid out of the Local Funds General as contribution towards the pay of Mr. Venkoba Rao, and a provision of Rs. 3,156 is therefore made under this head this year.

*G. O. No. 7529-31—Med. 50-12-12, dated 4th February 1914.

8. *Dasara Exhibition.*—A moiety of the entire expenditure under this head is debitable to Local Funds General. As a sum of Rs. 21,400 is provisionally accepted on account of expenditure in the Exhibition budget for 1914-15, one-half thereof is provided in this budget.

9. *Pasteur Institute, Coonoor.*—A provision of Rs. 1,000 is made under this head in accordance with Government Order No. 2168-79—L. B. 38-12-5, dated the 19th October 1912.

10. *Demonstration of well-boring instruments.*—A sum of Rs. 1,000 is provided for the well-boring staff pending orders on the question of its further retention or otherwise.

The budget estimates as now revised and sanctioned stand as shown below:—

	Rs.
Probable opening balance on 1st July 1914 ...	2,72,051
Probable receipts during 1914-15	1,86,320
Total ...	4,58,371
Deduct expenditure	1,86,700*
Balance	2,71,671
*A. Public Works	94,400
B. Public Works	12,000
C. Civil Charges	80,300
Total ...	1,86,700

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary (Municipal), dated 17th July 1914.

READ—

Letter No. S. 786, dated the 25th March 1914, from the Deputy Commissioner, Bangalore District, soliciting instructions as to whether in a case where an Officer subordinate to the Deputy Commissioner of a District is appointed by Government to perform the functions of a Deputy Commissioner under the Land Acquisition Regulation, a written application made to the Deputy Commissioner of the District by the parties interested in the acquisition asking for a reference to Civil Court for an adjudication of their claims is binding on such subordinate officer.

2. Letter No. S. 906, dated the 6th May 1914, from the same officer submitting the records of the case that gave rise to the said question.

No. 684-91 -Ml. 314-13 1, DATED BANGALORE, 17TH JULY 1914.

ORDER THEREON.—Government consider that in a case where a Special Officer is appointed by them under Section 3, Cl. (c) of the Mysore Land Acquisition Regulation, VII of 1894, to perform the functions of a Deputy Commissioner under that Regulation, the written application contemplated in Section 18 thereof should be made to such Special Officer and not to the Deputy Commissioner of the District.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioner, Bangalore District, returning the records submitted with the 2nd letter read above.

The Deputy Commissioners of other Districts.

READ—

Government Order No. 8036-84—Med. 21-13-13, dated the 24th February 1914, passing orders on the scheme for the improvement of the Malnad.

(2) Correspondence ending with letter No. 17, dated the 11th May 1914, from the Special Revenue Officer for Malnad Improvement, forwarding a copy of the proceedings of a meeting of the three Malnad Improvement Committees held at Arsikere on the 9th May 1914.

(3) Proceedings * of a meeting of the Deputy Commissioners of Shimoga, Kadur and Hassan Districts, and of certain leading gentlemen of the Malnad tracts, held at Mysore on the 8th June 1914, under the Presidency of Mr. M. Krishnaraj Urs, Second Member of Council, for the consideration of certain questions connected with the improvement scheme.

(* Printed as Annexures.)

No. 541-9—MED. 21-13-107, DATED BANGALORE, 11TH JULY 1914.

ORDER THEREON.—Government are pleased to accept the following resolutions of the meeting held at Mysore on the 8th June: —

(i) That the Central Committee meetings be held once in four months and the District Committee meetings once in two months.

(ii) That the District Committees consist of not less than 9 members and not more than 12.

(iii) That the strength of the Central Committee be fixed at 12 including official and non-official members, that Shimoga, Kadur and Hassan, send 5, 4 and 3 representatives, respectively, and that the Sanitary Commissioner and Lieut.-Colonel Foulkes, I. M. S., be also members of the Central Committee.

(iv) That questions regarding matters common to all the three Committees be referred to the Central Committee by either the District Committee or Government, that the District Committees deal with local matters and that, in case the District Committee does not accept the resolution of the Central Committee, the former should refer the matter to Government.

(v) That estimates for sanctioned works costing not more than Rs. 500 may be sanctioned by the Secretary, those above Rs. 500 and not exceeding Rs. 1,000 by the Deputy Commissioner-Chairman, and those exceeding Rs. 1,000 by the District Committees.

(vi) That payment for all works executed on estimates sanctioned by the three authorities referred to above, be made by the Secretary irrespective of the amount involved, on bills passed by him.

2. The Special Revenue Officer may, under the general or special instructions of the Deputy Commissioners, sign communications in all routine and ordinary matters for Deputy Commissioners. Government look to the Deputy Commissioners who are entrusted with full authority in regard to operations connected with the scheme to take all steps necessary to ensure the smooth progress of operations and the attainment of tangible results.

3. In regard to the powers of selection, distribution and control of the special staff, the Special Revenue Officer may exercise the following powers: —

(i) Powers of selection up to a maximum pay limit of Rs. 40 per mensem.

(ii) Powers of distribution of the staff within the respective districts, subject to the approval of the Deputy Commissioners concerned.

(iii) Powers of control over the staff up to a maximum pay limit of Rs. 40 per mensem and power to fine up to Rs. 10 in regard to those drawing a pay of above Rs. 40 per mensem.

4. Special Revenue Officer may also utilize the services of vaccinators during his tours for vaccination work.

Proceedings of the Government of His Highness the Maharaja of Mysore,

5. The orders of Government in regard to the other points referred to in the proceedings of the special meeting held at Mysore on the 8th June last will be separately communicated to the Deputy Commissioners and the other officers concerned.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Chairmen, Malnad Improvement Committees.
The Sanitary Commissioner in Mysore.
The Chief Engineer of Mysore.
The Secretary, Malnad Improvement Committees.
Lieut.-Colonel Foulkes, I. M. S., etc.
The Comptroller, Mysore Government.
The Revenue Commissioner in Mysore.

Exd.—C. R.

Local Fund and Sanitary (Medical), dated 11th July 1914.

ANNEXURE I.

Letter No. 17, dated 13th May 1914, from the Special Revenue Officer, Malnad Improvement, Shimoga, to the Secretary to Government, General and Revenue Departments.

Referring to your No. 11092—Med. 24-13-47, dated the 7th May 1914, forwarding a statement of matters to be placed before the joint meeting of the Committees of Shimoga, Kadur and Hassan of the Malnad Improvement Scheme for an expression of their views and to make a report thereon, I have the honour to submit herewith proceedings of the joint meeting held at Arsikere on the 9th instant.

In doing so, I beg to submit my remarks relative to the proposals of the Committees on certain points referred to in the statement.

1. The appointment of Special Sanitary Officers as *ex-officio* Assistant Secretaries to the District Committees.

First as regards the desirability of appointing Special Sanitary Officers as *ex-officio* Assistant Secretaries, the Committees are opposed to it for the reason that the Special Sanitary Officer "will not be in possession of full facts on all matters" and suggest as a remedy to the inconvenience now felt by the Revenue officer in convening three District Committee Meetings within a space of one month, to shorten the frequency of these meetings, *i.e.*, from an interval of one month to that of two months between two such meetings.

It appears to me that notwithstanding this proposal of the Committee, *i.e.*, holding of the District Committee Meetings once in two months, there will still arise occasions on which the Secretary may be unavoidably absent from any one of these District Committee Meetings and to meet such contingencies, I am of opinion that the appointment of an *ex-officio* Assistant Secretary is very necessary.

2. An amendment of the standing order to the effect that the Central Committee meetings should be held not less than once in six months.

With reference to this, the proposal of the Committees is to hold such meetings once in four months.

3. The question whether in order to save time the Deputy Commissioner should not deal direct with the Amildar in all matters pertaining to the Malnad Improvement without the intervention of the Sub-Division Assistant Commissioner.

The opinion of the Committees is not in favour of this proposal.

4. Revision of the sanctioned establishment as shown below:—

While the Committees are agreeable to the proposed scale of the establishment for the office of the Revenue Officer, they consider it necessary to appoint 1 clerk and 1 peon for each Deputy Commissioner-Chairman on Rs. 40 and Rs. 8 respectively.

		Rs.
1 Clerk on Rs. 25 to each of the three Committees	...	75
Office of the Revenue Officer.		
1 Accountant on Rs. 60—5—75	...	70
1 Clerk on Rs. 50—5—65	...	60
1 Typist ...	...	30
1 Registering clerk ...	...	20
1 Mutchi ...	...	10
2 Peons (8, 7) ...	...	15
Total	...	205
Grand Total	...	280

This involves an additional expenditure of Rs. 69 a month. No peon seems to have been sanctioned for the District Economic Conference Committee. However a peon may be necessary.

5. The following proposals in regard to powers—

(i) Estimates for sanctioned works costing not more than Rs. 500 may be sanctioned by the Revenue Officer, those above Rs. 500 and not exceeding Rs. 1,000 by the Deputy Commissioner-Chairman and those exceeding Rs. 1,000 by the District Committee.

The meeting agrees with this proposal.

(ii) Payment for all works executed under estimates sanctioned by the three authorities referred to above may be made by the Revenue Officer irrespective of the amounts involved.

The meeting is in favour of this proposal.

(iii) What powers should be conceded to the Revenue Officer with reference to the selection and distribution of the special staff and the powers of control over these and the other officers working under him.

The resolution passed at the meeting is as follows:—

Resolved that the powers of selection may be delegated to the Revenue Officer to the limit of pay of Rs. 40 per mensem.

Full powers of distribution of staff within the respective districts subject to the approval of the Deputy Commissioner concerned.

Full powers of control over the special staff up to a pay of Rs. 40 per mensem and power of fine up to Rs. 10 concerning those drawing pay above Rs. 40.

(iv) Whether the Revenue Officer should not have control over the Amildars with respect to the works pertaining to the Malnad Improvement in the same way as Sub-Division Assistant Commissioners.

It was resolved in the meeting that there was no necessity for the Revenue Officer to exercise direct control over the Amildars.

Here I may be permitted to submit that unless an officer on special duty of an arduous nature having jurisdiction over an extensive area is given some extra powers over the taluk executive officers whose aid and active co-operation are absolutely indispensable, no efficiency and promptitude can be secured.

(v) Whether the Revenue Officer may not sign the communications addressed to the Amildar for the Deputy Commissioner and *ex-officio* Chairman of the Committee.

The resolution of the Committee on this point was that signing for the Deputy Commissioner-Chairman might be allowed, if necessary, to the extent permitted by the latter.

It may be noticed that the resolution does not say whether there is necessity or not for signing for Deputy Commissioner-Chairman, and does not also specify in what circumstances the proposal may be conceded.

As this is a question in which no two Deputy Commissioners would come to a definite conclusion, I request that this matter may be decided by the Government.

(vi) Whether the Revenue Officer should not be empowered to utilize during his tours the services of vaccinators for spreading vaccination.

The Committees are agreeable to this proposal.

Local Fund and Sanitary (Medical), dated 11th July 1914.

6. The Amildars may be empowered to exercise a general control over the work of the overseers in their taluks and to countersign all estimates and bills for works under the Malnad Improvement Scheme.

The resolution on this question is as follows: —

This meeting is of opinion that it would be preferable to have a sub-overseer of the standard of Assistant Sanitary Inspector's qualifications on Rs. 30 in each malnad taluk to be supervised by a D. P. W. Overseer on Rs. 70 in the Hassan District, 2 such overseers in each of the districts of Shimoga and Kadur with a clerk on Rs. 15 attached to each overseer. This overseer will be required to check and countersign estimates.

Malnad Improvement works are more of a general sanitary nature than technical. I am afraid that without the active aid and co-operation of the Taluk Amildars, much progress or good work cannot be expected. To have local and effective supervision over the special staff, I think it is necessary to empower Amildars to exercise a general control over the work of the overseers.

ENCLOSURE TO ANNEXURE I.

Proceedings of the First Joint Meeting of the three Committees of Shimoga, Kadur and Hassan Districts, of the Malnad Improvement Scheme, held at Arsikere on Saturday the 9th May 1914.

Present.

1. Mr. P. R. W. Wetherall, Deputy Commissioner, Hassan, and Chairman.
2. „ K. Matthan, Deputy Commissioner, Shimoga.
3. „ Ananda Rao, S. Sirsi, Revenue Officer, and Secretary, Malnad Improvement Scheme.
4. Rao Bahadur Mr. T. V. Arumugam Mudaliar, Sanitary Commissioner.
5. Mr. E. S. Krishnaswami Iyer, Surgeon on Special Duty, Malnad Improvement Scheme.
6. „ J. V. Karve, Special Sanitary Officer, Shimoga.

Absent.

Mr. Krishna Iyer, Deputy Commissioner, Kadur.

SHIMOGA DISTRICT COMMITTEE.

Official Members present.

1. Mr. S. Narayana Rao, Assistant Commissioner, Sagar Sub-Division.
2. „ B. V. Rama Iyengar, District Forest Officer, Shimoga.
3. „ S. Dharma Rao, Amildar, Tirthahalli.
4. „ S. Mohadin Sheriff, Amildar, Nagar.

Absent.

1. Mr. G. B. Heblikar, Assistant Commissioner, Shimoga.
2. „ V. R. Nigagal, Executive Engineer.

Non-official Members present.

1. Mr. S. R. Balakrishna Rao, Advocate, Shimoga.
2. „ A. Narasimhiengar, Pleader, Sagar.

Absent.

1. Mr. Devangi Ramanna Gowda.

KADUR DISTRICT COMMITTEE.

Official Members present.

1. Mr. K. Ponnappa, Executive Engineer.
2. „ D. Srinivasiengar, District Excise Officer.
3. „ G. S. David, District Medical Officer.

Proceedings of the Government of His Highness the Maharaja of Mysore,

Absent.

Mr. B. T. Kesaviengar, Assistant Commissioner.
„ M. Machia, District Forest Officer.

Non-official Members present.

None.

HASSAN DISTRICT COMMITTEE.

Official Members present.

1. Mr. H. Sreenivasa Rao, District Forest Officer, Hassan.
2. „ M. Sadasiva Rao, Assistant Commissioner, Saklespur.
3. „ V. S. Rajagopalachar, District Excise Officer, Hassan.
4. „ M. G. Samuel, Special Sanitary Officer, Hassan.
5. „ F. Fernandez, Assistant Surgeon, Saklespur.

Absent.

1. Mr. V. Ramanujulu Naidu, Sub-Assistant Engineer, Saklespur.

Non-official Members present.

1. Mr. Donigal Nanje Gowda, Manjarabad Taluk.
2. „ Lakkunda Kesavachar, Belur Taluk.

Before the subjects for discussion were taken up, the Secretary briefly explained the object of the joint meeting of the three Committees and read letters received from Dr. Foulkes, Durbar Physician and Surgeon, and Messrs. B. T. Kesava Iyengar, J. Ganesha Rao, Nanje Gowda *alias* Puttegowda and Narasimhaiya, expressing their regret at their inability to attend the meeting, also one from Mr. K. Krishna Iyer, observing that in his opinion the Government order requiring the holding of the joint meeting of the Committees contemplates that such meeting should be convened at Malnad Centres.

I. The subject taken up after this was the reading of the monthly proceedings of the three District Malnad Committees.

Resolved, with reference to resolutions numbers 14 and 15 passed at the first meeting of the Shimoga and Kadur District Committees, respectively, that quinine be distributed in the shape of powder packets for the present.

II. Read letter No. 11092—Med. 24-13-47, from the Secretary to the Government of Mysore, General and Revenue Departments, forwarding a statement of matters to be placed before the joint meeting of the Committees for an expression of their views on each of the points noted below:—

III. The appointment of Special Sanitary Officers as *Ex-officio* Assistant Secretaries to the District Committees.

Resolved that this meeting is of opinion that it does not appear possible for the Special Sanitary Officer to take the place of the Secretary at any meeting as he will not be in possession of full facts on all matters.

This meeting therefore suggests that the meetings of each District Committee be ordinarily held once in two months.

IV. An amendment of the standing order to the effect that the Central Committee meetings should be held not less than once in six months.

Resolved that this meeting is of opinion that four months would be a convenient interval between meetings of the joint Committees.

V. The question whether in order to save time the Deputy Commissioners should not deal direct with the Amildars in all matters pertaining to Malnad Improvement without the intervention of the Sub-Division Assistant Commissioners.

Resolved that this meeting is of opinion that it is desirable that orders issued by the Deputy Commissioners to Amildars should pass through the Sub-Division Assistant Commissioners.

VI. Revision of the sanctioned establishment as shown below:—

1 Clerk on Rs. 25 to each of the three District Committees Rs. 75

Office establishment of the Revenue Officer.

			Rs.
1 Accountant on Rs. 60—5—75	...	...	70
1 Clerk on Rs. 50—5—65	...	...	60
1 Typist on Rs. 30	...	...	30
1 Registering clerk	...	...	20
1 Mutchi	...	...	10
2 Peons, 8 and 7	...	...	15

Local Fund and Sanitary (Medical), dated 11th July 191 .

Resolved that this meeting is of opinion that, provided Government are not prepared to consider the question of having a separate Secretary for each Committee, the following revision of establishment may be sanctioned:—

		Rs.
One clerk for each Committee's Chairman on	...	40
One peon do do do	...	8
Total for the three Committees ...	...	144
Office establishment for the Revenue Officer as recommended	...	205
Grand Total	...	349

VII. The following proposals in regard to powers:—

Estimates for sanctioned works costing not more than Rs. 500 may be sanctioned by the Secretary to the District Committee, those above Rs. 500 and not exceeding Rs. 1,000 by the Deputy Commissioner-Chairman and those exceeding Rs. 1,000 by the District Committee.

Resolved that this meeting agrees with these proposals.

VIII. Payments for all works executed under estimates sanctioned by the three authorities referred to above may be made by the Secretary irrespective of the amounts involved.

Resolved that this meeting agrees with this proposal.

IX. What powers should be conceded to the Revenue Officer with reference to the selection and distribution of the special staff and the powers of control over these and the other officers working under him.

Resolved that the powers of selection may be delegated to the Revenue Officer to the limit of pay Rs. 40 per mensem.

Full powers of distribution of staff within the respective districts subject to the approval of the Deputy Commissioner concerned.

Full powers of control over the special staff up to a pay of Rs. 40 per mensem, and power of fine up to Rs. 10 concerning those drawing pay above Rs. 40.

X. Whether the Revenue Officer should not have control over the Amildars with respect to the works pertaining to the Malnad Improvement in the same way as Sub-Division Assistant Commissioners.

Resolved that this meeting is of opinion that there is no necessity for the Revenue Officer to exercise direct control over the Amildars.

N.B.—Mr. Balakrishna Rao, proposed an amendment that the Revenue Officer do exercise the same powers over Amildars as Revenue Sub-Division Officers which being put to the vote was lost.

XI. Whether the Revenue Officer may not sign the communications addressed to the Amildar for the Deputy Commissioner and *ex-officio* Chairman of the Committee.

Resolved that this meeting is of opinion that signing for the Deputy Commissioner-Chairman may be allowed, if necessary, to the extent permitted by the latter.

XII. Whether the Revenue Officer should not be empowered to utilize during his tours the services of vaccinators for spreading vaccination.

Resolved that this meeting is of opinion that such may be allowed.

XIII. The Amildars may be empowered to exercise a general control over the work of the overseers in their taluks and to countersign all estimates and bills for works under the Malnad Improvement Scheme.

Resolved that this meeting is of opinion that it would be preferable to have a sub-overseer of the standard of Assistant Sanitary Inspector's qualification on Rs. 30 in each Malnad Taluk to be supervised by one Public Works Department Overseer on Rs. 70 in the Hassan District, two such overseers in each of the Districts of Shimoga and Kadur with a clerk on Rs. 15 attached to each overseer. This overseer will be required to check and countersign estimates.

XIV. The desirability of appointing an officer of the Public Works Department of the status of a Sub-Assistant Engineer to check the estimates and the improvement works undertaken by the Committee during their progress and after their completion.

Resolved that this meeting after considering the above proposal concerning the appointment of five Public Works Department Overseers on Rs. 70 each in the Malnad portions of the three districts, the alternative proposal relating to a Sub-Assistant Engineer, may be deferred for the present.

Proceedings of the Government of His Highness the Maharaja of Mysore,

XV. The last subject taken up for consideration was the establishment of Maternity Hospitals in places where there are at present Lady Apothecaries, and opening additional Maternity Hospitals in important centres in the Malnad region under the charge of Lady Apothecaries.

Resolved that this meeting is in favour of the proposal.

P. R. W. WETHERALL.
Chairman, Joint meeting of the three District Malnad Committees of Shimoga, Kadur and Hassan.

ANNEXURE II.

Proceedings of the meeting held at 8 A. M. on the 8th June 1914 at the Public Offices, Mysore, to consider certain questions connected with the Malnad Improvement Scheme.

Present.

1. M. Kantaraja Urs, Esq., B.A., Chairman.
2. Rao Bahadur T. V. Arumugum Mudaliar, Esq., M.B.,C.M., Senior Surgeon and Sanitary Commissioner.
3. P. R. W. Wetherall, Esq., Deputy Commissioner, Hassan District.
4. K. Krishna Iyer, Esq., Deputy Commissioner, Kadur District.
5. K. Matthan, Esq., B.A., Deputy Commissioner, Shimoga District.
6. D. M. Narasinga Rao, Esq., B.A., B.L., Officiating Secretary to the Government of Mysore.
7. Ananda Rao Sirsi, Esq., B.A., LL.B., Special Revenue Officer, Malnad Improvement.
8. S. R. Balakrishna Rao, Esq., B.A., LL.B.
9. K. Shankarnarayana Rao, Esq., M.A., B.L.
10. S. Venkatesiah, Esq., B.A., B.L.
11. U. S. Shiva Rao, Esq., B.A., B.L.
12. C. Srinivasa Rao, Esq.
13. H. Krishna Rao, Esq.
14. S. Manjaiya, Esq.
15. M. Venkataramaiya, Esq.
16. H. Basave Gowda, Esq.

The President opened the proceedings by briefly explaining the object of the meeting.

2. The Secretary Mr. D. M. Narasinga Rao, then placed before the meeting the subjects for consideration.

3. The following resolutions were passed:—

(i) That there should be a District Committee for each of the three Malnad districts.

(ii) That select representatives of each District Committee meet at a Central Committee.

(iii) That the Central Committee meeting be held once in four months and that the District Committee Meetings once in two months.

(iv) That the members of the District Committees consist of not less than 9 and not exceeding 12.

(v) That the strength of the Central Committee be fixed at 12, including official and non-official members, and that Shimoga, Kadur, and Hassan send 5, 4, and 3 representatives respectively.

(vi) That no special officer is needed for the Malnad Improvement work in the district and that the work be executed by the Amildars under the direction of the Sub-Division Officers with the aid of the special staff.

(vii) That in each of the three districts an additional Assistant Commissioner is, in any case necessary, and when this additional officer is given, one of the Assistant Commissioners in the district can be appointed Secretary to the District Committees and the respective Sub-Division Officers can supervise the operations and that, in that case, no special officer for the three districts will be necessary.

Local Fund and Sanitary (Medical), dated 11th July 1914.

(viii) That questions be referred to the Central Committee either by the District Committee or Government and that such points generally be points common to all the three and that the District Committees deal with local matters that in case where the District Committee does not accept the resolution of the Central Committee it will be in the discretion of the District Committee to refer the matter to Government

(ix) That, if the Special Revenue Officer continues, he will act as Secretary to the Central Committee as well as to the District Committees if not, the Senior Deputy Commissioner who will preside over the Central Committee nominate a member of the Committee to act as Secretary to the Central Committee

(x) That a whole-time District Sanitary Officer be given to the Hassan District, as a part of the general sanitary scheme independent of the Midnad Improvement Scheme

(xi) That estimates for sanctioned works costing not more than Rs. 500 may be sanctioned by the Secretary, those above Rs. 500 and not exceeding Rs. 1,000 by the Deputy Commissioner-Chairman, and those exceeding Rs. 1,000 by the District Committee

(xii) That payments for all works executed under estimates sanctioned by the three authorities referred to above, be made by the Secretary irrespective of the amounts involved, on bills passed by him

M. KANTARAJ URS.
Chairman

Proceedings of the Government of His Highness the Maharaja of Mysore.

PRESS COMMUNIQUE.

The Government of His Highness the Maharaja are pleased to direct that the Report of the Committee appointed for testing the purity of the vaccine lymph manufactured and used in the State and the order of Government thereon be placed at the disposal of the press for the information of the public.

By Order,
D. M. NARASINGA RAO,
Offg Secy. to Govt., Gen. & Rev. Depts.

3rd July 1914.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Government Order No. 470-2—San. 108-12-2, dated 11th July 1913, appointing a Committee for testing the purity of the vaccine lymph manufactured and used in the State and reporting on the working of the Vaccination Regulation.

2. The Report of the Committee.

No. 92-4—SAN. 108-12-7, DATED BANGALORE, 3RD JULY 1914.

ORDER THEREON.—In view of complaints made in regard to the alleged unsuccessful or bad results of vaccination in a few cases, the Government of His Highness the Maharaja of Mysore in their Order No. 470-2—San. 108-12-2, dated the 11th July 1913, appointed a Committee consisting of Mr. P. S. Achyuta Rao, L.M.S., Sanitary Commissioner in Mysore, Lieutenant-Colonel T. H. Foulkes, F.R.C.S., M.R.C.P., I.M.S., Durbar Surgeon and Physician and Rao Bahadur Mr. T. V. Arumugam Mudaliar, M.B. & C.M., then Medical Officer in charge of the Victoria Hospital, Bangalore, to investigate and report upon the following points:—

(i) The purity of the vaccine lymph manufactured and used in Mysore with suggestions for improving the method of its manufacture.

(ii) The expediency of extending the provisions regarding compulsory vaccination under the Regulation to other areas in the State.

(iii) The directions in which any relaxation of the rules regarding compulsory vaccination may be desirable.

2. The Committee have submitted their report after inspecting the processes of manufacture adopted in the Vaccine Institute and having the efficacy of the lymph tested in the districts under the personal supervision of the District Sanitary Officers and also by an analytical examination of the lymph by competent authorities in Madras, Bengal, Bombay and Belgaum.

3. The report of the Committee establishes the main conclusion that the Mysore lymph is free from harmful impurities, that it is second to none in respect of potency and that with a reduction of the extraneous but harmless organisms, from which no vaccine lymph can be absolutely free, it is possible to secure a much higher degree of purity from the bacteriological point of view. With this object, the Committee recommend the manufacture of glycerinated calf lymph in future in place of the present lanoline paste, the preservation of such lymph at a lower temperature; the isolation of the Vaccine Institute by providing, if possible, a separate building with accommodation for calves, observation sheds, operation room, bacteriological laboratory, testing rooms, etc., the training of vaccinators at the Institute short period in the method of vaccination, and the supply to the vaccinators rtable metal cases to keep the instruments and the materials required for sing purposes. The Committee further consider that the compulsory provi- of the Vaccination Regulation may be confined, as at present, only to those where a Magistrate is stationed and that no relaxation of the Vaccination is called for.

. The recommendations made by the Committee meet with the general val of Government and they are pleased to direct that steps be taken to give to the proposals as early as practicable.

. Government desire to convey their thanks to the Members of the Com- for their very careful investigation of the question, and the able and interest- port they have submitted.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

o—The Sanitary Commissioner with the Government of Mysore.
P. S. Achyuta Rao, Esq., L.M.S., Retired Sanitary Commissioner.
Lieutenant-Colonel T. H. Foulkes, I.M.S., Durbar Physician and Surgeon.

Proceedings of the Government of His Highness the Maharaja of Mysore,

Report of the Committee appointed in Government Order No. 470-2—San. 108-12, dated the 11th July 1913, for further testing the purity of the vaccine lymph manufactured and used in the State and of arriving at definite conclusions with respect to the working of the Vaccination Regulation.

Altogether three meetings of the Committee were held, the first on the 19th August 1913, the second on the 22nd idem, and the 3rd and last on the 19th instant.

2. An inspection was made of the minutiæ of the several processes, while the officers and men were actually at work in the Institute. For the purpose of practically testing the potency of the lymph samples prepared at the time were taken and sent out to the District Sanitary Officers for trial under their personal supervision and report. Next, with the object of ascertaining the degree of bacteriological purity, samples were despatched to the Directors of the marginally noted Institutes for examination.

1. Director, King Institute, Guindy, Madras.
2. The Sanitary Commissioner with the Government of Bengal.
3. The Director, Bombay Bacteriological Laboratory.
4. The Director, Vaccine Institute, Belgaum.

3. The first point to be decided was naturally whether the lymph now being issued was of that degree of potency and purity required of all good lymphs. From the reports of the practical tests made by the several Health Officers, we have to conclude that it is second to none in respect of potency. The bacteriological reports, however, disclose that the lymph contained 126,000,000 organisms per grain which is far greater than should be found in good lymph. It is true, that no vaccine lymph can be free from extraneous organisms and that the bacilli found in our lymph consisted mostly of harmless staphylococcus Albus. Nevertheless, it should be our endeavour to eliminate or at any rate to reduce the number of such organisms.

4. The Officer in charge of the Vaccine Institute, states that "in making lanoline vaccine the attempt is only to have as few extraneous organisms as possible and to have no organisms of a harmful nature." So far as the latter condition is concerned, we are satisfied that the attempt has been successful. But in regard to extraneous organisms the method adopted seems capable of improvement. In the examination of the lymph, made by the Director, Vaccine Institute, Belgaum, no diminution in the number of extraneous micro-organisms was detected after an interval of sixteen days and from this result it is concluded that the lanoline with which the lymph was mixed has no purifying effect whatever. Lanoline has the advantage of being a good diluent, but beyond this its usefulness is not evident. So far as we could gather from the reports on vaccination in various provinces of British India, glycerinated calf lymph is in use everywhere with the exception of Behar and Orissa, and Bengal.

5. Our first recommendation therefore, is, that following the lead of British India the manufacture of lanoline lymph be abandoned in favor of glycerinated calf lymph. Glycerine certainly has a marked germicidal action on the extraneous germs other than spores, but as this action is dependent to a large extent on temperature, it is essential for the preservation of the potency of glycerinated lymph, that it should be stored at a temperature below the freezing point and not exposed to ordinary temperature longer than necessary. It has been found that kept at low temperatures the potency may be preserved unimpaired for years though the elemination of the extraneous germs is thereby somewhat delayed; we would therefore go a step further and advocate the use of a simple disinfectant to supplement the action of glycerine. It has been proved by Dr. Blaxall, Medical Officer, Local Government Board, that oil of cloves mixed with glycerinated lymph in suitable proportion rapidly effects a great reduction in the extraneous germs in calf lymph (Staphylococcus albus Aurous mostly) at the same time in no way impairing the efficiency of the lymph. "A mixture of 50 per cent glycerine and sterilised distilled water is made. This is then titurated and carbonate of soda added sufficient to bring to neutrality. This mixture is sterilised by steam. "One per cent oil of cloves is added and the mixture shaken for half-an-hour or till a homogeneous fluid is obtained in which no free oil can be seen. This solution is then used in precisely the same way as usual, four times by weight of this fluid to one part by weight of vaccine pulp."

6. In Belgaum, the lymph is chloroformed and then glycerinated. But with chloroform there is not sufficient margin of safety between the lethal action on the extraneous germs and the commencing detrimental effect on the specific organism. Moreover, injury to the specific virus might occur from glycerine and chloroform in simultaneous combination. Any association of the vaccine emulsion with glycerine should be deferred until such time as the work of the chloroform in removing the extraneous non-spore bearing bacteria has been fully performed and until the chloroform has been completely removed from the vaccine. For these reasons, we do not recommend the use of chloroform for eliminating the extraneous micro-organisms.

Local Fund and Sanitary (Sanitary), dated 3rd July 1914.

7. For effective work, there should be separate building provided with accommodation for calves, observation sheds, operation room, shed for vaccinated calves, refrigerating room and lastly, a Bacteriological Laboratory for the preparation of media and for testing the lymph for its bacterial contents, before issue for use. We may add that such a building has been provided at Belgaum and quite recently for the Punjab Vaccine Institute. For Behar and Orissa, buildings estimated to cost Rs. 1,44,000 have been sanctioned.

8. In regard to the proper preservation and use of the lymph after it reaches the hands of the vaccinators, we propose (1) that every vaccinator be supplied with a portable metal case to keep his instruments and the materials required for sterilising and (2) that all the vaccinators in the Province be sent to the Vaccine Institute in batches of twos and threes to receive practical instructions, for at least a fortnight, in the method of vaccination, with special reference to securing asepsis.

9. As to the expediency of extending the Compulsory Vaccination Regulation to other areas in the State, we are agreed that the regulation should be confined to areas where a Magistrate is stationed. In the absence of such an officer resident in the area it would be futile to expect to achieve any appreciable result by extending the regulation. We do not consider it advisable to relax any of the rules framed under the regulation.

READ—

Letter No. 13273—687, dated 14th April 1914, from the Inspector-General of Education in Mysore, requesting that a provision of Rs. 3,48,242 be made in the budget of the Education Department for the year 1914-15 for the development of educational activities in the coming year.

No. 34-44—EDN. 374-13-2, DATED BANGALORE, 2ND JULY 1914.

ORDER THEREON.—The total population of the State is about 58 lakhs and the population of school-going age, calculated at 15 per cent, may be taken at 8·7 lakhs. Of these only about 125,000 or about one-seventh are actually under instruction.

The number of public schools, both Government and aided, is about 2,318, educating roughly, 100,000 pupils and there are some 2,000 unaided indigenous schools educating about 25,000 pupils.

Among the adult population also, literacy is at a very low ebb. The census figures show that between the ages of 15 and 20, only 137 males per mille and 24 females per mille are literate, and that among persons of the age 20 and over, the rate of literacy is 152 per mille among males and 13 per mille among females.

2. These figures emphasise the necessity for measures not only to train boys and girls more largely than has been possible in the past but also to place educational facilities within the reach of the adult population. Government have therefore decided that the activities of the Education Department should be directed during the next three years to provide for the education of at least 400,000 pupils or nearly 46 per cent of the population of school-going age. With this object, arrangements should be made to open about 4,000 new elementary schools during the above period, in addition to continuation and other classes for the education of adults. Of the new elementary schools, 1,500 may be Government schools and 2,500 aided schools conforming to departmental standards and requirements.

The existing indigenous schools in the State which, according to the imperfect information available, number about 2,000 should also be taken in hand in a spirit of sympathy and utilized to spread the rudiments of learning among the people.

3. Any comprehensive organization for the development of primary education should include the following measures:—

(i) Provision of more schools and their proper location.

(ii) Adequate arrangements to train male and female teachers.

(iii) Adapting education to the practical needs of the people and making provision for elementary, vocational, physical and moral education including education in business.

(iv) Provision of continuation schools, night schools, improvement schools, lecturers and itinerant teachers to educate the adult population.

(v) Arrangements for village meetings, reading rooms, supply of newspapers, etc., and

(vi) arrangements for enlisting private enterprise to provide educational facilities to the grown up population and to collect funds for the purpose.

It will be the duty of the Education Department and the Education Committee of the Conference to develop operations on all these lines with the co-operation of the people and with the help of the other department of Government wherever necessary.

4. Steps should be taken to ensure as large and as regular an attendance of pupils as possible so that all schools may be utilized to the greatest advantage. Local Committees and other available agencies should be induced to take interest in the proper working of the schools particularly to see that as many children of school-going age as possible attend school. In villages, the Village Committees should be made responsible for the attendance.

The new schools to be started should include night schools open at convenient hours and continuation or improvement schools and weekly or bi-weekly classes in

which adults—both those who have passed through a school or who are entirely illiterate—may have opportunities of acquiring new knowledge.

5. Arrangements should be made for obtaining correct information about indigenous schools, for their periodical inspection by officers of the Education and Revenue Departments, for giving them help in the way of supply of school appliances, books, etc., and for recognition of their work by suitable grants-in-aid on a far more generous scale than is done at present.

6. Towards carrying out this policy, the Inspector-General of Education has already submitted proposals for starting 1,000 more aided schools for boys and 200 new Government Schools for girls, for panchamas, etc., during 1914-15, for enlarging the Normal Schools and increasing their efficiency and for strengthening the inspecting and clerical staff of the Department rendered necessary by the increase of work in the department. Orders have recently been passed by Government in the matter of the starting of 1,000 aided schools, the introduction of compulsory education in 15 selected centres and the improvement of Normal Schools. The other proposals submitted by the Inspector-General of Education are in various stages of consideration and orders will issue separately in respect of each of them.

7. Adequate provision will be made in the State budget for funds needed for the further development of Elementary Education in the State on the lines referred to in paragraph 3 above. The Inspector-General of Education asks for Rs. 3,48,242 for the year 1914-15 to give effect to the various schemes submitted by him in lieu of the sum of one lakh of rupees hitherto provided in the annual budgets for the expansion of Primary Education. The Inspector-General of Education should be informed that the funds required to enable him to carry out this programme will be placed at his disposal as detailed schemes are sanctioned one by one. This order is issued to guide the Inspector-General of Education in the preparation of detailed schemes by indicating generally the scope of operations and the limit of expenditure which Government are prepared to sanction for the development of Primary Education.

C. S. BALASUNDARAM IYER,
Secy. to Govt., Depts. of Edn. & Agriculture.

To—The Inspector-General of Education in Mysore.
The Secretary, Economic Conference.
The Deputy Commissioners of Districts.
The Comptroller, Mysore Government.

Local Fund and Sanitary (Education), dated 2nd July 1914.

Letter No. 13273—687, dated Bangalore. 14th April 1914, from Rao Bhadur M. Shama Rao, Esq., M.A., Inspector-General of Education in Mysore, to C. S. Balasundaram Iyer, Esq., B.A., Secretary to the Government of His Highness the Maharaja of Mysore, Departments of Education and Agriculture, Bangalore.

I have the honour to inform you that I have submitted various proposals to Government for the improvement of Primary Education and Normal Training in my letters Nos. 9037—459, dated 21st January 1914, 12509—650, dated 23rd March 1914, 12508—649, dated 26th March 1914, 10156—527, dated 5th February 1914, and 11754—614, dated 10th March 1914. I am not sure whether Government will be able to pass orders on all these proposals so as to make detailed provision in the next budget, which I understand is already under consideration. I am not also sure whether the Government can find at once funds amounting to more than eight laks of rupees for the large scheme proposed in my letter No. 12508—649, dated 26th March 1914, and I therefore beg that Government may sanction for the coming year the proposals contained in my other letters, the scheme contained in my letter No. 12508—649, dated 26th March 1914, being regarded as one to be worked up to in the course of two or three years as funds become available. I request that provision as noted below may be kindly made in the next year's budget:—

		Rs.
(1)	For starting 1,000 aided schools in villages at Rs. 7 each per mensem ... ... (This office letter No. 10156—527, dated 5th February 1914).	84,000
(2)	Revision of the Normal Schools ... .. (This office letter No. 12509—650, dated 23rd March 1914).	41,358⅗
(3)	Reorganization of the Maharani's College and District Girls' Schools ... ... (This office letter No. 9037—459, dated 21st January 1914).	20,884

Besides these amounts, a sum of Rs. 60,000 is also needed for starting 200 new Government Schools for girls, Panchamas and others and a sum of Rs. 1,25,000 for improving and strengthening the staff of the Primary and Secondary Vernacular Schools, a proposition statement for the revision of which was forwarded through the Comptroller with my letter No. 9144—563 of the 23rd January 1914. The recommendation for more Government schools and for funds for strengthening the number and improving the efficiency of the teachers of these schools is also contained in my letter No. 12508—649 of the 26th March 1914, and is part of the larger scheme proposed there; but 200 more Government Schools for the coming year are urgently necessary, as well as the expenditure of 1¼ lakhs on the improvement of the staff. These items may therefore be also provided. The sum of Rs. 50,000 asked for in my letter No. 11754—614, dated 10th March 1914, in connection with the introduction of compulsory education in fifteen selected places may be considered to form a portion of the 1¼ lakhs of rupees referred to above.

In addition to the abovenamed items, allotments for strengthening the Inspectorate and the clerical staff in the several offices are also needed. On account of the very large increase in the number and strength of schools at present as well as in the immediate future, the present number of Inspecting Officers has to be increased by the employment of twelve more Assistant Inspectors with suitable establishments next year, at a total annual cost of Rs. 12,000. For the same reasons the clerical staff in my office and in the subordinate offices has to be strengthened and made more efficient and a provision of Rs. 5,000 is required for this purpose.

Summary.—The total allotment required for the various items of expenditure mentioned above comes up to Rs. 3,48,242⅗ as stated below and may be kindly provided in the budget of next year:—

		Rs.
(1)	For starting 1,000 aided schools in villages ...	84,000
(2)	For the revision of the Normal Schools ...	41,358⅗
(3)	For the reorganization of the District Girls' Schools including the Maharani's College	20,884
(4)	For starting 200 new Government Schools ...	60,000
(5)	For improving the existing Secondary and Primary Vernacular Schools	1,25,000
(6)	For strengthening the Inspectorate	12,000
(7)	Do the clerical staff	5,000
	Total ...	3,48,242⅗

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 12509—650, dated the 23rd March 1914, from the Inspector-General of Education in Mysore, submitting proposals for converting the Normal School, Mysore, into a Government Training College by adding an English Training Class for graduate teachers, etc., for improving the Normal Schools at Kolar and Shimoga and for opening a new Normal School at Tumkur, resulting in an extra cost of Rs. 41,355 per annum as shown below, of which a sum of Rs. 3,000 is non-recurring:—

Items	Extra cost per annum
	Rs.
(1) Converting the Normal School, Mysore, into a College ...	8,384
(2) Improving the staff of the practising Anglo-Vernacular School, Mysore	860
(3) Improving the staff of the practising Anglo-Hindustani School, Mysore	1,005⅓
(4) Improving the Normal Schools at Kolar and Shimoga and opening a Normal School at Tumkur ...	4,285⅔
(5) For stipends and allowances	23,820
Total ...	38,355
	Recurring
(6) Library grant for the Mysore Training College ...	2,000
(7) Furniture grant for the new Normal School at Tumkur...	1,000
Total non-recurring ...	3,000

No. 12-13—EDN. 358-13-2, DATED BANGALORE, 1ST JULY 1914.

ORDER THEREON.—The expansion of Primary and Secondary Education in the State has created a need for the supply of trained teachers in larger numbers for Primary and Secondary Schools and the difficulty felt in securing admission for students from the State into Training Colleges outside the State has made it necessary to make local arrangements for the training of High School Teachers. The Government are accordingly pleased to sanction all the proposals of the Inspector-General of Education, referred to in the preamble for the extension of Normal Education and raising its standard. It is observed that under the proposed arrangements 440 teachers will be trained each year as against 254 at present.

Necessary provision for the purpose will be included in the Education State Fund Budget for 1914-15.

The number to be trained under the proposed scheme is still insufficient for the needs of the Department. The Inspector-General will be requested to consider the advisability of having Normal Schools in at least two places more, and submit proposals therefor. In the meanwhile arrangements may be made to hold vacation classes giving short courses of training as was done in 1912. This arrangement though not so satisfactory as instruction given in regular Normal Schools, will provide some useful training to about 200 teachers if the classes are held in three or four convenient centres. A provision of Rs. 3,000 will be made in the budget of 1914-15 to meet the expenditure on this scheme.

C. S. BALASUNDARAM IYER,
Secy. to Govt., Depts. of Edn. & Agriculture.

To—The Inspector-General of Education in Mysore.
The Comptroller, Mysore Government, through the Financial Branch.

Proceedings of the Government of His Highness the Maharaja of Mysore,

Letter No. 12509—650, dated Bangalore, 23rd March 1914, from Rao Bahadur M. Shama Rao, Esq., M.A., Inspector-General of Education in Mysore, to C. S. Balasundaram Iyer, Esq., B.A., Secretary to the Government of His Highness the Maharaja of Mysore, Departments of Education and Agriculture, Bangalore.

I have the honor to bring to the notice of Government, the imperative need for increasing the number of Normal Schools in Mysore and for improving the existing ones. There are at present three separate Normal Schools for males and one school for females as an adjunct of the Maharani's College, Mysore. The expansion of Primary and Secondary Education for which Government have been of late allotting liberal grants of money, has made it necessary to arrange for the supply of a larger number of trained teachers for Primary and Secondary Schools. Further, it has become necessary to devise some independent means for the training of High School Teachers. Hitherto it was usual to depute two selected graduates to the Teachers' College at Saidapet for the L. T. Course. Last year, however, the selected students could get no admission and this year in reply to a communication from me the Principal of the Teachers' College says that he can hold out no promise. In these circumstances it is necessary, as I said, to arrange for training graduate teachers also in one of our local Normal Schools. I may also state that the higher money value which the new grant-in-aid Code, attaches to trained teachers has led to a demand from the Managers of Aided Schools to provide training for their teachers in the Government Normal Schools. The following proposals are therefore submitted for the sanction of Government with effect from the 1st June next.

In the Mysore Normal School there are at present fifteen classes, *viz.* :—

Pandits' classes	2
Moulvi's classes	2
Upper Secondary Kannada classes	2
Do Hindustani classes	2
Lower Secondary Training Kannada	1
Do Hindustani	1
Upper Secondary Training Kannada	1
Do Hindustani	1
English Training class	1
Agricultural and Veterinary class	1
Rotation class	1
Total ..	15

It is proposed to start an additional English Training class for graduate teachers and remodel and raise the standard of the existing Elementary English Training class by admitting only those who have passed at least the Matriculation examination or possess the School-Leaving Certificate. The other classes which were revised and reconstituted in the previous official year as per Government Order No. 7086-7—Edn. 251-12-2, dated 5th March 1913, may remain as they are at present. The total number of classes will thus be raised from fifteen to sixteen.

Next, it is proposed to abolish the Hindustani Training classes now attached to the Normal Schools at Kolar and Shimoga and concentrate all training for Mahomedan students in the Normal School at Mysore. In each of the Normal Schools at Kolar and Shimoga there are only ten Mahomedan teachers under training, who can be easily accommodated in the Lower Secondary Training class of the Mysore Normal School, which also consists at present of only ten students In the two Upper Secondary classes of the Mysore Normal School, there are at present 60 students, of whom 14 are Mahomedans and this number may be raised to 80, of whom 16 may be Mahomedans. Similarly the number of students in the Lower Secondary Training class, which is now 30 including 10 Mahomedans may be raised to 70, of whom 30 will be Mahomedans. In the Upper Secondary Training class there are at present 30, of whom 5 are Mahomedans and this number may be raised to 40 with the same number of Mahomedans. The present English Training class consist of 30 students and this number may be raised to 40. The strength of the other classes may remain as they are at present.

Local Fund and Sanitary (Education), dated 1st July 1914.

The tabular statement given below exhibits clearly the existing and the proposed number of classes and students :—

	Classes		Strength	
	Existing	Proposed	Existing	Proposed
English Training class for graduates ...	Nil	1	Nil	6
Elementary English Training class ...	1	1	30	40
Vernacular Classes.—General Education —				
Kannada Pandits' classes ...	2	2	8	8
Hindustani Moulvis' classes	2	2	8	8
Upper Secondary classes, Kannada ...	2	2	46	64
Do Hindustani ...	2	2	14	16
Vernacular Classes.—Training—				
Upper Secondary Training classes, Kannada	1	1	25	35
Do Hindustani	1	1	5	5
Lower Secondary Training class, Kannada	1	1	20	40
Do Hindustani	1	1	10	30
Agricultural Training class	1	1	24	24
Rotation class	2	2	80	80
	(Batches of 40 each)			
Total ...	...		270	356

As regards the stipends, the present rates are Rs. 10 per month for the Pandits, Moulvis and Agricultural Training classes, and Rs. 8 per month for the Upper Secondary, Upper Secondary Training, and the Lower Secondary Training classes. There are also ten stipends of Rs. 5 each for private students joining the English Training class ; and for those who act as substitutes to the Masters selected for training in the English Training class, who are allowed their own pay during the period of deputation ; there are three allowances of Rs. 15 each, if the substitutes are F. A.'s or Intermediates or those that have completed the course, five allowances of Rs. 12 each, if Matriculates or School Final men or those who have completed the course, and Rs. 10 if they have passed the Lower Secondary Examination in English. For the substitutes to the graduate teachers selected for training, allowances of Rs. 40 each per month in case they are also graduates, will be needed or Rs. 30 if the substitutes have gone through the B. A. Course. From experience it is found, however, that F. A.'s or Intermediates and Matriculates or School Final men are not readily procurable on the allowances of Rs. 15 and 12 respectively now sanctioned for substitutes to the teachers selected for training in the English Training class and in their case it is necessary to raise the allowances to Rs. 20 and 15 respectively.

Again the stipends of Rs. 5 have not attracted private candidates who have passed the Matriculation Examination or hold the School-Leaving Certificate to undergo a course in the English Training class and the rate of stipend in their case may be raised to Rs. 10.

It has been found that it leads to much confusion if the teachers selected for training are allowed to draw their full emoluments partly in the shape of stipends and partly in the shape of pay. It appears to be simple to allow the masters selected each to draw his full pay during the period of training, unless a reduction is made by the Inspector-General for special reasons and regard all the stipends as allowances to the substitutes, as is done in the case of teachers of the English Training class.

A statement showing the present number of teachers under training and the proposed number to be trained in the different Training Institutions and the present amount paid as stipends to teachers and as allowances to substitutes, and the proposed allowances to be paid to substitutes to be employed in the place of teachers deputed for training in the different institutions, is herein enclosed.

Staff.

The number of classes as mentioned above will be raised from 15 to 16 and at the rate of 30 hours per week per class, the total number of working hours for all the 16 classes will be 480 hours. Generally between 20 and 22 hours may be taken as the average number of working hours for a teacher. As a matter of fact, however, the number of working hours for a teacher will be considerably more as no account has been taken of a vacancy remaining unfilled on account of temporary causes or on account of those going on leave or who may be absent otherwise. According to this calculation the number of masters needed will be 23

for general instruction, there being a few special masters for special subjects. At present there are 18 regular masters imparting general instruction, 1 Agricultural Lecturer, 1 Music Master, 1 Art Instructor, 1 Drawing Master, 1 Veterinarian, 1 Drill Instructor, 1 Singing Master and 1 Magic Lantern Demonstrator. There are also two clerks and six menials. I propose that the Head Master of the Normal School, Mysore, which may hereafter be called the Mysore Training College, may be designated Principal and may be given Rs. 350, so that it may be easy when necessary to send a High School Head Master of reputation as the head of this institution. The First Assistant whose work along with much of the work of the Principal will be among the Higher Training classes for graduates and others may be designated Vice-Principal and be placed in the grade 200—20—300. The others may be graded as below:—

1	First Assistant Master	...	... Rs. 150
1	Assistant Master	...	... 75—10—125
2	Do	...	... 50-4-70
2	Do	...	... 50
2	Do	...	... 45—60
4	Do	...	... 30—45
2	Do	...	... 40
2	Do	...	... 30
2	Do	...	... 20—30
1	Music graduate teacher	...	... 50—4—70
1	Agricultural Lecturer	...	... 75—10—125
1	First Art Instructor	...	... 50—4—70
1	2nd Do	...	... 50
1	Veterinarian	...	... 30—2—40
1	Drill Instructor	...	... 20
1	Singing Master	...	... 15
1	Magic Lantern Demonstrator	...	... 20

On account of the increase in clerical work, an extra clerk will be needed raising the number from 2 to 3 and of these three the first clerk may be given Rs. 25, the 2nd 20 and the 3rd Rs. 15.

Among the menials the first peon's pay may be raised from Rs. 8 to 9 and he may be called the Head peon and the second peon's pay may be fixed at Rs. 8 and that of the third peon at Rs. 7.

As the course for the Normal Training of graduate teachers will be similar to the course adopted in the Madras Teachers' College and will be formulated with a view subsequently to obtain affiliation to the Madras University, it necessary, for the L. T. Degree, special provision has to be made for the teaching of the optional groups of subjects, (A) Mathematics, (B) Physical Science, (C) Natural Science and (D) History and Geography, (E) two languages other than English. A period of two months will be needed for lecturing on each of these groups of subjects and for this purpose, I propose that five honoraria of Rs. 250 each may be sanctioned. The selection of lecturers for these special subjects will be made from among the Professors and Assistant Professors in the Central and Maharaja's Colleges. Such of the graduate teachers as select Mathematics or Physical or Natural Science as their optional subjects may be allowed to stop at Bangalore for two months. These graduates under Training will be allowed to give practising lessons in the Government High School at Mysore for a few hours a week.

The contingent grant may be raised from Rs. 30 to 40 per month and the Library grant from Rs. 250 to Rs. 400 a year with an initial lumpsum provision of Rs. 2,000 for the formation of a good library of educational books. A statement showing the present and the proposed scale of the establishment of the Mysore Training College is appended.

PRACTISING SCHOOLS.

The Anglo-Vernacular Practising School has recently been remodelled on a more efficient basis. For the Kannada Branch which combines English instruction also, there are at present a Head Master on Rs. 50, an Assistant on Rs. 40, 1 on 30, 1 on (20—1—25), 3 on (15—1—20) and 4 on (12—1—15). There are also 3 menials on Rs. 7 each. The contingent grant is Rs. 12 per mensem. As classes for students appearing for the Kannada Lower Secondary Examination have also to be maintained, 3 additional masters are needed, one on Rs. 30, 1 on 20—1—25 and 1 on 15—1—20. The other items may remain as they are. The enclosed statement shows the present and the proposed scale of the establishment.

The Anglo-Hindustani School, Mysore, which serves as a Practising School for the Hindustani Teachers also requires to be remodelled on a better basis. There are at present 1 Head Master on Rs. 40, 1 Assistant Master on Rs. 25, 3 on 20, 2 on 15, 1 on 12 and 7 on 10 each. There are 3 menials, 1 on Rs. 7, 1 on 6 and 1 on 4. The contingent grant

is Rs. 3 per month and there is also a house rent of Rs. 49-8-0 per month. The Head Master may, in the future, be placed in the grade 50—4—70, so that a Mahomedan graduate may be employed. The others may be graded as follows:—

1 on 40, 1 on 30, 1 on 20-1-25, 3 on 15-1-20, 4 on 12-1-15, 4 on 10.

A statement showing the present and proposed scale of establishment is enclosed. The contingent grant may be raised to Rs. 4 per month and the house rent to Rs. 60 per month, as extra accommodation is urgently needed and can only be had by paying extra rent. I may add here that the revision of the Anglo-Hindustani School has already been proposed in my letter No. 9144—563, dated 23rd January 1914, addressed to the Comptroller, but it may be omitted there as noted in the margin and sanctioned in this connection as proposed now. The Agricultural Farm attached to the Normal School at Mysore needs to be conducted on more improved lines and on this subject I am in communication with Dr. Coleman and shall submit separate proposals to Government for its improvement.

1 on Rs. 50, 1 on 40, 1 on 30, 1 on 20-1-25, 3 on 15-1-20, 4 on 12-1-15 and 4 on 10

DISTRICT NORMAL SCHOOLS.

Now, taking the District Normal Schools at Kolar and Shimoga, respectively, the Mahomedan students of 10 each may as already stated all be concentrated in the Mysore Training College and the number of Kannada Masters to be trained raised from 20 to 60 in each of these District Schools. The two Hindustani Masters on Rs. 25 each will be absorbed in the first vacancies that arise and till then may be regarded as supernumeraries. I may state taking the probabilities that they are not likely to continue long as supernumeraries, even if they cannot at once be absorbed in the sanctioned cadre. As regards the two Head Masters, it is found that they will not have enough work if they are only in charge of the Normal Schools. Besides, it is desirable always to have L. T.'s as Head Masters of District Normal Schools. I therefore propose that each of these Head Masters who are now in the grade 40-50 may be placed in the grade 50-4-70 and may also be given charge of the Anglo-Vernacular Schools at the places mentioned. It is found undesirable to have only Kannada knowing Assistants for the Normal Schools as at present, and a teacher knowing English, preferably a graduate, may be appointed on Rs. 50 in place of each of these Kannada Assistants. The subjects taught by these Assistants relate at present to school management, school method, organization, etc., which are more or less of a special nature, and they require higher calibre and training on the part of those entrusted with their teaching. The two Kannada Masters will, like the Hindustani Masters referred to above, be provided elsewhere at the first opportunity they, in the meanwhile, being treated as supernumeraries. On account of the increase of the Normal pupils in each of the schools at Kolar and Shimoga from 20 to 60, an additional English-knowing teacher on Rs. 30 is also needed. The clerks attached to these Normal Schools now get from Rs. 12 to 15 each. As the work to be done is somewhat of a complicated nature and men of higher qualifications are needed, the pay may be raised to Rs. 15-1-20. The pay of the 2nd peon of the Kolar Normal School which is now Rs. 5 may be raised to Rs. 6 a month. No change is necessary regarding the pay and allowances of the Drawing and Singing Masters and the Gymnastic Instructors. The number of allowances to be given to the substitutes to the Masters under training may be raised from 20 to 60 in each of these institutions.

Next I propose that a District Normal School should be opened at Tumkur, similar to those at Kolar and Shimoga, where 60 primary school teachers may be trained. For this purpose a Head Master in the grade 50-4-70 who may also be in charge of the Anglo-Vernacular School, a graduate Assistant on Rs. 50, an English-knowing Assistant on Rs. 30, and a Drawing Master on Rs. 25 may be appointed. Two allowances of Rs. 5 each per month are required for the Singing Master and the Drill Instructor. A clerk on Rs. 15-1-20, 2 peons on Rs. 6 each and a scavenger on Rs. 2 per month are also needed. A contingent grant of Rs. 10 per month, Rs. 50 annually for the Library and Rs. 50 for furniture and apparatus may also be sanctioned.

It is proposed to locate the Normal School in the building in which the Anglo-Hindustani School is at present held in Tumkur and the Anglo-Hindustani School removed to a rented building for which a rent of Rs. 30 will be needed which may also be sanctioned. A lumpsum provision of Rs. 1,000 for furniture and apparatus and books will also be needed. A statement showing the present and proposed scale of establishment of the two existing District Normal Schools and the additional school to be opened at Tumkur is enclosed.

Total Cost.—As per proposals now made, the total existing and the proposed cost of the schools referred to will stand under the different heads as shown in the accompanying statement, the total increase per annum over the existing cost of Rs. 55,808½ being Rs. 41,355. Proposals for the improvement of the Training classes for females in the Maharani's College have already been submitted to Government in my letter No. 9037—459, dated 21st January 1914, submitting proposals for the reorganization of the Maharani's College, Mysore.

Statement showing the present and proposed number of teachers to be trained and the present number and rate of stipends and wances and the proposed number and rate of allowances to be paid to substitutes in place of teachers under training.

Local Fund and Sanitary (Education), dated 1st July 1914.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Government Order No. 8834-40—Edn. 462-09-24, dated 1st May 1913, approving of a general scheme for the improvement of Industrial and Technical Education in the State, and sanctioning among others the opening of a Mechanical Engineering School at Bangalore.

2. Letter No. 12897—664, dated 21st March 1914, from the Inspector-General of Education in Mysore, submitting proposals for the opening of three additional classes in the Mechanical Engineering School, Bangalore, (*viz.*, an Industrial Teacher's Class, a Railway Class and a Telegraphic Signallers' Class) and also for a revision of the establishment and the extension and equipment of the workshop building, involving in an additional cost of Rs. 57,852 (of which the sum of Rs. 51,000 is non-recurring) and requesting sanction to the inclusion of the amount in the budget for 1914-15 (Rs. 32,852 in the Education Budget and Rs. 25,000 in the Public Works Department Budget).

No. 50-5—EDN. 194-13-17, DATED BANGALORE, 2ND JULY 1914.

ORDER THEREON.—The proposals of the Inspector-General of Education read above are sanctioned with the observation that the additional establishment to be entertained may be on a temporary footing, until the need for its permanent retention is fully established.

2. A provision of Rs. 32,852 as per details given below will be included in the State Fund Education Budget, and a sum of Rs. 25,000 on account of the extension of the workshop building will be provided in the Public Works Department Budget for the year 1914-15.

Recurring.

Teaching Staff—

	Rs.
(1) Two new teachers on Rs. 50 and 75 per mensem for the Industrial Teacher's Class and Railway class.	125 per mensem or 1,500 per year

Exd.—C. R.

Proceedings of the Government of His Highness the Maharaja of Mysore,

No. 12897—664, dated Bangalore, 21st March 1914, from Rao Bahadur M. Shama Rao, Esq., M. A., Inspector-General of Education in Mysore, to C. S. Balasundaram Iyer, Esq., B.A., Secretary to the Government of His Highness the Maharaja of Mysore, Bangalore.

I have the honour to submit herewith the following proposals for additional charges in connection with the budget estimates of the Mechanical Engineering School, Bangalore, for the official year 1914-15. The proposals were all formally discussed and passed at a meeting of the Managing Committee held on the 3rd March last.

I. RECURRING CHARGES.

Teaching Staff including Establishment.

Teaching Staff.—The opening of two new classes, *viz.*, the Industrial Teachers' Class and the Railway Class for the training of Permanent Way Inspectors and Drivers necessitates the entertainment of two additional teachers—one a Mathematical and a second a Technical Assistant on Rs. 50 and Rs. 75, respectively. It is also proposed to open a Telegraph Signallers' class, which is to be held for about 3 or 4 months in the year. It will be necessary to secure the services of a man who has served either in the Telegraphic Department or as an Inspecting Signaller on railways to take charge of the class It will probably be necessary to pay about Rs. 60 to an Instructor. The fittings required are dummy Morse instruments which could be made in the P. W. Workshop. For the present a provision of Rs. 1,000 for instructors and another sum of Rs. 1,000 for instruments may be sanctioned. The pay to be given to the teachers will depend upon their status and the period of employment. The total increase under teaching staff thus amounts to Rs. 2,500 a year.

Establishment.—Small increases are proposed for the clerk and the peons on account of the costliness of living in Bangalore and the heavy work they have to do, attending as they have to do both morning as well as evening. The pay of the clerk and Store-keeper may be raised from Rs. 25 to Rs. 30. The employment of a separate man to be in charge of tools is also necessary. His pay may be fixed at Rs. 12 a month. There are at present five menials employed in the school, *viz.*, two peons, two watchmen, and one sweeper all getting Rs. 7 each. The Committee propose to raise their pay for the present by half a rupee each. I think, however, that the pay of the head peon may be fixed at Rs. 9 and of the second peon at Rs. 8 a month, the other three continuing to get the same pay of Rs. 7. The need for employing one additional peon on Rs. 7 and two coolies on Rs. 7 each is also felt, which may also be sanctioned. The present contingent allowance of Rs. 20 a month is found insufficient. It may be raised to Rs. 25 a month.

The total increase under establishment thus comes up to Rs. 46 a month or Rs. 552 a year.

(3) *Work-shop Expenses including materials required.*—The provision made in the current year's budget on account of this item is Rs. 300 a month or Rs. 3,600 a year. It is reported that on an average a sum of Rs. 225 is being spent on this item every month. But next year the number of students will increase on account of the formation of the new classes. Besides, a sum of about Rs. 52 a month has to be paid as rent on machinery borrowed from the General Stores and a further sum of Rs. 24 has to be paid monthly to the Electrical Department for the supply of power. For all these reasons, the provision for work-shop materials is proposed to be increased from Rs. 300 to Rs. 600 a month or Rs. 7,200 a year.

Travelling Allowance.—There is no provision at present for the travelling allowance of the members of the staff. During the current year it was met from the provision of Rs. 760 made for the Industrial and Craft Section of the Chamarajendra Technical Institute, Mysore. A separate provision of Rs. 200 is thought necessary for the Mechanical Engineering School, Bangalore.

The total increase for recurring charges under the heads already named amounts to Rs. 6,852 a year as shown below:—

	Rs.
1. Teaching staff	2,500
2. Establishment	552
3. Workshop expenses	3,600
4. Travelling allowance	200
Total	6,852 a year.

Local Fund and Sanitary (Education), dated 2nd July 1914.

A statement showing the present and proposed scales is appended:—

Items	Present	Proposed
	Rs.	Rs.
1. Teaching Staff—		
1. Superintendent ...	350	350
2. Shop Instructor ...	100	100
3. Drawing Master or Technical Assistant	75	75
4. Class-room Teacher or General Assistant	75	75
5. Mathematical Assistant ...	.....	50
6. Technical Instructor for Training Industrial School Teachers	.....	75
7. Singallers' Class ...	.....	83⅓ (approximate)
8. Mestries on Rs. 50, 40 and 35.	125	125
9. Motor Mechanic ...	40	40 (*Vide* G. O. No. 3026-7—Edn. 19-13-13, dated 28th August 1913.)
10. Foundry Instructor ...	30	30 do
2. Establishment—		
1. Clerk and Store-keeper ...	25	30
2. Tool-keeper	.....	12
3. Menials 5 on Rs. 7 ...	35	59 1 on Rs. 9 1 „ 8 6 „ 7
4. Contingencies	20	25
3. Workshop expenses ...	300	600
4. Allowance of lectures ...	150	150
5. Scholarships	320	320
Total ...	1,645 a month or Rs. 19,740 a year	Rs. 2,199⅓ a month Rs. 26,392 a year
6. Travelling allowance ...	.....	200
Total ...	Rs. 19,740 a year	Rs. 26,592 a year
Net Increase	.....	Rs. 6,852 a year

II. NON-RECURRING CHARGES.

(*a*) The workshop of the school is to be suitably extended by the addition of two rooms—one for Science Laboratory and one for Engineering Laboratory. A big hall for the Drawing class to accommodate at least 50 students has also to be constructed. All the above rooms have to be equipped with tools, apparatus and the necessary furniture. Some of the second hand machinery have to be suitably supplemented with parts for efficient working. A new two-seater Motor Car has to be bought and the old car has to be paid for. An emergency cupola, a slotting machine and a grinder have to be provided for the use of the school. The approximate cost of the extension of the building and the equipment amounts to Rs. 50,000, as per details given in the enclosed statement. A sum of Rs. 25,000 for equipment may be sanctioned, the remaining amount of Rs. 25,000 for the extension of the building being provided in the Public Works Department Budget.

The charges for the purchase of instruments for the Signallers' Class amount to Rs. 1,000 as already stated.

Proceedings of the Government of His Highness the Maharaja of Mysore,

I request that Government may be pleased to sanction extra recurring charges amounting to Rs. 6,852 and non-recurring charges amounting to Rs. 26,000 and order their inclusion in the next year's Educational Budget, the remaining sum of Rs. 25,000 for buildings being provided in the Public Works Department Budget. The Mechanical Engineering School is doing good and useful work and the additional charges proposed are necessary for the efficient working of the school.

A copy of the resolutions of the Committee is herewith submitted for favour of perusal. A copy of Mr. Bell's D. O. letter, dated 14th March 1914, regarding the opening of a Telegraph Signallers' class is also enclosed.

Minutes of the 6th Meeting of the Managing Committee of the Mechanical Engineering School, Bangalore, held at 3 P.M. on Tuesday the 3rd March 1914 in the Office of the Superintendent, Mechanical Engineering School, Bangalore.

I. *Present.*—1. M. Shama Rao, Esq. (President).
2. E. A. S. Bell, Esq.
3. C. F. Beames, Esq.
4. V. Rangaswami Iyengar, Esq.
5. K. Sreenivasa Iyengar, Esq.
6. M. G. Rangiah, Esq.
7. S. V. Setti, Esq. (Secretary).

Absent.—1. Ramachandra Rao Sindhia, Esq.

II. Minutes of the previous meeting were read and confirmed.

III. (*a*) Proposed by Mr. V. Rangaswami Iyengar that portions of the report under "Present inconvenience, etc.", be omitted and following items, *viz.*, "Building Construction," "Equipment" and "Concluding remarks" be suitably inserted at the end. The omitted portions to be sent as separate proposals.

This was seconded by the President and approved by the members.

(*b*) Proposed by Mr. V. Rangaswami Iyengar that the examination be as far as possibleoral and the students to be examined by the examiners appointed by the Committee.

This was seconded by the Secretary and approved by the members of the Committee.

(*c*) Proposed by the President that the appointment of outside lecturers for next year be postponed for the present.

This was seconded by Mr. M. G. Rangiah and was unanimously carried out.

(*d*) Regarding Mr. Chatterton's remarks on the school syllabus, the President proposed to give effect to his proposals in Chamarajendra Technical Institute at Mysore, and the same will be intimated.

This was seconded by Mr. K. Sreenivasa Iyengar and was unanimously carried out.

(*e*) The President proposed that a suitable class of 10 students with higher qualifications than at present required for admission to the Mechanical Engineering School, with a teacher be started early next official year for training Industrial School Teachers.

This was seconded by the Secretary and approved by the members.

(*f*) Mr. E. A. S. Bell proposed that in connection with Railway Engineering Class two sections one for "Drivers" and the other for "Permanent Way Inspectors" be started next school-year. The qualifications and training for "Driver Students" will be same as those for students joining "Steam and Oil Engine" or "Machinery and Mill-work" section, and in connection with "Permanent Way Inspectors," successful students of the Sub-Overseer Class may be given a year's practical training in the school

This was seconded by the President and approved by the members.

(*g*) Budget allotment for next year will be as per remarks noted in the Secretary's report. Proposed by the President and seconded by Mr. M. G. Rangiah, which was unanimously carried out.

D. O. letter No. 71, dated 14th March 1914, from Mr. E. A. S. Bell, to the Inspector-General of Education in Mysore.

In connection with Railway work in this State we shall also require a fairly large number of signallers who will in course of time develop into Station Masters. Of these the best may look forward to considerable promotion to posts like Traffic Inspectors, Goods Supervisors, etc. I think we ought to at once start a class for training signallers who might at the same time be taught the ordinary open line rules.

This matter of course has no connection with the Mechanical Engineering School, but, I believe, you have, in addition, an Industrial School, and if you could see your way to open a class for signallers at the earliest possible date, it will be of great assistance to me and open out another line of employment for Mysoreans on railway work. They would probably start on Rs. 15 to Rs. 20. A three months' course will, I think, be sufficient for the more intelligent, but some of them may have to stay in the school for a longer time. They will of course before being employed have to pass a test.

It will be necessary to get some one who has served either in the Telegraph Department or as Inspecting Signaller on Railways to take charge of the class. It will probably be necessary to pay Rs. 60 to an Instructor. I believe there are many retired Telegraph Masters in Bangalore and I think it likely that one of them might be glad to take on the job.

The only fittings required are dummy Morse instruments which could be made in the Public Works Department Workshops.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Memo No. 13562—706, dated 17th April 1914, from the Inspector-General of Education in Mysore, submitting the budget estimates of the Damodar Dass Charity Fund for 1914-15.

No. 95-S—EDN. 448-13-2, DATED BANGALORE, 3RD JULY 1914.

ORDER THEREON.—The opening balance of the Damodar Dass Charity Fund for 1914-15 is, as estimated by the Comptroller, Rs. 15,033 or roundly Rs. 15,000 and including the income of Rs. 25,383 expected during the year on account of interest accruing from the amount invested in the Government of India Securities, the total receipts for the year 1914-15 will be Rs. 40,3 83 or Rs. 40,000 roundly.

2. The expenditure during the year is estimated by the Inspector-General of Education at Rs. 17,670 as shown below:—

	Rs.
(i) Scholarships for Scientific Research and Technical Education including passage money	15,500
(ii) Khadayata Scholarships	2,170
Total ...	17,670

3. The scholarship payable during 1914-15 to Mr. N. Narasimha Iyengar will be only £50 as the payments are made every quarter in advance and hence the provision of Rs. 2,000 made by the Inspector-General, including the passage money of £50, is reduced to £100 or Rs. 1,500. A sum of £200 has been provided for payment to Mr. S. Garalapuri Sastri, but the amount payable to him during 1914-15 will be actually £180 as £20 will have to be deducted in adjustment of the advance and also the loan of £30 drawn by him. Similarly in the case of Mr. B. Narasimha Iyengar, the provision of £200 made for him is reduced to £190 as a sum of £10 will be deducted from his scholarship towards the adjustment of advance drawn by him. Again, the sum of £25 each paid as outfit allowance to Messrs. S. Garalapuri Sastri and B. Narasimha Iyengar having been ordered in Government Order No. 10767-9—Edn. 346-12-10, dated 25th April 1914, to be recovered from them, the same will have to be recovered from them during 1914-15, out of their scholarships, the recovery being spread over two years which is the remaining period of their scholarships. The expenditure during 1914-15 on account of scholarships for Scientific Research and Technical Education, including passage money, is therefore reduced to Rs. 14,175.

4. With these remarks the Damodar Dass Charity Fund Estimates for 1914-15 are passed providing for an income of Rs. 40,383, and an expenditure of Rs. 16,345, as per details in the accompanying statement, an abstract whereof is given below:—

	Rs.
Estimated opening balance on 1st July 1914	15,000 roundly
Income	25,383
Total ...	40,383 or 40,000 roundly
Expenditure during 1914-15	16,345 or 16,000 roundly
Closing Balance ...	24,000

Proceedings of the Government of His Highness the Maharaja of Mysore, Local Fund and Sanitary (Education), dated 18th July 1914.

READ—

Letter No. 13272—686, dated 14th April 1914, from the Inspector-General of Education in Mysore, stating that, to give effect to the assurances already given to the Madras University in connection with the affiliation of the Central and Maharaja's Colleges in certain Branches of the B. A. Pass and Honours courses, the following additional items of expenditure are necessary and requesting therefore that the necessary provision for the purpose may be included in the Education budget for 1914-15.

Central College, Bangalore.

	Actual additional cost per year. Rs.
(1) *Chemistry Branch.*—Increase of provision for Europe Stores from Rs. 1,500 to 3,000	1,500
(2) *Honours course in Branch II A. Physics.*—An additional Assistant Professor on Rs. 175 per mensem	2,100

Maharaja's College, Mysore.

(1) *College Department.*—An additional Assistant Professor of English (to relieve Mr. N. S. Subba Rao of his English work) on Rs. 175 per mensem	2,100
A Lecturer for History in the grade Rs. 75—10—125 ...	900 for the 1st year*
	(*average annual cost Rs. 1,300)
(2) *High School Department.*—Library and prizes} Rs. 100 Rs. 150 }	250
Total ...	6,850 for the 1st year.

2. Letter No. 14084—720, dated the 1st May 1914, from the Inspector-General of Education in Mysore, recommending that the pay of the two appointments, *viz.*, one Assistant Professor on Rs. 200 to 300 and one Tutor on Rs. 100 to 200 sanctioned in Government Order No. 6678-9—Edn. 188-13-2, dated 6th January 1914, for the Maharaja's College, Mysore, may be revised and fixed at Rs. 350 and 150 per mensem respectively.

No. 745-6—EDN. 188-13-15, DATED BANGALORE, 18TH JULY 1914.

ORDER THEREON.—As regards the proposed alteration of the pay of the Assistant Professor for the Maharaja's College, Mysore, the Inspector-General of Education is requested to submit definite proposals as regards the officer proposed to be appointed to the place. The other proposals of the Inspector-General of Education are all approved with the observation that the additional Assistant Professor of English on Rs. 175 per mensem proposed for the Maharaja's College will, for the present, be treated as temporary.

2. The extra charge involved will be met during the current year from the provision of Rs. 6,850 made for the purpose in the Education budget for 1914-15 and by reappropriation of sanctioned charges to the extent necessary.

Proceedings of the Government of His Highness the Maharaja of Mysore,

READ—

Government Order No. 19357—Edn. 229-07-2, dated the 16th April 1908, directing the abolition of the "Committee for the management of Girls' Schools" and the appointment of "Boards of Visitors" in the place and sanctioning rules in regard to the constitution, powers and duties of the Boards of Visitors.

2. Representative Assembly Subject No. 374 of 1912 brought forward by Mr. M. Venkatakrishnaiya, Representative Assembly Member, Mysore, *regarding the revival of the Committee* for the management of Girls' Schools.

No. 735-44—EDN. 456-12-2, DATED BANGALORE, 18TH JULY 1914.

ORDER THEREON.—Since the replacement of the Committees for the management of Girls' Schools by Boards of Visitors in 1908, the question of reviving the Girls' School Committees have been repeatedly urged in the Representative Assembly. The subject has been considered in consultation with the Inspector-General of Education and the Deputy Commissioners of Districts. The Inspector-General of Education is in favour of reviving the Committees. He adds that a Committee of management will be a more efficient body than a Board of Visitors in supervising the school and awakening public interest and recommends that the rules previously in force defining the powers and duties of these Committees may be adopted in their entirety. Government agree with the Inspector-General and direct that Boards of Visitors be replaced by Committees of management. The rules regarding the constitution, powers and duties of the new Committees of Girls' Schools are also approved and appended to this order.

C. S. BALASUNDARAM IYER,
Secy. to Govt., Depts. of Edn. & Agriculture.

To—The Inspector-General of Education in Mysore.
The Deputy Commissioner, Mysore District, for communication to Mr. Venkatakrishnaiya, Representative Assembly Member.
The Deputy Commissioners of Districts.

Exd.—C. R.

Local Fund and Sanitary (Education), dated 18th July 1914.

RULES REGARDING THE CONSTITUTION, POWERS AND DUTIES OF THE NEW COMMITTEES OF GIRLS' SCHOOLS.

1. Every Girls' School maintained from Public Funds, except the Maharani's College and Schools at District Headquarters, shall be placed under the general supervision of a Committee appointed by the Inspector-General of Education who will notify the names of the members in the official Gazette. The Committee of the Maharani's College and Schools at District Headquarters will be appointed by Government.

2. The Committee will be composed partly of Government Officers appointed *ex-officio* and partly of non-official gentlemen and, when possible, also of English and Indian ladies taking interest in female education.

3. The number of members on each Committee shall not be less than six nor more than eighteen.

4. One-third of the members shall form the quorum.

5. The Government in the case of the Maharani's College and of Girls' Schools at Headquarters of Districts and the Inspector-General of Education in all other cases, will appoint the President of the Committee. A Vice-President may also be appointed for the Committee of the Maharani's College, Mysore. The President or in his absence the Vice-President, if any, or any Chairman selected by the members present shall preside at each meeting.

6. The appointment of members of the Committee shall be made for a term not exceeding three years.

7. All questions on which there is a division shall be decided by a majority of votes, the presiding authority having a casting vote.

8. Ordinary meetings of the Committee will be called by the President once a month or whenever he thinks it necessary to call them. The Head Master or Head Mistress, or Superintendent may attend each meeting of the Committee to give any information required, but shall not vote unless he or she is a member of the Committee.

9. Extraordinary meetings of the Committee shall be called by a written notice signed by any three members of the Committee.

10. The Committee may appoint from among their members an Honorary Secretary whose duty it shall be to keep a full account of the business transacted at each meeting. Such account shall be read at the next meeting, and if approved, signed by the President or Chairman before the business of that meeting is proceeded with.

11. The Committee will exercise general supervision over the management of the school and inspect the school occasionally and secure as far as possible the sympathy, confidence and support of the people by affording on all occasions their help and co-operation in maintaining discipline and a high moral tone.

12. The Committee shall have power, without assigning any reason, either to refuse admission to any girl or to discharge one already admitted in the interests of the general well being of the school.

13. The Committee shall have power to make recommendations to the Inspector-General of Education regarding:—

(1) Such general rules for the management of the school as in their opinion are calculated to promote its efficiency and popularity.

(2) Any other matters affecting the progress, efficiency or popularity of their school.

(3) The appointment, promotion punishment, suspension or dismissal of any member of the school establishment as well as the grant of leave to the same.

14. In the case of the Maharani's College, the Lady Superintendent will, in all matters of importance, send all official communications to the Inspector-General of Education through the Honorary Secretary of the Committee. At the same time the Inspector-General will keep the Honorary Secretary informed of the action taken on the Lady Superintendent's communication.

15. In the case of Girls' Schools at District Headquarters, the Honorary Secretaries of Committees will communicate with the Inspector-General. In the case of all other schools, Honorary Secretaries of Committees will communicate with the Inspectors of Schools.

16. The Inspector-General may delegate to the Lady Superintendent of the Maharani's College or to the Presidents of Girls' Schools at District Headquarters all or any of the powers exercised by Inspectors in regard to the imposition of fines or the grant of leave, provided that in both cases a timely report of the same is sent to him, and provided further that in the latter case no appointment of a temporary successor at an additional cost to Government is involved.

READ—

Letter No. 12835-6—660, dated 6th April 1914, from the Inspector General of Education in Mysore, submitting the Budget Estimates of the Village School Fund for 1914-15 together with an explanatory memo.

MEMORANDUM ACCOMPANYING THE VILLAGE SCHOOL FUND BUDGET FOR THE YEAR 1914-15.

Receipts.—The estimate of receipts for 1914-15 shows an increase of Rs. 30,072 over that sanctioned for the current official year. The increase occurs under four heads, *viz.*, *school fees, examination fees,* contribution towards the construction of school buildings and contribution from State Funds as a grant-in-aid. In regard to school fees and examination fees, the estimate has been based on the average income under those heads during the past three years, 1910-11, 1911-12 and 1912-13. In the case of contribution towards school buildings the people have offered about Rs. 6,000, of which about Rs. 4,000 has been collected during the current year. The balance of Rs. 2,000 has been promised to be paid. This figure has been approximately entered for 1914-15. The increase under contribution from State Revenues has been entered in accordance with Government Order No. 7718-9—Edn. 223-13-2, dated 9th February 1914. The receipts from other sources remain unaltered.

Expenditure.—The estimated expenditure for 1914-15 amounts to Rs. 4,40,205 and it is more than that sanctioned in the budget of 1913-14 by Rs. 27,444. The increase is due to the inclusion of the following items:—

(1) *Instruction, General.*—A sum of Rs. 27,444 entered over and above the budget allotment of the current year is made up of the following items:—

1. Rupees 26,472 for opening new schools and improving the existing schools as per Government Order No. 7718-9—Edn. 223-13-2, dated 9th February 1914.

2. Rupees 48 sanctioned for local allowances by Government Order No. 307-8—Edn. 215-12-25, dated 10th July 1913.

3. Rupees 924 sanctioned for converting the Kannada Boys' school at Sravanabelagola Channarayapatna Taluk, into an Anglo-Vernacular school by Government Order No. 8557-8—Edn. 240-13-3, dated 16th March 1914.

(2) *Grants-in-aid.*—The provision for the Demonstrator for Magic Lantern Exhibition work has been retained pending orders on the proposals submitted to Government for continuing the services of the Demonstrator for another year.

(3) *Scholarships.*—There is no alteration under this head.

(4) *General.*—The provision of Rs. 50,000 sanctioned for buildings in the current year's budget is repeated. A separate proposal for the renewal of this grant from the Village School Fund as well as for the grant of a special allotment of one lakh of rupees from State Funds for 1914-15 will be submitted to Government.

(5) *Local Examination.*—There is no alteration under this head.

Summary.—The budget Estimates provide for receipts amounting to Rs. 3,99,466 and expenditure amounting to Rs. 4,40,205, thus showing an excess of expenditure over receipts by Rs. 40,739. This excess may, as usual, be met from the cash and funded balance at the credit of the Village School Fund or a corresponding amount be given as a grant from State Funds

Proceedings of the Government of His Highness the Maharaja of Mysore,

No. 773-4—Edn. 364-13 2, dated Bangalore, 20th July 1914.

Order thereon.—The Inspector-General of Education estimates the receipts and expenditure of the Village School Fund for 1914-15 as shown below:—

Items	Sanctioned estimates for 1913-14	Proposed estimates for 1914-15	Difference
	Rs.	Rs.	Rs.
Receipts	3,69,394	3,99,466	+30,072
Expenditure	4,12,761	4,40,205	+27,444

2. The increase of Rs. 30,072 under receipts is stated to be on account of increased income expected from school fees, examination fees, contribution from people towards the construction of school buildings and contributions from State Funds as grant-in-aid. The State Fund contribution to the Village School Fund will, however, be only Rs. 1,17,259 as per margin. The estimates of receipts by the Inspector-General of Education are approved with this modification and the total receipts of the Village School Fund for 1914-15 will thus be Rs. 3,84,466.

	Rs.
1. For loss of income from fees	7,968
2. For promotion to teachers	49,636
3. Moiety of the cost of the Pandits' Examinations	379
4. For opening new village elementary schools and additional charges to certain schools ...	60,276
Total ...	1,17,259

3. The Inspector-General's estimates of expenditure, *viz.*, Rs. 4,40,205 provide only for ordinary and other sanctioned charges and the variations are explained in the memo read above. For village school buildings, the Inspector-General of Education has included a sum of Rs. 50,000 against the normal grant of Rs. 5,000. This provision will be retained as it has been sanctioned on a separate recommendation from the Inspector-General of Education (*vide* Government Order No. 12033-4—Edn. 208-13-8, dated 1st June 1914). The provision of Rs. 240 retained in the budget on account of the Demonstrator for Magic Lantern Exhibition work will stand as the continuance of the said appointment for another year from 1st July 1914 has been sanctioned in Government Order No. 10338-9—Edn. 324-13, dated 16th April 1914. A sum of Rs. 504 will be deducted from the item of expenditure under I. Instruction—General, (2) Village Elementary Schools (*a*) Masters, as the four schools in Hiremagalur and Dandarnakki in the Chikmagalur Taluk and Mandali and Millaghatta in the Shimoga Taluk have to be treated as Taluk Schools maintained from State Funds, the said schools being within Municipal limits. The following charges will be added to the Inspector-General's estimates:—

	Rs.
(i) Scholarships to village school pupils to enable them to continue their studies in taluk stations ...	6,000
(*N. B.*)—This amount will be treated as a grant to the Village School Fund from the State Fund Education Budget and will be provided by necessary reappropriations of sanctioned grants from the education budget for 1914-15.	
(ii) Extra charge on account of the revision of the scale of remuneration to examiners and of the scale of establishment of the Local Examination Office ...	3,252
(iii) Local allowance to the two school masters of schools newly opened at Muduvatti in Kolar Taluk and Vemagadu in Mulbagal Taluk at one rupee each per mensem	24

The total expenditure for 1914-15 will thus be Rs. 4,48,977.

4. With the above remarks, the Village School Fund Budget Estimates for 1914-15 are passed providing for an income of Rs. 3,84,466 and an expenditure of

Local Fund and Sanitary (Education), dated 20th July 1914.

Rs. 4.48,977. Out of the total excess of expenditure over receipts, *viz.*, Rs. 64,511 Rs. 58,511 will be met from the funded balance at the credit of the Village School Fund. As regards the remainder it will be provided by reappropriation from the sanctioned grants in the State Fund Education Budget for 1914-15.

The details of the estimates are given in the accompanying statements, an abstract whereof is given below:—

No.	Items	Sanctioned estimates for 1913-14	Sanctioned estimates for 1914-15
	Receipts.	Rs.	Rs.
1	Allotment from local cess	2,40,000	2,40,000
2	School fees	1,900	2,500
3	Examination fees	15,500	16,500
4	Interest on investments	5,101	5,101
5	Contribution from Municipal Funds	1,106	1,106
6	Do for the construction of school buildings..	.....	2,000
7	Do from State Revenues	1,05,787	1,17,259
8	Miscellaneous	.....	.....
	Total ...	3,69,394	3,84,466
	Expenditure.		
1	Instruction, General	3,27,823	3,54,787
2	Grants-in-aid	4,240	4,240
3	Scholarships	1,400	7,100
4	General	65,750	65,750
5	Local Examinations	13,548	16,800

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter *No. 9037-459, dated the 21st January 1914, from the Inspector-General of Education, submitting a scheme for the improvement of female education in the Collegiate and Secondary Grades.

*2. Letter No. D. O. 850, dated 12th March 1914, from the same officer, submitting a statement exhibiting the proposals in a tabular form.

*(Printed as appendices.)

No. 414-26—EDN. 152-13-7, DATED BANGALORE, 10TH JULY 1914.

ORDER THEREON.—As stated in the letter read above, there are at present very few educational institutions imparting instruction to girls beyond the elementary stage. The institutions consist of *one* College, *two* High Schools, *eight* Anglo-Vernacular Schools, and *sixty-eight* Lower Secondary Vernacular Schools. Out of a total of 305 Girls' Schools no fewer than 222 are of the Primary stage, and even in the others secondary classes are formed only at irregular intervals when circumstances favour the attendance of a few girls in the higher classes. Only 6¼ per cent of the total female population of school-going age is under instruction and the numbers in the secondary and higher stages are extremely small.

2. Various causes, chiefly social, have contributed to this unsatisfactory state of things, and no great advance can be hoped for until a larger number of secondary schools can be established and such schools can be staffed entirely with women teachers.

Such an advance will be a work of several years and will require a considerable amount of careful preparation. The steps required to be taken immediately are to create facilities in the existing institutions for securing a continuous and increasing supply of pupils in the higher classes, to secure a large number of women teachers by offering reasonable inducements to as many as possible to enter the teaching profession and to give such teachers suitable training.

It is also necessary to impart in these schools not only education of a literary character but also instruction in certain industrial and domestic arts so as to fit the students for their future life. The Inspector-General of Education has kept these objects in view in framing the scheme now submitted.

3. *The Maharani's College.*—This institution will consist of the following departments:—

1. Collegiate		
2. High School	English	
3. Lower Secondary and Primary		
4. Upper Secondary		
5. Lower Secondary	Vernacular	
6. Elementary		
7. Vernacular Normal School		
8. Industrial and Domestic Science School ...		
9. Hostel		

4. The College Department will train students up to the Intermediate standard as at present and special arrangements will be made in the Maharaja's College, Mysore, and if necessary, in the Central College, Bangalore, for students who pass out of the Maharani's College to continue their studies. If in future a larger and steadier supply of students is secured, the question of rising the College to the first grade will be considered.

The High School will consist of three forms and the lower school (Secondary and Primary) will contain seven classes.

5. In the Vernacular Branch, the present Collegiate instruction in Sanskrit and Kannada will cease as there has been only one pupil for several years past, and in the case of any student desiring to take up such advanced studies, special arrangements will be made in the Pandits' classes held in the Normal School, Mysore.

The Vernacular Branch will consist of seven classes of the Primary and Lower Secondary standards and two classes of the Upper Secondary standard.

The large number of primary classes now held will be abolished and only one set of such classes will be retained to serve as a practising school for the Normal School.

To provide for the surplus pupils of the primary classes proposed to be abolished, three primary schools (with five classes each) will be opened in different parts of the Mysore City.

6. The Normal School will contain two classes, one for Lower Secondary and one for Upper Secondary training.

7. The Industrial and Domestic Arts' Section will provide training for domestic life, and instruction in drawing, music and in cottage and other industries like rattan work, mat-making, sewing, knitting, lacework, etc. Provision should be made for persons other than regular students of the institution to attend the classes of this section if they wish to do so. In course of time, it may be possible to develop this section into an independent industrial school for women.

8. *Hostel.*—The chief feature of the new scheme is the opening of a hostel connected with the institution. At present the Widows' Home, Mysore, started and kept up by the self-sacrificing liberality and labours of Mr. Rai Bahadur Rajakaryaprasakta A. Narasimha Iyengar maintains and educates a number of female students—mostly widows—from all parts of the State and even from outside. It is expected that several of these widow pupils will eventually enter the teaching profession. The home is maintained from the income of the Devaraj Bahadur Charities Fund, and from private subscriptions and donations, supplemented by a monthly grant of two hundred rupees from Government.

Mr. Narasimha Iyengar has represented to Government that the institution is doing useful work and that it is desirable to place it on a secure and permanent basis.

In his letter the Inspector-General of Education recommends that this institution may be taken over under Government management. Government accept this recommendation subject to the condition that the grants received at present from the Devaraj Bahadur Charity Fund and other sources are placed at the disposal of Government for this purpose. One section of the hostel will be the present Widows' Home with the name altered into Abalasrama or Women's Home. As far as its resources permit, it will continue to receive, maintain and educate all poor widows and other women students who desire to acquire education or other training to fit them to earn their livelihood, but who have no resources of their own and depend solely or chiefly on the scholarship or other help which the institution is able to give them.

There will be another section of the hostel to be known as the Maharani's College Hostel, which will accommodate students who are able to pay their own way. Selected scholarship students particularly those studying in the College and High School Departments may be admitted into it. This section will be located in the bungalow belonging to the Jagirdar of Yelandur, which will be acquired for this purpose.

Both the sections of the hostel will be under the supervision of a resident lady warden, who will be borne on the staff of the Maharani's College. A suitable Committee should be formed for the management of the institution, one of whose important functions will be to stimulate and obtain funds from private benefactors in support of the Abalasrama.

9. Turning to the other schools in the State, the Government Girls' School in Bangalore will be raised to the Upper Secondary Standard by the addition of two Kannada Upper Secondary classes and an English Lower Secondary class. An English Lower Secondary class will be started in the Aryabalika Patasala and the Chamarajpet Girls' School. One English class will be added to the Girls' School at Malleswaram.

After a year or two, when a sufficient number of pupils have passed through the English Lower Secondary classes, the Government Girls' School should be provided with English High School classes also. Provision will be made in these schools to teach domestic science and certain industrial subjects.

Local Fund and Sanitary (Education), dated 10th July 1914.

The Empress Girls' School at Tumkur will be similarly provided with Kannada Upper Secondary classes and an English Lower Secondary class provision being made for teaching in domestic science and industrial subjects.

The Girls' Schools at Kolar, Chikmagalur, Chitaldrug and Shimoga will be strengthened by the addition of an English Lower Secondary class, with provision for instruction in domestic science and industrial subjects. Similar action will be taken in regard to the school at Hassan in consultation with the Municipal Council.

In course of time, these schools may also be raised to the Upper Secondary grade.

10. Government approve of all these proposals made by the Inspector-General of Education. The scheme involves an increase of expenditure to the extent of Rs. 20,818 per annum, and Government consider the increase moderate. Sanction is accorded to this increase of expenditure as well as to the revision of scales of pay in certain cases and other grants proposed by the Inspector-General of Education as shown in the tabular statement printed in the appendix.

The new scheme should be brought into operation as early as possible.

The Maharani's College as well as the other Girls' Schools will be placed under Committees of Management which will be constituted in place of the Boards of Visitors now in existence. Separate orders will issue on this subject.

APPENDIX I.

No. 9087-459—Edn., dated Bangalore, 21st January 1914, from Rao Bahadur M. Shama Rao, Esq., M.A., Inspector-General of Education in Mysore, to C. S. Balasundaram Iyer, Esq., B.A., Secretary to the Government of His Highness the Maharaja of Mysore, Departments of Education and Agriculture, Bangalore.

I have the honor to bring to the notice of Government that at present the standard of Female Education in the State does not go beyond the Primary Stage except in a limited number of institutions where secondary and Collegiate Education is imparted. The Maharani's College at Mysore is the only institution which maintains a College Department both in English as well as in Kannada and Sanskrit. There are two English High Schools for girls, the Maharani's College High School Department and the London Mission High School, Bangalore. The number of Anglo-Vernacular Schools for girls is 1 Government, 6 aided and 1 unaided, the single Anglo-Vernacular School maintained by Government being the Anglo-Vernacular School Department of the Maharani's College, and the seven aided and unaided institutions being all for European or Eurasian girls. The total number of Lower Secondary Vernacular Schools is 68, of which 51 are Government Schools, 1 a Municipal institution, and the rest are aided institutions. Out of a total of 305 girls' schools in the State no less than 222 are of the Primary stage and even of several of the rest, it may be said, that they are only nominally higher schools inasmuch as the maintenance of higher classes depends upon the teachers some of whom show an earnest desire, when they find qualified girls at odd intervals, to train them up for the higher courses. Notwithstanding the efforts made in the past there is still a very wide field left for the promotion of female education, only about 27,500 girls being under instruction out of a total school-going population of nearly 4½ lakhs of girls, or 6¾ per cent. For the promotion of female education both in extent as well as in efficiency it is in my opinion necessary not only to establish more girls' schools, or offer more facilities for the education of girls along with boys in the Primary stages, but it is also necessary to place the Maharani's College on a basis of wider usefulness as well as to give facilities for higher training to the pupils of a number of other institutions in the State, provision being also made for the imparting of such industrial training and training in subjects of domestic economy as come within the sphere of girls. With a view to fulfil these objects I beg to submit the following proposals for the kind approval and sanction of Government:—

2 My first proposal relates to the Maharani's College and this College is the only institution, as I have already said, maintaining the College Department both in English as well as in Kannada and Sanskrit. The cost incurred in this Department about Rs. 11,000 annually may now be regarded as being somewhat disproportionate to the results achieved, there being only 3 and 4 pupils respectively in each of the two College classes. In the higher classes the supply of pupils is not continuous, and is also scanty, being due to want of co-ordination between the several institutions scattered over the State. The Maharani's College is now a second grade College affiliated to the Madras University in Group III (History and Logic). Out of a total number of 349 pupils in this institution, however, no less than 268 are in the Primary Department, there being left only 81 pupils in the Higher Departments. Even out of this latter number a deduction of 22 may be made for those in the Training Class which is recruited from Mistresses already in service. To relieve the congestion in the lower departments, it is desirable to open 3 primary schools in different localities in the Mysore City, retaining only 5 primary classes in the Maharani's College without any of the subdivisions that now exist, so that these classes may serve as Practising Classes for the Mistresses that will be periodically under training. In this College, I propose that hereafter there should accordingly be the following classes:—

I. English Branch.—

(i) College Department, 2 Intermediate classes.
(ii) High School forms 3.
(iii) Lower Secondary and Primary classes including 2 extra classes for imparting special instruction to backward girls 7 classes.

II. Vernacular Branch.—

(i) Kannada Primary and Lower Secondary Classes 7.
(ii) Vernacular Upper Secondary Classes 2.

III. Training Branch.—2 classes.

For the 2 Intermediate Classes, 3 teachers are required, and 1 may be on Rs. 175 per month, the other two being in grade 200—20—300. The teacher who teaches Logic may continue to get Rs. 30 per month as at present. For the 3 High School forms 4 teachers are needed, and they may be in the grades 1 on 50 (fixed), 1 on 50—4—70, 1 on 75—10—125 and 1 on 150 respectively. For the 7 Lower Secondary and Primary English classes, 7 teachers will be needed, 2 on Rs. 20, 2 on 25, 2 on 30, and 1 on 40. For the 2 Upper Secondary classes of the Vernacular Branch 3 teachers, 1 on 40, 1 on 50, and 1 on 50—4—70 will be required. And for the 7 Kannada Primary and Lower Secondary Classes 7 teachers may be appointed, 2 on Rs. 15, 2 on 20, 2 on 25 and 1 on 30. For the 2 Training Classes, namely, the Lower Secondary Training Class and the Upper Secondary Training Class, 3 teachers are needed, 1 on 50—4—70 and 2 on 75—10—125. Besides these, 2 extra teachers, one on Rs. 50 and the

other on 30 will also be needed to serve as relieving teachers, as in an institution which employs a number of lady teachers there will be frequent absences on account of sickness, child birth or other similar causes. One of the relieving masters will also help as at present the writer of the school when the clerical work becomes heavy.

Besides these teachers who will generally be all English-knowing and the majority of them graduates, there will also be required 2 Kannada and 2 Sanskrit Pandits, 2 being on Rs. 25 and 2 on Rs. 30 each, 2 Drawing Masters, 1 on Rs. 40 and 1 on Rs. 50, 1 Art Instructor on 50—4—70, 2 Music teachers, one on Rs. 25 and the other on Rs. 30, a needlework Mistress on Rs. 30, 4 Industrial and Kindergarten teachers, 1 on 40, 1 on 30, 1 on 20, and 1 on 15, 1 Librarian on Rs. 50, and 1 writer on Rs. 30. The menial establishment may consist of 20 at a cost of Rs. 125 per month. The whole institution will, as at present, continue under the supervision of a Lady Superintendent in the grade Rs. 400—20—500, being the same as is sanctioned for the Inspectress of Schools. Lastly, the grants for the contingencies, Rs.107½ monthly, for library Rs. 250, for prizes Rs. 150, and books to poor girls Rs. 100 annually may continue as at present.

Next there is at present a monthly grant of Rs. 540 for scholarships, the distribution being left more or less to the discretion of the Lady Superintendent. In the future it is desirable to regulate both the number and the amount of these scholarships. There may be 8 scholarships of Rs. 15 each for the 2 Intermediate classes and 45 scholarships of Rs. 12 each for the 3 High School forms, 2 Upper Secondary classes and 2 Lower Secondary classes (both English and Kannada). For pupils of the Primary Department a fixed sum of Rs. 50 per month may be allotted, the amount of the scholarship varying according to the means of the pupils, each scholarship generally not exceeding Rs. 3 or Rs. 4. The scholarships for the Secondary and College classes, however, ought to be given in full only when the pupils are inmates of the College Home or Hostel. When the pupils are not such inmates, but have private facilities for boarding and lodging, the scholarships may be reduced to Rs. 5, Rs. 4 and Rs. 3 in the College, High School and Lower Secondary Departments respectively. The allotment for scholarships may be treated as a lump sum grant, it being left to the Lady Superintendent to make temporary variations, when necessary, with the previous sanction of the Inspector-General of Education.

Next, a hostel for girl pupils at Mysore as an adjunct to the Maharani's College is found to be a great necessity, and for this purpose the existing Widows' Home under the management of Rai Bahadur A. Narasimiengar may be taken over, and also the building belonging to the Jahgirdar of Yelandur close by may be acquired, the Jahgirdar himself being willing to part with the building. At present it is found that more than 150 girls generally appear for the Lower Secondary Examination from various schools in the State and more than a third of this number succeed in passing the Examination. For want of conveniences of boarding and lodging at Mysore, a very large number of these girls refrain from pursuing their studies further, thereby accounting for the small number of girls found in the higher classes of the Maharani's College. By granting scholarships to these girls to stay in the hostel, a continuous stream of supply to the Maharani's College will be ensured. The Jahgirdar's building may in the first instance be made available for those students who pay their own charges, and only when there is room, selected scholarship students allowed to stop, the remaining students being all accommodated in the building of the present Widows' Home. Perhaps separate kitchens for Lingayet and other girls may become necessary as the Hostel grows in popularity. The Widows' Home at present gets a monthly grant-in-aid of Rs. 200 and this amount appears to be more than ample for maintainig the necessary establishment, and meeting the contingent expenditure. At one time it was considered sufficient to employ a Lady Superintendent preferably one of the Mistresses of the Maharani's College on an allowance of Rs. 50 per month to supervise the Home, the cost being met from the present grant-in-aid. Mr. Narasimiengar is however now of opinion that the hostel may be placed under the supervision of a European Lady by name Miss Renda. If the Government are agreeable to the employment of this lady, I beg to suggest that she may be given a salary of Rs. 150 and a house rent of Rs. 25, the engagement terminating at the end of one year if not renewed. She may sleep in the Hostel during nights, and during the day time, in addition to the general control of the hostel, may teach some subjects in the Maharani's College for an hour or two. A Committee of five ladies and two gentlemen may also be appointed for the general supervision and management of the hostel.

Besides the reorganization of the Maharani's College and establishment of a hostel as an adjunct to it, three primary schools will be needed in three different parts of the Mysore City to provide instruction for the surplus pupils of the Primary classes of the Maharani's College. There will be five classes in each of the schools with five teachers, and two extra teachers, one for singing and the other for needle-work. The singing master may be given a pay of Rs. 12 and the needle-work teacher Rs. 10, the other 5 masters being graded 1 on Rs. 10, 2 on 12, 1 on 15, and 1 on 20. There may be 4 menials for each school, 2 on 6 and 2 on 5 each and a scavenger on Rs. 2 per month. A sum of Rs. 5 is needed per month for contingencies, and a sum of Rs. 30 for prizes, and Rs. 20 for the purchase of books to be given to poor girls are also required annually. As no Government buildings are readily available for the occupation of these schools, a monthly house rent of Rs. 40 for each school is also needed. The annual cost for each primary school will be Rs. 1,970.

In the Bangalore City the Government Girls' School may be raised to the standard of an Upper Secondary School with English as a second language for all classes beyond the Primary stage. At present the total number of classes is 14, several of them being divisions of one and the same class. There are 14 teachers 1 for each class besides four for fancy work, tailoring, singing ar

Kindergarten respectively. This number has to be supplemented by five more teachers, three for the three more Classes to be opened, namely, English Lower Secondary Class, and the two Upper Secondary Classes, the fourth teacher for Domestic Economy and Industrial subjects, and the fifth serving as a relieving master also in an institution where there are a number of lady teachers likely to go on leave frequently. The scale of pay of the 23 teachers proposed for the school may stand as below:—

1 (75—10—125), 2 (50—4—70), 1 (50), 1 (40), 2 (30), 2 (25), 4 (20), 4 (15), 3 (12), and 3 (10).

At Tumkur the Empress Girls' School is a large and flourishing institution with nearly 200 pupils and it is necessary there also to have an English Lower Secondary class and two Upper Secondary classes with English as a Second Language. At present there are eight classes, excluding the Zenana classes, 2 of them being Sub-Divisions of one and the same class, and 13 teachers, three being for Zenana classes. For the 8 classes, 8 teachers are necessary and for the three additional classes four masters will be required, besides a music teacher, a sewing teacher, and a teacher for Domestic Economy and Industrial subjects. The scale of pay of the 15 teachers proposed for this school may be revised as follows:—

2 on 10, 2 on 12, 2 on 15, 2 on 20, 2 on 25, 2 on 30, 1 on 40, 1 on 50, and 1 on 50—4—70.

There are three teachers working in the Zenana Classes, but experience has shown that very little work is done in the homes of the pupils and these teachers may therefore be absorbed as class teachers in the school.

For each of the Government Girls' Schools at Kolar, Chikmagalur, Shimoga and Chitaldrug and for each of the remaining three schools in the Bangalore City, namely, Aryabalika Patasala, Chamarajapet Girls' School and the Malleswaram Girls' School, an English teacher and a teacher for Domestic Economy and Industrial subjects may be provided for the present. Ultimately some of these schools may, as they develop, be raised to the standard of Upper Secondary Schools. At Hassan there is a Municipal Girls' School and I shall place myself in communication with the President of the Municipality to improve this school also on the same lines as for the other schools situated at District Headquarters mentioned in this paragraph.

It will be seen that in all the above institutions provision is made for Industrial Education for girls. At present the Wesleyan Mission Orphanage Girls' School at Hassan is the only institution where an attempt is being made to impart some industrial education to girls. In my opinion the following subjects may gradually be introduced into all the institutions for girls as facilities for imparting instruction are created:—

(1) *Needle-work.*—Plain sewing, embroidery, knitting and tailoring.

(2) *String work.*—Making of silk or cotton strings, bags, purses, ect.

(3) Lace work.

(4) Artificial flower making.

(5) Basket, rush and straw work.

(6) Toy and doll making out of shell, paper, straw, wax, wood pith, rattan, etc.

(7) Wax work.

(8) Bead and wire work.

(9) Embellishing and draping picture.

Where facilities exist, kitchen, gardens and dairying may also be added. Cookery, Sick-nursing Domestic Economy and personal Hygiene, care of young children, house wifery including purchase of commodities, should invariably be taught to all the girls with laundry work also, suited to the Indian conditions.

As regards the cost, I append the usual proposition statement from which it will be seen that the total excess cost will be Rs. 20,884 per annum. To improve efficiency the scale of pay for the teachers has been in some instances revised in conformity with the revised scales sanctioned in Government Order No. 6590-2—Edn. 82-12-4, dated 30th December 1913. As regards the opening of more girls' schools and the improvement of the existing schools at other places, I have already submitted my recommendations to Government in my letters No. 11164—623, dated 29th March 1913 and No. 7367—385, dated 15th December 1913. The principal difficulty in the way of expansion of the strength of several of the girls' schools situated in taluk stations and other large places is the want of suitable buildings, and in the future efforts will be made to induce private capitalists to construct more spacious buildings with a little extra rent, if demanded. In the primary stages it is found convenient to have mixed classes of both boys and girls and to such classes no objection is raised on the part of the parents of girls.

I beg to add that Government may be pleased to pass early orders so that the sanctioned proposals may be brought into effect from the beginning of the next school year in the months of May and June.

APPENDIX II.

D. O. No. 850, dated 12th March 1914, from the Inspector-General of Education in Mysore, to the Dewan of Mysore.

I send herewith the tabular statement required by you regarding my proposals for the improvement of female education you were pleased to discuss on Sunday last. I have also sent an analysis of my proposals for ready reference relating to each institution.

Local Fund and Sanitary (Education), dated 10th July 1914.

In the Maharani's College ten teachers are provided for teaching Domestic, Industrial and other subjects as mentioned * below. For the coming year the course in Domestic Subjects can all be only primary and each girl admitted into the Lower Secondary Classes and upwards may be asked to make a choice of one or more of these subjects. Others as have had a primary course of general education may also be admitted into the Domestic and Industrial Classes only, if they do not wish to pursue higher courses of general study. Pupils of the Normal classes are invariably to be asked to combine as many of the Domestic and Industrial subjects as they possess capacity to learn. As students for Domestic and Industrial subjects grow in numbers, and the several classes develop, a separate school may be established for women in the course of two years.

From the Nanjaraj Bahadur Fund Mr. Narasimha Iyengar is spending about Rs. 2,000 for the Widows' home and he has also been giving scholarships to several widows reading in the mofussil schools. It is desirable that from this source, the expenditure should continue as at present, in addition to the allotment of Rs. 540 per month in the Maharani's College and Rs. 228 per month in the General Education budget borne by Government.

I have sent copies of all these papers to the 1st Councillor.

---

* Training for Domestic-Life, Higher, Middle and Primary including food and cookery, water supply, ventilation, disposal of refuse, the care of the sick and of children, the management of money, methods of cleaning the house, choice and care of clothing, etc.

Rattan work, mat-making, sewing, gardening, dairying, string work, knitting, lace-work, artificial flower-making, toy and doll-making, wax-work, bead and wire work, embellishing and draping pictures, and others that may be added when facilities can be created.

Drawing and Music.

Proceedings of the Government of His Highness the Maharaja of Mysore.

READ—

Letter No. 1346—E. C., dated the 18th April 1914, from the Secretary, Economic Conference, forwarding a copy of the resolution passed by the Education Committee at its meeting held on the 24th February 1914, on the subject of establishing Public Libraries in Bangalore and Mysore.

No. 1346, dated Bangalore, 18th April 1914, from C. S. Balasundaram Iyer, Esq., B.A., Secy. to the Mysore Economic Conference, Bangalore, to C. S. Balasundaram Iyer, Esq., B.A., Secy. to the Government of His Highness the Maharaja, for Education and Agriculture.

I have the honour to forward herewith for orders of Government copy of letter No. 1158, dated 23rd March 1914, with enclosures from the Secretary, Education Committee, forwarding a copy of resolution passed by the Committee at its meeting held on the 24th January 1914, on the subject of establishing Public Libraries in Bangalore and Mysore.

Letter No. 1158, dated 23rd March 1914, from the Secretary, Education Committee, to the Secretary, Mysore Economic Conference.

In forwarding herewith a copy of resolution passed at the meeting of the Committee held on the 24th January 1914 on the subject of establishing Public Libraries and Free Reading Rooms, I am directed to request that the question of establishing Public Libraries in Mysore and Bangalore on the lines indicated in the recommendations of the Committee noted in the resolution referred to may be submitted for the orders of Government.

Copy of resolution passed at the 18th meeting of the Education Committee, Mysore Economic Conference, held at Ringwood, High Ground, Bangalore, at 1 P.M. on Saturday the 24th January 1914.

The question of establishing Public Libraries and Free Reading Rooms was first taken up. The reports submitted by the Sub-Committees formed in this connection copies of which had been circulated to the members in advance were read and it was resolved that the following recommendations be made to Government:—

(*a*) That a library building should be constructed eventually in both Mysore and Bangalore on a suitable plan; but pending such construction, the Library for Mysore may be located for the time being in the new Chamarajendra Technical Institute and that for Bangalore may be located in the Sheshadri Memorial Hall as recommended by the Sub-Committee, Bangalore.

(*b*) That the Libraries should be started with books, etc., purchased newly from Government funds and that books, donations, etc., received from other sources be added to them.

(*c*) That the Library should have a lending department and a reading room; and that there should be a fair proportion of English and Vernacular books therein.

(*d*) That the reading room should be free and that books be lent to those who pay annual subscriptions and conform to rules laid down for each library.

(*e*) That a grant of Rs. 25,000 should be made for books and furniture for each place; of Rs. 1,500 a year for journals and papers, and of Rs. 600 for binding and other contingencies every year for each place.

(*f*) That the following establishment be sanctioned for each place:—

	Rs.
1 Librarian	75 to 125
1 Clerk and Assistant Librarian ...	50
1 Clerk	30
2 Attenders	20
2 Peons	14
1 Sweeper	6

(*g*) That a Committee consisting of about 15 members be appointed for each place for the framing of rules, the selection of books and general management of the Library, etc., and that the lists of gentlemen named by the Sub-Committees be sent up to Government.

Proceedings of the Government of His Highness the Maharaja of Mysore,

No. 775-825—Edn. 305-10-22, dated Bangalore, 20th July 1914.

Order thereon.—Government have carefully considered the proposals of the Education Committee referred to in the preamble and are pleased to sanction the opening of two Public Libraries, one in Bangalore and the other in Mysore, as particularised below:—

(1) The Bangalore Public Library may be located in the Sir Sheshadri Memorial Hall. Arrangements should also be made to open Branch Libraries in convenient centres in the City. Endeavours should be made to see if any public spirited citizens will come forward to provide suitable buildings for such Libraries.

(2) The library for Mysore may, as proposed, be opened in the Chamarajendra Technical Institute, a hall and a room being provided for it with a separate public entrance.

(3) As far as possible, all books which are now collected and kept in Government and other libraries which may be amalgamated with the Public Libraries now proposed to be located in Bangalore and Mysore should be transferred to the new Public Libraries.

(4) The books of the Educational Library in Bangalore, except school books which may be kept as a section of the Educational Museum, may all be transferred to the Public Library in Bangalore and similarly all the books of the Oriental Library in Mysore, except those dealing purely with oriental subjects and Sanskrit studies may be transferred to the Library in Mysore.

(5) Books from other Libraries may be transferred under arrangements to be arrived at between the Library Committees and the Departments of Government or other authorities concerned.

(6) A sum of Rs. 20,000 will be provided for initial expenditure for the purchase of books and furniture for the Public Library at Bangalore and Rs. 15,000 for the Library at Mysore. An annual grant of Rs. 1,500 a year will also be sanctioned for the purchase of books, journals and papers and Rs. 600 for binding and other contingent expenses for each Library for a period of five years.

(7) The Public Library in Bangalore will be in the charge of the Secretary to the Education Committee of the Economic Conference, and that in Mysore in the charge of Mr. A. Mahadeva Sastri. For the Library at Bangalore, one Librarian on Rs. 50 and two clerks on Rs. 30 and 15 respectively with two attenders on Rs. 10 each and two peons on Rs. 7 and 6 will be provided. In Mysore, it is sufficient to entertain one Librarian on Rs. 35 and a clerk on Rs. 25 with two attenders and two peons as at Bangalore. The appointments will be on probation and temporary, being sanctioned only for one year in the first instance.

(8) Each Library will be managed by a Committee of 15 members and a Sub-Committee of 5. The Officer in charge of the Library will be Secretary to the Committee.

2. Government are of opinion that a part of the initial and recurring expenditure should be borne by the Municipalities concerned. The Bangalore and Mysore Municipalities should be consulted as to what part of the initial expenditure and the cost of annual maintenance they are prepared to contribute. Government hope that they would provide at least one-fourth of the cost for a beginning.

3. Government also consider that it is not desirable to treat these Libraries as entirely free and the aim should be to make them gradually self-supporting. The main building and the bulk of the Library should be open either to permanent subscribers or to visitors who pay a small fee. The proceeds of the fee should be made to increase gradually so that after some time the contribution from Government funds may be substantially reduced. Arrangements should be made to collect subscriptions and the further development of the Library should depend upon public donations, supplemented by a Government grant.

4. A separate reading room should be provided for the use of the general public containing a collection of essential and useful books and bulletins in English and Kannada and supplied with about half a dozen newspapers and journals, to which people may be admitted free.

Local Fund and Sanitary (Education), dated 20th July 1914.

5. Suitable rules should be framed for the use of the Library by subscribers and others, and submitted for sanction.

6. It will be the duty of the Education Committee to work out all further details in communication with officers concerned and bring the Libraries into existence within three months from the date of this order. The Education Committee will have power to appoint the Library Committees for each place, to examine and sanction the rules drawn up and to decide questions of a general nature that may arise for decision. For purposes of administrative control, appointment of staff, etc., the Libraries will be placed under the Chairman of the Education Committee.

7. The question of starting similar free libraries at the expense of Municipalities and the public, in two or more representative localities in each City, may be developed during the year with the aid of the Municipalities concerned.

C. S. BALASUNDARAM IYER,
Secy. to Govt., Depts. of Edn. & Agriculture.

To—The Secretary, Mysore Economic Conference.
The Comptroller, Mysore Government.
All Heads of Departments.

READ AGAIN—

Government Order No. G. 4450-89—G. M. 235-06-1, dated the 18th January 1907, prescribing rules to regulate the discussion of subjects in the Representative Assembly.

No. G. 160-207—G. R. 17-13-2, DATED BANGALORE, 7TH JULY 1914.

ORDER THEREON.—With a view to concentrate the discussion in the Representative Assembly on important subjects, Government are pleased to issue the following rule. It will be inserted as Rule 5A after Rule 5 in the Government Order read above.

5A "The maximum number of subjects (both general and local) to be selected for discussion in the Representative Assembly in any year will be fixed at 75 for each of the districts of Bangalore and Mysore and 50 for each of the remaining districts. The selection of the specified number of subjects will be made on the basis of the number of votes secured for each of them at the preliminary meeting of the Representatives held by the Deputy Commissioners.

As a rule, questions of general importance will be preferred to purely local subjects which may be attended to by the District officers themselves."

Proceedings of the Government of His Highness the Maharaja of Mysore, General (Miscellaneous and E. & A.), dated 29th July 1914.

READ—

Government Proceedings No. G. 6212-4—G. M. 55-12-180, dated the 11th April 1913, according sanction among other things to a sum of Rs. 1,000 being allotted for assisting inlay workers at Mysore.

2. Letter No. 1600, dated the 26th February 1914, from the Director of Industries and Commerce in Mysore, requesting that the price of ivory required for distribution to inlay workers for the manufacture of inlaid artware may be fixed at Rs. 5 per pound.

3. Government Proceedings No. R. 8791-803—Ft. 100-13-6, dated the 12th May 1914, issuing revised instructions for the sale of elephant tusks collected in Government treasuries in the State, and directing that no ivory be sold in retail except with the approval of Government.

No. G. 876-80—G. M. 67-13-319, DATED BANGALORE, 29TH JULY 1914.

ORDER THEREON.—The Director reports that, with a view to encourage inlay workers of Mysore in the development of their industry, about 100 pounds of ivory were purchased from the Deputy Commissioner, Mysore District, at an upset price of Rs. 5 per pound and distributed to inlay workers in small quantities as requested by them. It is stated that the inlay workers were also given small advances for their labour occasionally and that the articles turned out were sold by the Industries and Commerce Department, and the advances made were adjusted out of the sale proceeds of the articles. This arrangement is reported to have improved the condition of the workers and it is stated that they have requested the continuance of this arrangement.

2. It is observed from the sales of ivory conducted during the last few years that the price of ivory has varied from Rs. 6 to Rs. 7 per pound. Having regard, however, to the circumstances represented by Mr. Chatterton, Government are pleased to direct that the prize of the ivory required for distribution to inlay workers be fixed at Rs. 6 per pound, and that ivory may be sold to the Director of Industries and Commerce at this rate from time to time.

Proceedings of the Government of His Highness the Maharaja of Mysore,

BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

Appeal No.

Appellants	*vs.*	*Respondents.*
(1) Bhadra and (2) Era (Bestars) of Karehalli, Kadur Taluk.		(1) Thimma, son of Era. (2) Maiga, son of Dhoota, Marikurubars of Karehalli in the Kadur Taluk.

Subject.

Pujari right of Karehalli Amma's temple at Karehalli in the Kadur Taluk.

Facts of the Case.

The temple of Karehalli Amma in the Kadur Taluk is a Muzrai institution endowed with certain inam lands.

The worship of this deity was being conducted by Marikurubars Era and Dhoota, fathers of respondents 1 and 2. As the result of a dispute, the Marikurubar Pujaries were turned out by the Patel Mudde Gowda who was the Vahivatdar of the temple assisted by the villagers and the worship was handed over to the appellants. Bhadra and Era who are Bestars by caste.

A suit O. S. No. 217 of 1893 was filed by Era and Doota in the Chikmagalur Munsiff's Court and a decision was obtained in their favour, and this was upheld in appeal by the Sub-Judge in A. S. No. 131 of 1894-15. On a second appeal the Chief Court reversed the concurrent judgments of the lower courts on the ground of want of jurisdiction.

Era and Dhoota thereupon petitioned the Amildar of Arsikere Taluk praying for their reinstatement as the Pujaris of the temple in question and the matter has been in one form or other under the consideration of the Revenue authorities ever since.

On the 1st March 1912 the Deputy Commissioner before whom the records went up for orders in another connection framed an issue in the following terms. Whether Marikurubars, *i.e.*, Era and Dhoota, the plaintiffs before the Chikmagalur Munsiff's Court or their sons Thimma and Maiga now present are entitled to perform puja to this idol, and the case was referred to the Assistant Commissioner for a regular enquiry and decision.

Accordingly an enquiry was held by the Assistant Commissioner and evidence recorded in the presence of the parties concerned and the contention of the respondent upheld. Against this decision, the present appellants Bhadra and Era appealed to the Deputy Commissioner who confirmed the Assistant Commissioner's order.

The present appeal is against the order of the Deputy Commissioner. The case was heard by Government when Mr. N. V. Narasimiengar, Advocate, appeared for the appellants and Mr. B. V. Ramaswamy Chetti for the respondents.

Decision.

The evidence in the Revenue enquiry chiefly consisting of admissions of opponents shows that the respondents (Marikurubars) are entitled to the office of Pujari by hereditary right. They filed a suit concerning this in 1893, but though they succeeded in two courts the Chief Court threw it out on the ground of want of jurisdiction. They presented a petition to the Amildar of Arsikere within a year of the decree of the Chief Court, and the matter has been pending in one form or other before the Revenue Officers. It cannot be held that their claim is barred by adverse possession. The respondents Thimma and Maiga may be given possession of the Puja office in dispute with all its attendant rights. The appeal is dismissed.

Mysuru, dated 29th July 1914.

No. 272—Muz. 35-13-6, dated Bangalore, 29th July 1914.

Copy of the above is forwarded to the Deputy Commissioner, Kadur District, returning the entire records received with his letter No. 185, dated 30th September 1913.

By Order,

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

Exd.—C. R.

Proceedings of the Government of His Highness the Maharaja of Mysore, Muzrai, dated 31st July 1914.

READ—

G. O. No. 929-40—M. F. 157-06, dated the 28th October 1911, passing orders regarding the supply of sandalwood to the several Muzrai Institutions in the State.

Letter No. 918, dated the 18th December 1913, from the Muzrai Superintendent in Mysore, reporting that the Conservator of Forests declined to supply as heretofore the usual quantity of sandalwood to Sri Parakala Matt pending further orders of Government, on the score that the name of the Matt has been omitted in the above order and stating that the Matt in question was enjoying a free supply of 18 maunds of sandalwood from the Sircar Koti under a composition entered into with the Forest Department in exchange for its right of collection of the requisite quantity of wood from its inam villages and recommending that the Government may be pleased to recognise the claim of the Matt to the annual grant of this quantity of sandalwood to be supplied free by the Forest Department.

No. 282-4—MUZ. 381-13-2, DATED BANGALORE, 31ST JULY 1914.

ORDER THEREON.—The Conservator of Forests who was unofficially consulted admits that the Matt is entitled to the grant of 18 maunds of sandalwood annually under the arrangement which has long been in force, but is of opinion that the Muzrai Department should purchase this quantity from the Forest Department as in the case of other institutions, for which a free grant of sandalwood has been sanctioned by Government and that the name of the institution should be included in the list appended to the order read above.

2. This solution does not commend itself to Government. Under the sannad of 3rd March 1819, the Sri Parakala Matt was given the right to collect from its inam villages as much sandalwood as may be required for the use of the Matt. Captain Montgomery, Superintendent, Ashtagram Division, passed an order in 1845 that the Matt should be granted 18 maunds of Panjam wood annually from the Sircar Koti and that in exchange the Government should collect and sell all the wood available in the inam villages of the Matt. This composition was further recognised at the Inam Settlement of the villages and subject to this grant all Government rights to forests were reserved.

3. Under the circumstances of the case, the Government are of opinion that the arrangement entered into by Captain Montgomery cannot be considered as an independent grant and that it can only be understood as of the nature of a composition by the Forest Department in exchange for the right of the Matt to collect its own wood. As this arrangement has been in existence for a long time, the Government consider that there is no reason why it should not be continued on that basis. The Forest Department cannot, however, ask to be reimbursed the cost from the Muzrai Budget, nor can the Matt require that the free supply of this quantity should be recognised and mentioned as a Muzrai grant in the general order.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Muzrai Superintendent in Mysore.

Proceedings of the Government of His Highness the Maharaja of Mysore, Public Works, dated 24th July 1914.

READ—

Letter No. 6551, dated the 25th November 1913, from the Chief Electrical Engineer, submitting the Administration Report of the Electrical Department for the year 1912-13.

No. 416-19—C. P. S., DATED BANGALORE, 24TH JULY 1914.

ORDER THEREON.—The estimated revenue and expenditure of the Cauvery Power Scheme during 1912-13, originally stood at Rs. 16,19,800 and Rs. 13,98,300 respectively, but the actuals amounted to Rs. 17,05,795 and Rs. 6,74,009.

2. *Expenditure.*—The revised grant under this head amounted to Rs. 7,83,800, against which the outlay incurred was Rs. 6,74,009, inclusive of a sum of Rs. 30,515 on the Fourth Installation work. A major portion of the lapse of Rs. 1,09,791 is due to stock materials having been utilised on works with a view to reduce the reserve limit.

3. The cost of the maintenance of plant which amounted to Rs. 6,43,494 is made up as follows:—

	Rs.
(i) Working expenses	3,51,651
(ii) Depreciation charges	2,88,838
(iii) Amount debited to suspense account	3,204
Total ...	6,43,693
Minus outlay on capital work	199
Net ...	6,43,494

4. The actual revenue realised from the scheme was Rs. 17,05,795. Leaving out of account the charges debitable to depreciation and suspense heads, the net revenue and working expenses stood at Rs. 13,54,144 and Rs. 3,51,651 respectively, against Rs. 13,21,979 and Rs. 3,43,713 during 1911-12.

5. The financial results of the scheme to end of 1912-13 may be summed up as follows:—

	Rs.	Rs.	Rs.
Capital outlay to date		...	83,11,467
Gross earnings		1,76,38,378	...
Working expenses	31,85,496	...	...
Depreciation fund	25,58,105	...	...
Interest on capital @ 4%	32,04,296	89,47,897	
Net profit	...	86,90,481	...
The average net profit realised per year ...	...	...	7,90,043·72

This represents a return of 9·5% per annum on the capital outlay.

6. It is satisfactory to note that the demand for the interior power and lighting in the cities of Bangalore and Mysore and Civil and Military Station has been on the increase during the year.

7. As the estimate for the Bangalore Electric Tramways has had to be revised, the progress on this work has been slow.

8. On account of his continued ill-health, Mr. H. W. Dryden, Chief Operator at Sivasamudram, resigned his appointment in July 1913 and was succeeded by Mr. S. G. Forbes.

9. Government note with satisfaction the remarks in the last paragraph of the Chief Electrical Engineer's report regarding the good work done by his staff.

26	R 262—L R 359-13-18 ...	9	Compiler, *Mysore Gazette*	Orders the publication in the Gazette of a notification regarding the constitution of a tank panchayet for the above villages with the names of its members.
27	R 263-4—L R 500-13-11...	9	Rev. Comr. and Mr. K. Srinivasa Rao, Special Duty Officer	Approves of the arrangement of subject headings for the Mysore Village Manual proposed by the Special Duty Officer, with a few modifications.
28	R 267—L R 575-13-2 ...	10	Narasappa, Shanbhog of Indavara, Chikmagalur	Rejects his application for review of Government Order No. R. 5927—L. R. 401-12-S, dated 3rd February 1914, directing the registry of the Shanbhogi office of Hirekolale Firka in the name of his brother Nanjappa.
29	R 268—L R 43-13-11 ...	10	Mr. J. Venkatakrishniah, LL.B. Student, Bombay	Informs him that Government have no intention at present of appointing Revenue Probationers.
30	R 269—L R 591-13-2 ...	10	Somnappa, Patel of Arabikottanur and other villages, Kolar Taluk	Rejects his appeal against the Revenue Commissioner's order confirming that of the Kolar Deputy Commissioner directing the appointment of separate Pateli gumastas for the villages which were in the charge of the appellant's deceased father.
31	R 270 ...	10	Rev. Commissioner ...	Forwards copy of the above for information.
32	R 273-4—L R 94-13-3 ...	10	Rev. Comr. and Comptr.	Sanctions the appointment of N. Sesha Sastri, *Sub pro tem* Head Clerk of the Bangalore District Office, as Acting District Sheristadar of the same office, during the absence of K. C. Subbarayan on a fortnight's privilege leave from or after the 8th May 1914.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
33	R 275-6—L R 119-13-9 ...	10	Rev. Comr. and Comptr.	Approves of the arrangement made by the Revenue Commissioner for the charge of the Sagar Taluk, during the absence of Mr. B. T. Sitaramaiya, Amildar, on privilege leave and states that it is unnecessary to invest the Taluk Sheristadar with Magisterial powers.
34	R 277-8—L R 359-13-18...	10	Rev. Comr. and Chief Engineer	Sanctions the constitution of a tank panchayet under Regulation I of 1911, for Bellavi tank in the Tumkur Taluk.
35	R 279—L R 9-14-6 ...	10	Compiler, *Mysore Gazette*	Notifies that Mr. B. Ramaswamaiya, Officiating Deputy Commissioner, handed over and that Mr. P. F. Bowring, Deputy Commissioner, received charge of the Kolar District and Treasury in the afternoon of the 30th June 1914.
36	R 284—L R 94-13-7 ...	10	Rev. Commissioner ...	Informs him that B. Bhagavanta Rao, Head Accountant, under orders of transfer from Bangalore to Chikmagalur, may, as suggested by him, be asked to apply for leave from Chikmagalur.
37	R 285-6—L R 96-13-6 ...	10	Rev. Comr. and Comptr.	Permits Mr. B. Bhima Rao, Treasury Assistant Commissioner, Chitaldrug District, to avail himself of the privilege leave already granted to him, from the 8th June 1914.
38	R 287-8—L R 168-13-7 ...	10	Do ...	Sanctions (1) the transfer of G. N. Madhava Rao, Acting District Sheristadar, from Chitaldrug to Bangalore; (2) the grant to him of leave on Medical certificate for four months and one day in continuation of the privilege leave already granted to him; and (3) the appointment of K. Surappa, Acting Deputy Clerk of the Revenue Commissioner's Office, as Acting District Sheristadar of Bangalore, during the absence of G. N. Madhava Rao, on leave.
39	R 290—L R 617-12-4 ...	11	Subba Rao, Shanbhog of Chikkahalli, Pavagada Taluk	Rejects his appeal regarding his dismissal from the Shanbhogi office of Chikkahalli, Pavagada Taluk.
40	R 291—L R 222-13-4 ...	11	Rev. Commissioner ...	Reverses his order confirming the second darkhast sale of Survey No. 24 of Somadevanahalli, Magadi Taluk, as there were no irregularities in the first sale and the price realised was very fair considering the fact that the land was lying banjar for a very long time and that similar lands in the village were sold for equally small sums.
41	R 292—L R 222-13-5 ...	11	Surappa, Shanbhog of Somadevanahalli, Magadi Taluk	Informs him that the second darkhast sale of Survey No. 24 of the village is cancelled and the first sale confirmed.
42	R 293—L R 222-13-5 ...	11	Chikkanna of Chikkasolur, Magadi Taluk	Informs him of the above.

GENERAL AND REVENUE SECRETARIAT.
Bangalore, 31st July 1914.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

FINANCIAL

SECTION 1—GENERAL FINANCE

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR JULY 1914.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
1	Fl 1-2—1-14-1 ...	2	Secy. to Govt. for Rys. and Comptr.	Sanctions the appointment of two temporary clerks on an aggregate salary of Rs. 60 per mensem for three months to clear the arrears and bring the registers, etc., up to date in the office of the Executive Engineer, Bowringpet-Kolar Railway Construction, with the observation that the establishment should be disbanded as soon as the arrears are cleared for which every attempt should be made.
2	Fl 3-5—2-14-1 ...	2	Secy., P. W. D., Comptr. and Comptr., P. W. and Rys.	Directs that the grants provided in the budget for Irrigation should in future be utilised for completing the works for which estimates were sanctioned or for other Irrigation Works and should not be diverted for purposes other than Irrigation.
3	Fl 40 —125-13-9 ...	6	I.-G. of Education ...	With reference to his proposal for allotting in the education budget for 1914-15 a sum of Rs. 12,500, sanctioned during the current year for the equipment of certain Government Schools, states that it is too late to make any addition to the budget which has been practically finally settled and that the amount can easily be found by reappropriation out of the grants sanctioned for 1914-15.
4	Fl 73-4—132-13-26 ...	7	State Geologist and Comptr.	Requests the Comptroller to admit in audit the extra charges amounting to Rs. 4,875 incurred in connection with "Travelling allowances to Officers and Establishment" and "Prospecting charges and Contingencies" of the Geological Department.
5	Fl 88-90—16-13-2 ...	8	Comptr., Dy. Comr., Bangalore and Regtr., Chief Court.	Sanctions the grant of an advance of Rupees three thousand to Mr. Justice T. Paramasiva Iyer, Judge, Chief Court of Mysore, for the purchase of a motor car, subject to strict compliance with the rules laid down in Government Order dated 10th March 1913.
6	Fl 91-3—152-13-3 ...	8	Comptr. and Extraordinary Member of Council and Mr. M. A. Singrachar, B.A.	Permits Mr. M. A. Singrachar, B.A., Personal Assistant to His Highness the Yuvaraja, to sign the abstract and detailed contingent bills of the office of Extraordinary Member of Council and to be responsible for the correct accounting of the expenditure and receipts thereof.

Serial No.	Proceedings: Number	Proceedings: Date	Proceedings: To whom sent	Subject and Order
7	Fl 99-101—171-13-2 ...	9	Comptr., Comptr., P. W. and Ry. Branch, and Secy. to Govt. for Rys.	Sanctions for reasons explained the proposal of the Comptroller to appoint an officer of high educational qualifications, preferably one with high attainments in Mathematics, for receiving training for a period of one year in Railway Accounts work specialising himself in open line accounts and requests the Comptroller to submit proposals regarding the officer to be selected along with other necessary details.
8	Fl 118-21—16-13-73 ...	11	Comptr., Dy. Comr., Mysore, Offg. Chief Engineer and Comptr., P. W. and Rys.	Sanctions the grant of an advance of rupees one thousand five hundred to Mr. B. C. Sreenivasiengar, Executive Engineer, Temporary rank, Mysore Division, for purchasing a motor cycle with a side car, subject to strict compliance with the rules laid down in Government Order dated 10th March 1913.
9	Fl 143-4—126-13-5 ...	11	Comptr. and Dy. Comr., Mysore	Sanctions the purchase of a copy of the Civil Account Code for the use of the Treasury Officer, Mysore District, with correction slips issued up to date.
10	Fl 160-2—9-13-132 ..	13	Comptr., Dy. Comr,, Bangalore, and Secy. to Govt. G. R. S.	Sanctions the grant of an advance of one year's pay to S. Anniappa, Peon, General and Revenue Secretariat, for building a house in the Basavangudi extension, Bangalore City.
11	Fl 176—44-13-32 ...	16	Comptroller ...	Sanctions the purchase of three Almirahs at an enhanced cost of Rs. 50 each instead of at Rs. 25 sanctioned in Government Order dated 8th December 1913 for the use of the office of Comptroller, Public Works and Railway Branch.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
12	Fl 201-2—155-13-33 ...	18	Comptr. and Mily. Secy. to H. H. the Maharaja	Sanctions the additional expenditure incurred by the Military Secretary to meet excess under the several heads of travelling allowance in his department.
13	Fl 204-6—16-14-5 ...	18	Comptr., Dy. Comr., Bangalore and Director of Agriculture in Mysore	Sanctions the grant of an advance of Rs. 600 to Mr. Kunhi Kannan, Senior Assistant Entomologist, for purchasing a motor bicycle, subject to strict compliance with the rules laid down in Government Order dated 10th March 1913.
14	Fl 214-6—16-14-3 ...	18	Comptr., Dy. Comr., Bangalore and Conservator of Forests	Sanctions the grant of an advance of Rs. 2,840 to Mr. M. G. Rama Rao, Officiating Conservator of Forests, for purchasing a motor car, subject to strict compliance with the rules laid down in Government Order dated 10th March 1913.

Serial No.	Proceedings: Number	Proceedings: Date	Proceedings: To whom sent	Subject and Order
15	Fl 295-6—4-13-21 ...	24	Comptr. and Dy. Comr., Mysore	Sanctions a bill for Rs. 54-8-0 on account of expenditure incurred for laying out pipes to the chattram buildings belonging to the late Mr. Bakshi Basappaji Urs and now under Government management.
16	Fl 301-3—16-13-71 ...	24	Comptr., Dy. Comr., Shimoga and Excise Comr.	Sanctions the grant of an advance of Rs. 1,400 to Mr. M. P. Viswanatha Rao, District Excise Officer, Shimoga, for purchasing a motor bicycle with a side car, subject to strict compliance with the rules laid down in Government Order dated 10th March 1913.
17	Fl 312—32-13-4 ...	24	Comptroller ...	Conveys sanction to the transfer of the services of S. V. Gowrishankar Iyer, Accountant in the Comptroller's office, to the Palace Department for employment as Deputy Accountant for a period of six months and to the period of his temporary service there being allowed to be counted for the grant of increments in his permanent post in the Comptroller's office.
18	Fl 313—63-13-2 ...	24	Do ...	With reference to his proposal for the permanent appointment of the Deputy Comptroller as the Government Director of the Bangalore Woollen, Cotton and Silk Mills Company, Limited, observes that Government consider it desirable that he himself should be the Director and that his alternative suggestion to confer on him a general authority to appoint at his discretion the Deputy Comptroller as Director does not seem permissible either under the Articles of Association of the Company or the General Law.
19	Pol 74 ...	24	First Asst. to the Hon'ble the Resdt.	States that contribution for pension on behalf of Dewan Bahadur Mr. J. S. Chakravarti, M.A., F.R.A.S., Comptroller and Financial Secretary to the Government of Mysore is being paid at Rs. 131-4-0 a month which is $\frac{1}{8}$th of Rs. 1,050, the permanent pay of his grade in the Imperial Government as required by the Codal Rules and that the recent order extending his service under the Durbar does not affect the rate of contribution.
20	Fl 318-28—16-13-69 ...	25	Comptr., Comptr., P. W. and Rys., Rev. Comr. and Dy. Comrs. of Dists.	Approves of the procedure suggested by the Comptroller for keeping all mortgage bonds relating to house building, motor car and other advances in the custody of the District Treasury Officers till the full discharge of the advances by the parties concerned and directs that in case of advances brought on the accounts of Public Works, Cauvery Power Scheme and Railway Departments, intimation should be given by the Comptroller, Public Works and Railway Branch to the Treasury Officers for returning them after the clearance of advances.
21	Fl 336-8—136-13 ...	27	Comptr., Comptr., P. W. and Rys., and Secy. to Govt., for Railways	Sanctions proposals for making certain alterations and additions to the scale of establishment of the Public Works and Railway Branch sanctioned in Government Order dated 29th October 1912.
22	Fl 366—83-13-5 ...	30	M. R. Ry. Sreenivasa Rao, Kasba Shanbhog, French Rocks	With reference to his petition complaining against the alleged irregularities in respect of the withdrawal of the deposit of Rs. 1,500 made by his late father in the Savings Bank account, informs him that the orders conveyed to him in endorsement No. Fl. 4248, dated 4th April 1912, are final and that his further petitions in the matter will not receive any attention.

Serial No.	Proceedings			Subject and Order

23	Fl 367-8—11-14-2 ...	30	Comptr. and Dy. Comr., Mysore	Sanctions a bill for Rs. 2-13-3 received from the Public Prosecutor, Mysore, on account of expenditure incurred by him for taking out execution proceedings against Davood Sab, a debtor to Government.

FINANCIAL SECRETARIAT.
Bangalore, 31st July 1914.

J. S. CHAKRAVARTI,
Financial Secretary.

SECTION 2—SEPARATE REVENUE

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR JULY 1914.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
1	Pol 15 ...	6	First Asst. to the Hon'ble the Resident	States that the rate of still-head duty on country spirit obtaining in the Mysore Territory bordering on each of the British Districts of Dharwar and Canara during the financial year ending 31st March 1914, was at a uniform rate of Rs. 6-5-4 per gallon of proof and of Rs. 4-12-0 per gallon of 25° U. P.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
2	Fl 190-1—S R 174-13-2...	18	Excise Commissioner and Comptroller ...	With reference to the proposal of the Excise Commissioner, for treating the horse allowance drawn by the Senior Inspector of the Central Distillery as local allowance without any liability to maintain a horse, observes that it was irregular on his part to have drawn full horse allowance without the usual certificate and requests the Excise Commissioner to cause the refund of the amount thus irregularly drawn.
3	Fl 285-6—S R 1-11-4 ...	23	Comr. of Stamps and ... Comptr.	Sanctions the purchase of 50 lbs. of orange printing ink and 10 lbs. of nine colors of different inks from Messrs. Richardson Printing Ink Co, and Wilson & Co., respectively at an approximate cost of Rs. 330 for use in the Stamp Manufactory.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
4	Fl 331—S R 178-13-4 ...	25	Commissioner of Stamps	Approves of his action in ordering the cancellation of certain general and court-fee stamp papers issued with incorrect dates from the District Treasury, Kolar and the issue of fresh stamps in exchange for such of them as have been issued by mistake to stamp vendors and private persons.
5	Fl 421—S R 163-13-7 ...	30	Dy. Comr., Shimoga ...	In the matter of the levy of penalty on an insufficiently stamped sale certificate granted by the Assistant Commissioner, Shimoga Division, in favor of one Mahadevappa of Channagiri, observes that, as there is no provision of law to remit the penalty, the amount of minimum penalty should be recovered from the party.
6	Fl 422-3—S R 181-13-2...	30	Ex. Comr. and Dy. Comr., Tumkur	In the matter of Dasara Representative Assembly Subject No. 174 of 1913, *re* payment of monthly rents by excise licensees, observes that Government do not see sufficient reason to alter the existing system under which the amount due by the licensees has to be paid by the 20th of each month to which it relates and which in their opinion allows a reasonable degree of latitude to the contractors.
7	Fl 424-5—S R 177-13-6	30	Comptr. and Comr. of Stamps	Sanctions an estimate for Rs. 283 received from the Chief Electrical Engineer for fixing three motors in the Stamp Manufactory.
8	Fl 442-3—S R 180-13...	31	Ex. Comr. and Dy. Comr., Hassan	With reference to Dasara Representative Assembly Subject No. 172 of 1913, *re* holding conferences to which District Excise Officers and experienced contractors are to be invited to discuss excise subjects, observes that such conferences are not necessary, it being open to contractors themselves to make representations about their difficulties.
9	Fl 444-5—S R 1-14-6 ...	31	Comr. of Stamps and Comptr.	Sanctions the purchase of twelve gallons of lubricating oil at a probable cost of Rs. 20 for the use of the machines in the Stamp Manufactory.
10	Fl 344-5—S R 8-14-2 ...	27	Comptr. and Comr. of Stamps	Sanctions the entertainment of an additional counter on Rs. 12 in the Stamp Manufactory with effect from 1st April 1914 and his retention until orders are passed on the proposal for the reorganisation of the establishment of the Manufactory.

GENERAL AND REVENUE SECRETARIAT.
Bangalore, 31st July 1914.

D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

	Number	Date	To whom sent	
1	Fl 75-6—B 49-13-2 ...	7	Registr. of Co-operative Societies and Comptr.	Requests the Comptroller to admit in audit the excess expenditure of Rs. 3,127 odd incurred by the Registrar of Co-operative Societies in connection with the "Establishment and its Travelling Allowance", "Tour and Postage charges" and "House rent".

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
2	Fl 222-3—B 19-13-29 ...	18	Comptr. and Manager, Bank of Mysore	Authorises the Comptroller to pay to the Bank of Mysore a sum of Rs. 6,548 and odd under the terms of Government Order Fl. 5121-73, dated 12th March 1913, towards a moiety of the working expenses of the Bank and to arrange in future for the payment on 1st July and 1st January every year of a sum of Rs. 5,000 on this account, necessary provision being made in the budget under the head "Mis., Grants-in-aid."
3	Fl 231-3—B 54-13-2 ...	22	Regtr. of Co-operative Societies, Sany. Comr., and Comptr.	Sanctions the transfer of the services of P. Raja Rao, Sanitary Inspector, Chikballapur, to the establishment of the Registrar of Co-operative Societies as a temporary Inspector of Co-operative Societies.
4	Fl 234-7—B 33-11-6 ...	22	Comptr., Insptr. of Agrl. Banks, Dy. Comr., Chitaldrug Dt. and I.-G. Edn.	Approves of the Resolution of the members of the late Agricultural Bank at Talya in the Holalkere Taluk to devote a certain sum out of the surplus funds of the Bank for the construction of a Musafirkhana at the place and the remainder for the extension of the local school building.
5	Fl 278-9—B 37-13-2 ...	22	Compt. and Regtr. of Co-operative Societies	Approves of the amended rules framed by the Registrar of Co-operative Societies to regulate the grant of loans from State funds to Co-operative Societies and directs the publication of the same in three successive issues in the *Mysore Gazette*.
6	Fl 289-91—B 13-13-16 ...	23	Regtr. of Co-operative Societies, Presdt., Ml. Council, Mysore, and Supt., Govt. Press	Conveys sanction to the holding of the 4th Conference of Co-operative Societies on the 23rd, 24th and 25th September 1914, in the Ranga Charlu Memorial Hall at Mysore, allows the Registrar to make his own arrangements as regards accommodation to be arranged for the members of the Dasara Representative Assembly and requests the Superintendent, Government Press, to assist the Registrar as far as possible in the printing work connected with the Conference.

SECTION 4—SALARIES AND ALLOWANCES

TABULAR STATEMENT OF MATTERS OF ROUTINE FOR JULY 1914.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
1	Fl 19—S & A 63-13-102	4	Mr. C. Haudin, retired Dist. Supt. of Police, residing in Benson Town, Bangalore	Informs him that Government are not prepared to grant his prayer for commuting into a lump sum gratuity of Rs. 25 out of his pension of Rs. 225.
2	Fl 20—S & A 274 13 2	4	Mahabub Begam, Mochikere, Mandi Mohalla, Mysore	Informs her that Government cannot recognise her claim for a share in the Mutfirkhat pension of Rs. 10 which has been apportioned equally between her husband, Mir Nasiruddin Ali Khan and his brother, Mir Badiodin Ali Khan.
3	Fl 48-9—S & A 489-13-1	7	Comptr. and Mily. Secy. to H. H. the Maharaja of Mysore	Sanctions the recommendation of the Military Secretary for allowing the Commandant, Imperial Service Transport Corps, the same rates of mileage and batta as are allowed to the Commandants of the Local and the Imperial Service Regiments, pending orders on the general question of revision of the travelling allowance rates now before Government.

Serial No.	Proceedings: Number	Proceedings: Date	Proceedings: To whom sent	Subject and Order
4	Fl 103—S & A 63-13-106	10	B. Jampanna Naik, Palegar, Chitaldrug	Informs him that Government cannot comply with his prayer for the grant of a loan of Rs. 500 to him to enable him to pay up his private creditors, to complete an unfinished house and to meet the expenses of his son's education.
5	Fl 105-6—S & A 480-13-2	10	Comptr. and Rev. Comr.	Sanctions a pension of Rs. 4 to Sheik Davood, late Peon, in the Office of the Revenue Commissioner, and commutes into leave without allowances the period of his seven days' absence without leave.
6	Fl 107-8—S & A 472-13-2	10	Comptr. and I.-G. of Police	Sanctions a pension of Rs. 3-8-0 to Raheem Khan, late 2nd class Police Constable, Bagepalli Taluk.
7	Fl 109-10—S & A 490-13-1	10	Comptr. and Rai Bahadur Mr. A. Sreenivasacharlu, retired Muzrai Supt.	Exempts Rai Bahadur Mr. A. Sreenivasacharlu from personal appearance at the Treasury to receive his pension sanctioned in Government Order dated 9th April 1901.
8	Fl 111-12—S & A 466-13-2	10	Comptr. and Regtr., Ch. Court	Sanctions a gratuity of Rs. 68 to V. Thimmiah, late 1st grade Process Server, First Munsiff's Court, Mysore and declines to treat as qualifying the temporary service rendered by him in the Public Works Department from 12th January 1893 to 31st July 1896.
9	Fl 127-8—S & A 246-13-4	11	Comptr. and Dy. Comr., Kolar Dist. (thro' Rev. Comr.)	Directs, under the circumstances explained, that B. V. Sreenivasamurti, Irrigation Wells Maistry, Kolar, be allowed for the journeys performed by him as Excise Clerk, the travelling allowances admissible to a ministerial official on the same pay as that drawn by an Irrigation Wells Maistry and observes that the Deputy Commissioner should not have used the services of the official in the way he has done without proper authority.
10	Fl 130—S & A 29-13-410	11	I.-G. of Police ...	Returns unsanctioned the travelling allowance bill of the Chikballapur Taluk Police for December 1913, with the observation that, when an officer is given casual leave with permission to be absent from Headquarters, he is not entitled to any travelling allowance even when he is summoned by the officer who granted him permission to rejoin his duty and that the Inspecor's claim in the bill referred to above is therefore inadmissible under Article 621 of Mysore Service Regulation.
11	Fl 133-4—S & A 255-13-5	11	Mr. Ananda Rao S. Sirsi and Comptr.	Declines to sanction the claim of Mr. Ananda Rao S. Sirsi, Revenue Officer, Malnad Improvement, to transport his horse and carriage from Bangalore to Shimoga at State cost, the grant of the concession contemplated in Article 539 of Mysore Service Regulation is inapplicable in cases of transfer.

5	40 ...	7	V. Manikkavelu Mudaliar, Esq., 3, Old Tumkur road, Bangalore	Informs him that the Government will be pleased to permit him to remove certain manganese ore lying at the Chikjajur Station if he is prepared to pay for it at Rs. 2 per ton of the actual quantity railed, subject to a minimum payment in advance of Rs. 900, any balance due by him being forwarded to this office with the railway receipts for the quantity despatched.

Serial No.	Proceedings			Subject and Order
	Number	Date	To whom sent	
6	63 ...	9	Messrs. Katte Venkataramaniah and Abdul Shukur, Corundum contractor, Bychapuram	Forwards license No. 191 granted to them to explore for minerals in the district of Tumkur.
7	64 ...	9	Dy. Comr., Tumkur ...	Forwards a copy of the above for information (with two copies of the license).
8	75 ...	9	The Honourable Hajee Ismail Sait, Esq.	Informs him that if the arrears of rent and local cess due by him for the years 1907, 1908 and 1909 on the Haji Mining Block in the Srinivaspur Taluk granted to him under mining lease No. 115, be not received within six months the Government will, without prejudice to any further action they may take for the recovery of the arrears due, cancel the lease forthwith and confiscate the deposit held in respect of the lease and that they will also not be prepared to favourably consider any further applications from him or those associated with him for mining concessions in the State of Mysore.
9	76 ...	9	Dy. Comr., Kolar ...	Forwads a copy of the above for information.
10	92 ...	11	Syed Abdul Samad, Sugar Factory, Shimoga	Informs him that his application for a prospecting license for corundum over a block of one-fourth square mile of land comprising Survey No. 69 in the village of Neradaguntahalli in the Sidlaghatta Taluk is under the consideration of Government.
11	93 ...	11	B. Mohadeen Sahib, Esq., contractor, Goribidnur	Informs him that the Government will be pleased to renew for a further period of one year with effect from 25th May 1914, his license No. 42 for collecting corundum over the whole of the Sidlaghatta Taluk with the exception of the area comprised in Survey No. 69 in the village of Neradaguntahalli and that the question of the grant of a prospecting license over the said Survey No. 69 will be disposed of on receipt of the report called for from the Deputy Commissioner, Kolar District, regarding the surface right thereof.
12	98 ...	13	D. Shama Rao, Esq., Basavangudi, Bangalore City	With reference to his application dated 6th July 1914 for a further renewal of his prospecting license No. 361, calls for a report of the operations carried on under the license during the year 1913-14.
13	100 ...	13	C. B. Oakley, Esq., Secy., the Peninsular Minerals Co. of Mysore, Ltd., Bangalore	States that the deposit in respect of certain prospecting licenses surrendered by the company will be disposed of on receipt of reports from the Deputy Commissioners as to fulfilment of the terms of those licenses and informs him that prospecting licenses Nos. 410 to 414 obtained by the company last year have all terminated and are liable to be cancelled in the absence of an application for their renewal.
14	102 ...	13	Mr. V. Shivaramiah Chetty, 24, Govindappa Naik St., Madras	Informs him that his license No. 14 for collecting corundum in the Chamrajnagar Taluk will be renewed on his remitting within fourteen days the minimum guaranteed royalty of Rs. 75 due for the period of renewal.
15	105 ...	13	Abdul Khadir, Esq., merchant, 29, Koilla Street, Pallavaram, Changlepet District	Informs him that his application for a prospecting license for a block of one square mile of land in the Hole-Narsipur Taluk will be disposed of on receipt from him of Rs. 140 being the deposit and rent due on the block for one year.

Serial No.	Proceedings: Number	Proceedings: Date	Proceedings: To whom sent	Subject and Order
16	138 ...	18	Secy., Peninsular Minerals Co. of Mysore, Ld., Bangalore	With reference to his application of the 14th instant for the renewals of prospecting licenses Nos. 410 to 414, informs him that the licenses lapsed on various dates between the 8th May and 13th June last, that since then applications have been received from another party for fresh licenses over the areas comprised in licenses Nos. 411 and 412 and are now pending with Government and that, as regards the remaining licenses Nos. 410, 413 and 414, Government are not disposed to favourably consider the question of their renewal unless a definite and satisfactory scheme is put forward for the conduct of active prospecting operations.
17	140 ...	18	R. Vyasa Rao, Esq., Agent, Tata Iron and Steel Co., Ltd., Chamarajapuram, Mysore	Informs him that Government are not at present prepared to grant the prospecting license for iron and manganese ores applied for by him over a block of 4½ square miles of land in the Gubbi Taluk.
18	143-5 ...	20	Rev. Comr., Comptroller, Messrs. McDowell & Co., Madras	Directs the cancellation of the mining lease No. 70, dated 19th August 1886, of the Hunjankere Gold Mining Block in the Seringapatam Taluk granted to Messrs. McDowell & Co., Madras, the appropriation of the deposit of Rs. 1,000 held in respect of the lease towards part of the arrears of assessment and local cess due by the lessees and the writing off the accounts of the balance of the arrears due.
19	146 ...	20	Dy. Comr., Mysore ...	Forwards a copy of the above for information and returns the records connected with the subject.
20	149 ...	20	K. Heerachand, Esq., No.75, Lascar Lines, Bangalore City	With reference to his application, dated 7th June 1913, for a license to collect corundum in the Goribidnur Taluk, enquires if he is now prepared to guarantee the minimum royalty of Rs. 800 offered by him for the right of collecting corundum in the said taluk.
21	150 ...	20	K. Misrilal, Esq., Big building near Siddicatte, Bangalore City	With reference to his application, dated 30th May 1914, for a license to collect corundum in the Goribidnur Taluk for a minimum royalty of Rs. 200 for one year, informs him that the taluk in question had been granted last year for a minimum guaranteed royalty of Rs. 550, that an offer of Rs. 800 has also been received by Government and that the Government are not therefore prepared to consider his present offer of Rs. 200 favourably unless he sufficiently enhances it.
22	156 ...	20	C. F. Baker, Esq., 11, St. Mark's Road, Bangalore	Forwards duly sanctioned a refund bill for Rs. 100 being the deposit held by Government in respect of his cancelled prospecting license No. 301.
23	157 ...	20	A. Achutaraya Mudaliar, Esq., Bangalore	Forwards duly sanctioned a refund bill for Rs. 100 being the deposit held by Government in respect of his cancelled license No. 153.
24	158-59, 163-64, 169-78 & 187-95	22	Holders of certain prospecting licenses and Dy. Comrs. concerned	Cancels certain prospecting licenses and calls on the licensees to submit their claim for refund of the deposit held by Government in respect of the licenses and requests the Deputy Commissioners to furnish reports regarding the restoration of the surface of the lands comprised in the licenses.
25	180 ...	22	R. Vyasa Rao, Agent, Tata Iron and Steel Co., Mysore	Forwards prospecting license No. 421 granted to the Tata Iron and Steel Company, Ld., over a block of 2¾ square miles of land in the Mysore and Nanjangud Taluks.

Serial No.	Proceedings			Subject and Order
